FOREWORD: THE ERASMUS + PROGRAM 2021-2027

Mobility for study 2021/2022 will be governed by the legislation relating to the new seven-year period of the Erasmus program (2021/2027), the operational details of which are not yet known.

The activities and funding provided for in this Call are therefore subject to the definition of the programmatic guidelines by the European Commission as well as the relative signing of the Erasmus 2021/2022 financial agreement between the Erasmus National Agency and Sapienza University of Rome.

Therefore, in case of discrepancy with the provisions referred to in this Call, the provisions of the new Erasmus 2021-27 program will prevail.

The guidelines of the new Erasmus Program could provide for mobility of different duration and typology compared to the previous program.

ART. 1 GENERAL INFORMATION

ART. 1.1 PURPOSE

The Erasmus + program for study purposes allows university students to increase training opportunities, aimed at acquiring the necessary skills to facilitate the transition to the world of work. For this purpose, Erasmus + offers students the opportunity to study abroad for up to 12 months within each cycle / level of study and 24 months for single-cycle degrees, regardless of the number of mobility periods (for example: 2 periods of 6 months or 3 periods of 4 months).

The student selected for mobility obtains the status of Erasmus student, which entails rights and duties enshrined in the [Erasmus student card](#).

The student selected for mobility receives a financial contribution, has the opportunity to follow courses and to use the facilities available at the host institute without further enrollment fees (however local students may also be required to pay contributions). The recognition in career of the activities carried out abroad with positive results, provided that they are previously approved through the Learning Agreement / Change Form, is guaranteed by Sapienza with the approval of the Erasmus Policy Statement (EPS) and the ["Regulations for student mobility and the recognition of periods of study and training abroad"](#)

ART.1.2 PARTICIPATING COUNTRIES

ART. 1.4 MOBILITY TOWARDS SWITZERLAND

Switzerland does not participate in the Erasmus + Program under the same conditions as Program and Partner Countries, that is, it does not receive any funding from the EU for mobility to and from its country. In order to ensure the mobility and cooperation in place, the Swiss Federal Council has developed a transitional solution, the so-called Swiss European Mobility Program (SEMP). This provides that, following the stipulation of specific agreements, Swiss universities will finance the mobility of all incoming and outgoing students (see art.3 "CONTRIBUTIONS AND ECONOMIC BENEFITS").

All the requirements set out in this Call apply to students applying for Swiss campuses (see art. 2. "GENERAL REQUIREMENTS FOR PRESENTING THE APPLICATION AND ADMISSIBILITY").

ART. 2 GENERAL REQUIREMENTS FOR THE SUBMISSION OF THE APPLICATION AND ADMISSIBILITY

ART. 2.1 GENERAL ELIGIBILITY REQUIREMENTS

1. In order to apply for the Call, students must be enrolled in Sapienza, in the academic year 2020/2021, in a bachelor's, master's degree, single cycle master's degree, research doctorate course.
2. The student must have adequate language skills (see art. 2.4 "LANGUAGE REQUIREMENTS").
3. The student will have to renew the enrollment at Sapienza for the academic year 2021/2022 within the deadlines set by the University (see the page <https://www.uniroma1.it/it/pagina-strutturale/studenti> section "University fees"), with the exception of undergraduates, pursuant to art. 13 of the Study Regulations.
5. Students enrolled in the academic year 2020/2021 in the third year or beyond of a Bachelor's Degree Course (I cycle) who plans to graduate by the end of the academic year, can apply for a mobility for the first year of a Master's Degree Course (II cycle), provided that the mobility takes place exclusively in the second semester of the year 2021/2022. If the student applies for an annual mobility, the same will be reduced as per practice. To benefit from the mobility, students must enroll in a Master's Degree Course for the academic year 2021/2022; in no case will the departure be allowed to be brought forward to the first semester.
5. Graduating students in mobility will not be able to graduate before the end of the study period abroad and the recognition of the teaching activity by the Academic Responsible of Mobility (RAM) through the digitized validation procedure to be activated through the Erasmus personal page. .
6. Doctoral students must complete their stay abroad within, and no later than, the end of the legal duration of the doctoral course and must in any case obtain a certificate from the host university to issue a certificate of their activity.

The above provision does not apply to mobility to Switzerland, regulated by the Swiss-European Mobility Program (SEMP).

Previous mobility carried out in the following programs must be considered for calculating the months already used in the same cycle of studies: ICM (International Credit Mobility), Lifelong Learning Program, Erasmus +, Erasmus Mundus Action 1, Erasmus Mundus Action 2.

ART. 2.3 ACADEMIC REQUIREMENTS

1. To be admitted to participate in the selection procedure it is sufficient to have acquired at least 6 credits in career.

MOBILITY LEVELS

- 1 = Undergraduate (Degree);
- 2 = Postgraduate (Master's Degree, Single Cycle);
- 3 = Doctoral (PhD)

PLEASE NOTE:

- In those Universities where the exchange also concerns level 3, 1 place is reserved for those enrolled in PhD courses. In case of application of 2 or more students enrolled in a PhD course, the reserved place is assigned to the one with the highest score. If no application is presented by those enrolled in PhD courses, the reserved place is available for students enrolled in degree courses of level 1 (three-year) and 2 (master's).
- F LILLE102: the study area is 032 (journalism and information), but the University is a prestigious school of political science and international relations and is therefore highly recommended for those enrolled in the "International cooperation and development" and Master's degree courses. "Development Sciences for International Cooperation".
- **The Universities and places available** could be subject to changes with respect to the Call, should changes introduced by partner universities or by European or national bodies regulating the program occur. Before submitting the application, it is recommended to independently inquire about the possibilities of studying at foreign Universities by checking the educational offer on the website of the individual universities.

4. The duration of the mobility indicated in this Call, determined on the basis of inter-institutional agreements between Sapienza and partner University, could vary only for proven educational reasons in the event that the student:

- you start your mobility in the second semester,
- has already benefited from periods of mobility in the same cycle of studies (see Art. 2.2.). In this case, the maximum duration will be reduced to the remaining months with respect to the maximum limit of 12 months for the study cycle and 24 months for single-cycle degrees, subject to authorization by the University site.

5. It will not be possible to guarantee the departure for the 1st semester towards the centers whose deadline for sending student nominations is prior to the publication of the ranking. (art. 14 "TERM OF THE PROCEDURE OF THIS ANNOUNCEMENT").

ART. 5 DIDACTIC ACTIVITIES IN THE FOREIGN UNIVERSITY

1. In the application form, the student must indicate the educational activities he intends to carry out abroad. The activities will be indicative and can be perfected by preparing an official study plan (art. 8 "LEARNING AGREEMENT") which must be approved by the Academic Mobility Manager of the study program (RAM).

It is also necessary to indicate clearly in the "motivation" section of the application form, the STUDY PROJECT (art. 7), which is being evaluated.

2. The activities eligible for mobility are the following:

- Attendance of training activities (courses) and passing of the relevant assessment tests (exams);
- Preparation of the degree and / or doctoral thesis;

- Curricular internship (only if provided for by the teaching system and if carried out within the host University in one of its structures).

3. For information of a didactic nature, the student, after having consulted the training offer of the foreign university, can contact RAM Prof. Giovanna Gianturco:

<https://corsidilaurea.uniroma1.it/users/giovanngianturcouniroma1it>

4. After verifying the effective possibility of mobility abroad, PhD students must agree on the activity to be carried out with the Coordinator of the PhD Program and check insurance coverage with the competent offices.

ART. 7 RANKINGS

ART. 7.1 FORMULATION OF RANKINGS

1. A Commission - made up of TAB staff, teaching staff and a student appointed by the Dean of the Faculty - will evaluate the applications.

2. Two rankings will be drawn up: rankings for the CIVIS alliance Universities and rankings for the other Erasmus + Universities.

The selection will be made according to the evaluation criteria and scores described below and in compliance with the provisions of this announcement.

Deed of appointment and minutes of the works are published at the following links:

<https://web.uniroma1.it/trasparenza/>
<https://web.uniroma1.it/coris/didattica/erasmus/erasmus-news>

EVALUATION ELEMENTS:

1. Academic merit: 0 - 2000 points (criterion applied only to students enrolled in a three-year or master's degree course).

Academic merit is calculated using the following formula:
number of credits acquired / year of course x the weighted average of the marks.

For students enrolled in a master's degree course, 180 CFUs of the three-year career are added to the credits acquired.

For students enrolled in a master's degree course, the course year is determined by adding the 3 years of the three-year career to the year of enrollment (I or II) (e.g. if enrolled in the first year, the course year is 4 ; if enrolled in the second year, the course year is 5).

For out-of-course students enrolled in a master's degree course, in the course year determined as indicated above, the off-course years are added together (eg if out of the course of 1 year, $5 + 1 = 6$).

For off-course students enrolled in a three-year degree course, the course year is determined by adding the off-course years to the natural duration of their career (eg if 1-year off-course, $3 + 1 = 4$).

For students enrolled in a master's degree course, in determining the weighted average of the marks, the weighted average of the three-year career is also taken into consideration. The latter is obtained from the three-year degree mark, according to the following calculation: $31 \times \text{three-year degree mark} / 111$. The result is added to the weighted average of the master's career and then divided by 2.

For those enrolled in a master's degree course who have achieved a three-year degree abroad, the degree mark is fixed at a flat rate of 88/110 (arithmetic mean rounded down, between the minimum and maximum degree marks in Italy).

PLEASE NOTE:

The average of 30 cum laude is calculated as 31; the degree grade 110 cum laude is calculated as 111.

In the calculation of the weighted average and of the acquired credits, the following will not be taken into consideration:

- Exams taken abroad during the Erasmus stay for which the validation procedure has not yet been completed;
- Extracurricular exams pursuant to art. 6 of the RD n. 1269/38 since these exams do not contribute to the achievement of the credits required for the graduation;
- Integrated exams and ADE (elective teaching activities) if the credits relating to all the tests that make up each integrated exam have not been earned;
- "Single course" exams **self** same **not** They were **already recognized** in the Bachelor's or Master's degree course in which the student is enrolled for the current academic year;
- Exams canceled due to lack of prerequisites;
- Exams declared as taken and which are instead only booked and not taken.

2. Language competence: 0 - 2000 points.

linguistic competence is assessed in accordance with the provisions of art. 2.4, with the following scores:

A2 = 50 points; B1 = 500 points; B2 = 1000 points; C1 = 1500 points; C2 = 2000 points.

3. Study project: 0 - 2000 points.

The study project should not be confused with the Learning Agreement, a real study contract that formally commits the student assigned to mobility, La Sapienza and the host University.

The Learning Agreement is governed by art. 8.

For candidates enrolled in a three-year or master's degree course:

The study project is a list of exams that you intend to take in each chosen University.

In the section of the online application called "motivation", it is possible to insert free text for each chosen University. In this section, only the list of foreign exams must be inserted with a clear indication of the correspondence with each Italian exam of one's training path for which one wishes to obtain recognition. Exams, foreign and Italian, must be listed with epigraph (name of the exam) and ECTS / CFU. The epigraph of the foreign exams must be indicated in the same language of study that is intended to be used in the chosen University and subject to verification by the CLA (art. 2.4.1) or exemption (art. 2.4.3).

The study project is evaluated by RAM Prof. Giovanna Gianturco. The evaluation is comparative. The score is unquestionably assigned on the basis of congruity and consistency of the proposed project. 66.66 points are assigned to each CFU. The resulting score is rounded up or down. The foreign exams indicated in the study project must all be delivered in the same mobility semester at the host university.

If the epigraph of the foreign exams listed in the study project does not correspond in terms of language to that tested by the CLA or exempted (pursuant to art. 2.4.3) for the specific University chosen, the project is automatically evaluated as "0".

The project left blank is automatically evaluated as "0".

The following links provide useful information and indications for completing the study project:

- Partner universities for student mobility:

- historical list of exams validated by partner University:

<https://web.uniroma1.it/coris/internazionizzazione/erasmus/storico-esami-italiani-convalidati>

Students who intend to take advantage of the Erasmus mobility to carry out research aimed at drafting the degree thesis, must indicate in the study project the title and topic of the thesis and the name of the supervisor.

PLEASE NOTE:

some partner institutions require the inclusion in the LA of a certain number of ECTS for exams, up to a maximum of 30 for the mobility semester.

For candidates enrolled in a PhD course:

the study project consists solely of indicating the title of the thesis and the subject of the research in the section called "motivation". The study project is assigned a score from 0 to 2000 points, on the basis of a comparative and unquestionable evaluation carried out by RAM Prof. Giovanna Gianturco, regarding the quality of the planned research.

ART. 7.1.1 PUBLICATION OF RANKINGS

Based on the aforementioned criteria, the Commission draws up the provisional ranking (CIVIS and Erasmus + Universities), published to the links:

<https://web.uniroma1.it/trasparenza/>
<https://web.uniroma1.it/coris/didattica/erasmus/erasmus-news>

A list of student matriculation numbers is published at the same links whose applications are excluded from the selection procedure, due to formal or substantive defects, with indication of the reasons for exclusion. The right of access exL. 7 August 1990 n. 241.

Those excluded from the selection procedure are not assigned Universities, not even residual ones.

The provisional ranking becomes definitive if, after 10 days from the date of publication, they are not presented to the Erasmus Departmental Office (erasmuscomunicazione@uniroma1.it), petitions for review.

Revision of the provisional ranking:

The request for revision suspends the starting date of the aforementioned term.

Only clerical or calculation errors are grounds for revision.

The application must be preceded by an informal access pursuant to Law no. 241.

Applications not preceded by informal access are inadmissible and will not be considered.

The requests for review are evaluated by the Commission which within 3 working days and decides their rejection or acceptance.

There are no remedies against the decision.

If the acceptance of the application involves a change in the provisional ranking, this is again published with the appropriate corrections.

After the publication of the provisional ranking corrected as a result of revision, the residual term for the submission of applications begins.

After the deadline for submitting requests for revision, the ranking becomes definitive.

The authority of the Administration to act in self-defense is unaffected.

The final ranking (CIVIS and Erasmus + Universities) is published at the links:

<https://web.uniroma1.it/trasparenza/>
<https://web.uniroma1.it/coris/didattica/erasmus/erasmus-news>

Times and methods of publication of the rankings:

The rankings will be drawn up and published in the following order and with the following names:

- provisional ranking (CIVIS and Erasmus + Universities) first chosen Universities;
- definitive ranking (CIVIS and Erasmus + Universities) first chosen Universities;
- provisional ranking (CIVIS Universities and Erasmus + Universities) second chosen Universities;
- final ranking (CIVIS and Erasmus + Universities) second chosen Universities;

Within these rankings, there will be specific rankings relating to the individual sites, possibly differentiated by study area.

The rankings indicate: identification code of the University, study area, number of places available, registration numbers and total scores of the winners (in red characters), registration numbers and total scores of the eligible non-winners (in black characters).

The matriculation numbers of the candidates excluded from the entire selection procedure or from the specific ranking are not included in the rankings.

Exclusion from a specific ranking but not from the entire selection procedure (the list of those excluded from the entire selection procedure is subject to a specific publication), does not affect the possibility of assigning a seat in the following ranking or in the procedure for residual Universities .

Exclusion from a specific ranking may be due to: wrong study area, wrong level of study, lack of language requirements.

PLEASE NOTE:

In assigning the mobility, with the same score, students who have never benefited from Erasmus mobility for study reasons, Erasmus placement / traineeship, will have priority.

ART. 7.2 ACCEPTANCE OF MOBILITY

The winners, also of the provisional rankings, except for any changes due to revision, are assigned to the seats won.

The assignee is bound to the venue he has won: he must communicate acceptance and cannot be assigned another venue.

The winners must accept the mobility assigned within the following 7 calendar days from the date of the assignment

Failure to comply with the aforementioned term will be understood as a tacit waiver.

The renunciation tacit, or that expressed after acceptance, entails the definitive exclusion of the candidate from the entire selection procedure and there will be no right to be assigned to other Universities.

The definitive assignment of the Erasmus + mobility is subject to the following requirements by the student:

- Formalization of the Learning Agreement on the Erasmus personal page and approval by the RAM;
- Finalization of the financial agreement between the student and Sapienza, according to the indications that will be provided at the time of assignment of the mobility.

Inclusion in the final rankings will not automatically entail the right to carry out the mobility, since the actual assignment will depend on compliance with the didactic constraints / requirements defined by each degree program, by the Faculty and by the assigned University

PLEASE NOTE:

the use of mobility is in any case subject to acceptance by the foreign university which may require further certifications or refuse the application based on its own rules not specified in the interinstitutional agreement signed by Sapienza with the partner University and concerning, by way of example, the organization of its teaching.

ART. 7.3 WAIVER OF MOBILITY AND TAKE OVER

Acceptance of mobility is a serious commitment made by the candidate. Eligible students must therefore limit waivers, after acceptance or at the beginning of the mobility period, to serious and proven cases of force majeure, to be communicated promptly in writing and duly justified to allow the first reserve candidate to take over on time. helpful.

In case of renouncement, the Erasmus Office of the Faculty will proceed to assign the mobility to the next students in the ranking who can then be contacted by email or telephone and be invited to reply within **2 working days**, under penalty of revocation of the mobility.

The places that have become available through renunciation (tacit or express) are assigned to any suitable non-winners, who are in a useful position in the specific ranking (same University and area of study). In the event of a lack of suitable non-winners or, once the chances of taking over have been exhausted, any places still available in the non-saturated Universities are assigned in the next ranking to the candidates who have chosen these Universities.

The system of takeovers described applies until the publication of the final ranking for the second chosen Universities.

Substitutions in the ranking are not subject to publication.

ART. 7.4 RESIDUAL UNIVERSITIES

Premise:

in order to assign as many residual Universities as possible, in compliance with the language requirements established by the partner universities and the training courses of suitable non-winning candidates, the procedure for assigning residual Universities is prepared.

The Universities that, after the publication of the final ranking for the second chosen Universities, are not yet assigned to any candidate are considered residual.

All candidates whose linguistic competence has been assessed with a test at the CLA or through exemption from tests in accordance with art. 2.4.3, and that they are not winners in any of the published rankings.

Those who are the winners of an University in one of the published rankings and who have tacitly or expressly renounced the mobility won are not considered eligible non-winners.

Mobility for residual Universities takes place **exclusively in the second semester**.

A list of suitable non-winning candidates and residual Universities is published at the links:

<https://web.uniroma1.it/trasparenza/>

<https://web.uniroma1.it/coris/didattica/erasmus/erasmus-news>

Eligible non-winners receive to the institutional e-mail address an invitation from the departmental Erasmus Office to choose the residual Universities, by filling in a specific form indicating the Erasmus code of the chosen Universities and the study area. It is possible to indicate up to 5 residual Universities. For the assignment, the order of choices is binding.

The form must be returned to the Erasmus Office: erasmuscomunicazione@uniroma1.it within and no further than 01/07/2021 to allow compliance with the deadlines for the second semester and established by the host universities.

The choice must be made according to the criteria and rules set out in Articles 2.4 and 4, to the extent applicable and not derogated from the specific regulations for residual Universities. In particular, candidates must verify that the chosen Universities have an educational offer compatible with their training path: <https://web.uniroma1.it/coris/internazionalizzazione/erasmus/universita-partner-mobilia-studenti>

The training course can be modified if necessary, according to the methods indicated at the link: <https://web.uniroma1.it/coris/internazionalizzazione/erasmus/come-si-partecipa>

Candidates must also possess the language skills required by the partner institutions, already assessed through the test taken at the CLA, or through the exemption from tests (Article 2.4.3).

- students enrolled in the "International Cooperation and Development" degree courses and "Development Sciences for International Cooperation" Master's degree courses, **they can only choose residual Universities for the study areas: 031 (social and behavioral sciences), 0312 (political sciences and civics), 0314 (sociology and cultural studies). The application, presented by students enrolled in the aforementioned degree courses, for areas other than those mentioned, is not valid. An exception is the application presented for the F LILLE 102 area 032 (journalism and information), which is strongly recommended for those enrolled in the aforementioned degree courses (see note at the bottom of the table "available Universities and places").**
- if the host University requests a specific language certificate, the student must be in possession of it before departure (at the latest during the application phase), otherwise he / she will not be able to take advantage of mobility at that University. With the same score, the site is assigned to the candidate who has already uploaded the language certificate required by the host University in the application.

The choice of residual Universities that does not respect the aforementioned criteria is not valid.

The Erasmus Office, assessing the validity of the choices made, assigns the Universities.

The assignment is made based on the **priority of choice**.

The priority is determined based on the date and time of receipt of the e-mails containing the form with an indication of the chosen Universities.

Candidates who, at the end of the procedure, are not assignees of an University, are not entitled to make other choices.

After the assignment, the candidate receives a notification to the institutional email address and must accept the venue within 7 calendar days.

After acceptance, the assignee remains bound to the won venue which can no longer be changed.

In case of subsequent renouncement, you are not entitled to other choices.

The Universities still available at the end of the procedure remain unassigned.

A ranking is not published for the residual Universities.

No review requests are available.

The right of access is exercised pursuant to Law 241 / '90.

PLEASE NOTE:

some partner sites require the inclusion in the LA of a certain number of ECTS for exams, up to a maximum of 30 for each semester of mobility. Therefore, it is advisable to have ample margin in the definition of the LA, with respect to the requests of the University site.
