The evaluation of linguistic competence, in addition to being a requirement for access to the selection, constitutes an element of evaluation for the ranking (Article 8.1). The lack of an assessment of linguistic competence leads to the impossibility of assigning the relative score and consequently, the exclusion from the entire selection procedure.

PLEASE NOTE: the CLA test or the exemption according to the art. 2.4.3 does not exempt students from respecting the language requirements of the host University, which must be met to enjoy the selected mobility period. If the host University requires a specific language certificate, the student must possess it before the departure (during the application at last). Therefore, in case of equal score, the chosen destination will be assigned to the student who has already uploaded the required language certificate in the application.

ART. 2.4.1 LANGUAGE TESTS

The tests, **for the vehicular languages only, FRENCH, ENGLISH, PORTUGUESE, SPANISH, GERMAN**, will be provided by the CLA, in presence, and the student must present a valid identification document: identity card, passport, driving license (SEE ANNEX 2 INFORMATION FOR ACCESS TO TESTS)

Students who have not already taken tests in the November 2021 or January 2022 sessions, have to book them by choosing date and time from the options in the form available in the online application, according to the following calendar:

The reservation of test is confirmed only after receiveng the notification on the istitutional mail. The student can take the test for a maximum of two languages on the basis of the destination he/she intends to choose in the application, necessarily on the same day, turn and time. It will be possible to take only one test for each language.

The linguistic certification tests are multistage (with threshold) and include

- Multiple choice questions
- Close mode questions
- Drag and drop texts

The test principally covers grammatical knowledge and text comprehension. There won't be speaking and listening sessions. It starts from level A2 and, based on the score obtained, you can move on to the next levels (step by step) up to level C1. The test will last a maximum of 60 minutes (if all four levels have been completed) and no online test simulations will be available.

PLEASE NOTE: there will be no retake sessions.
For those who have already taken tests in the November 2021 or January 2022 sessions, it will not be possible to repeat tests for the same languages.

In each day, there is a maximum of 340 students (170 per turn) and the reservation is possibile until all seats are taken. Therefore, it is highly recommended to proceed promptly to the test reservation to have the highest possibility of choice.

The result of the test (s) of February 2022 will be published on Moodle but will be transferred to the application only if the student opens the form by connecting to this link:
https://relint.uniroma1.it/candidatura/login.aspx
These results will be visible in the application by 25.02.2022.

Students who have already taken the test at the CLA in November 2021 and January 2022 are invited to access the application form to allow the acquisition of the test result by 15/02/2022.

The certification of the linguistic certification test result will be released only to who will join the Eramus+ mobility. This certification, which is not a proper linguistic certification, will be available for downloading in your personal Erasmus page.

Students with disabilities (as per Art. 3 of Bill N. 104/1992) and/or disabilities equal or greater to 66% won't have to take necessarily the computer-delivered language test, by reporting their disabled condition in the reservation form. The CLA will assess the knowledge of the language according to the most suitable procedures for the student needs.
Students with learning disorders (as per Bill N. 170/2010 and DM N. 5669/2011) who require specific aides to complete the test, must indicate this on their language test booking form. Candidates with learning disorders will be given 30% additional time; particular situations will be examined on the basis of the provided certifications.

MOBILITY LEVEL

1 = Undergraduate
2 = Postgraduate
3 = Doctoral

PLEASE NOTE:
- If the exchange concerns the study level 3 as well, 1 place is reserved for the candidate enrolled in a PhD course. In case of candidacy of 2 or more enrolled in a PhD course, the reserved place is assigned to the one with the highest score. If no application is submitted by PhD students, the reserved place is available for students enrolled in degree courses (levels 1 and 2), if included in the exchange agreement.
- **Available places and destinations** are subjected to modifications if the partner universities or national and European organisations regulating the programme introduce variations. Before applying, please independently verify the feasibility of studying at your preferred destinations on the websites of the universities.
- At the moment of publication of the call, the agreements have not already been officially signed, since, as indicated in the new Erasmus+ programme 2021-2027, the agreements must be signed digitally through the network Erasmus Without Papers, still in phase of technical implementation. Therefore, it is possible that some conditions may modify during the final conclusion of the agreement and that not all the students selected may effectively join the mobility and do it in the present conditions. It will be up to Erasmus offices to make sure that this phase will not influence the condition of the students, but **it is still important for the students to be aware that all the available destinations, as they have been published, are under condition**.
- It will not be possible to guarantee the beginning of a mobility period in the 1st semester for destinations that have a deadline (for the submission of student documents) not compatible with the schedule of this call (Art. 14 "END OF PROCEDURE"). In this case, the mobility is postponed, upon notice from the Erasmus Office, to the 2nd semester. If the candidate is not interested in postponing the departure, is considered to have renounced, has no right to be assigned to another destination and the destination is assigned to the first candidate in a useful position in the ranking.

ART. 6 ACADEMIC ACTIVITIES ABROAD

Students must indicate the didactic activities they intend to pursue abroad on the application form.
In particular, it is necessary to clearly indicate in the "motivation" section of the application form, the STUDY PROJECT (see article 8), which is being evaluated.
The indicated activities are not final and may be integrated upon completion of the official Learning agreement (Art. 9 "LEARNING AGREEMENT") that will have to be approved by the Degree Programme Academic Mobility Coordinator (RAM).

Admissible mobility activities are:

- Attendance of courses and passing of the relative exams
- Preparation of the degree thesis and/or doctoral thesis
- Curricular traineeship (only if planned by the study path and if carried out within the host university).
-

For programme and course-related information, after consulting the academic offer of the host university, the students can contact the specific academic coordinator (RAM) Prof. Giovanna Gianturco: https://corsidilaurea.uniroma1.it/it/users/giovannagianturcouniroma1it

PhD students, after having verified their eligibility for a mobility period abroad, must agree on the educational programme abroad with the Coordinator of the PhD Programme in which they are enrolled.

Moreover, they will have to ascertain their insurance coverage with the relevant offices (https://www.uniroma1.it/it/pagina/polizze-assicurative-studenti**).**

ART. 7 APPLICATION

ART. 7.1 DEADLINES AND SUBMISSION

1. **The deadline for submission of the on-line application form is on the 4 March 2022 2.00 pm (Italian time).**
2. the application form is available at the following link: https://relint.uniroma1.it/candidatura/login.aspx

IMPORTANT NOTICE: students enrolled in the following Degree Courses: Development Sciences and International Cooperation [**ordin. 2022**], International Cooperation and Development [**ordin. 2022**], Social Planning for Sustainability, Innovation and Gender Inclusion [**ordin. 2022**], can find information on the application at the link: https://web.uniroma1.it/coris/didattica/erasmus/erasmus-news

3. In order to submit your candidation, it is mandatory to use the university e-mail account **(**cognome.matricola@studenti.uniroma1.it**)**. This will be the only official means used for communications for this call and subsequent procedures, both with La Sapienza and with the host University.

Once the application has been completed, the student will riceive a report of all data inserted as only certificate of the correct submission of the very application. Therefore, it is up to every candidate to verify the receipt of the report, to check that data are correct and in case to communicate promptly possible mistakes to the Faculty Erasmus Administrative Coordinator - Fabrizio Di Lullo erasmuscomunicazione@uniroma1.it

ART. 7.2 DOCUMENTS TO SUBMIT
In order to correctlycomplete the application process, students must fill out all fields of the on-line form and verify the upload of the following documents, which are an integral part of the application:

1. **Scan of a valid identity document** (mandatory).

2. **Any documentation for exemption from language tests** (only in the case referred in the art. 2.4.3 "Exemption from language test")

PLEASE NOTE: Failure to upload the mandatory documents, as well as the lack of truthfulness of the self-certified information, involves exclusion from the selection procedure.

ART. 7.3 "SHORT MOBILITY" APPLICATION FOR STUDENTS
PhD students who intend to apply for the destination available for their level (3) and who want to undertake an Erasmus+ SHORT MOBILITY, are required to delare it in the process of application by putting a "flag" in the appropriate field near the chosen University. If the student will not declare the intention of undertaking a short mobility in the application, the mobility will be considered as long mobility and it must respect the expected requirements (see Art. 3 DURATION)

ART. 8 RANKING

ART. 8.1 RANKING PROCESS

A Commision – composed of TAB and teaching staff, and elected by the Head of the Faculty – evaluates the applications.
1. Separated rankings are prepared: one is made for the CIVIS destinations and the other one for the Eramus+ destiantions.

2. In case of the same score, the students who have never benefitted from an Erasmus+ mobility before, will have the priority.

The selcetion will be done by titles, according to the evaluation criteria and scores described in this call, formalized by the Commision in the minutes and defined in full coherence with the elements object of evaluation.

Appointment of the commission and minutes available atthe followings links:
https://web.uniroma1.it/trasparenza/
https://web.uniroma1.it/disse/erasmus

ELEMENTS OF EVALUATION:

1. **Academic Merit: 0 – 2000 points** (criterion applied only to students enrolled in a Bachelor or Master).
    Academic Merit is calculated with the following formula:
    number of ECTS acquired / year of studies x the weighted average of the marks.

In case of departure in the followinf cycle, the academic merits is still calculated in the basis of the current Bachelor Career.

For students enrolled in a Master Degree Course, the 180 credits of the Bachelor career are added to the credits acquired.

For students enrolled in a Master degree program, the year of the course is determined by adding the 3 years of the Bachelor career to the year of enrollment (I or II): if enrolled in the first year, the year of the course is 4; if enrolled in the second year, the course year is 5.

For out-of-course students enrolled in a Master Degree program, the years out-of- course are added to the year of the course determined as indicated above (e.g. if 1 year out of course, 5 +1 = 6).
For out-of-course students enrolled in a Bachelor Degree program, the year of the course is determined by adding the years out of course to the natural duration of the career (e.g. if 1 year out of course, 3 +1 = 4).

For students enrolled in a Master Degree program, the weighted average of the Bachelor career is also taken into account to determine the weighted average of the marks. The weighted average of the Bachelor career is obtained from the Bachelor graduation mark, according to the following calculation: 31 x Bachelor graduation mark / 111. The result is added to the weighted average of the Master degree career and then divided by 2.
For students of a Master Degree program, who have obtained a three-year degree abroad, the Bachelor graduation mark on a flat-rate basis is 88/110 (arithmetic average rounded down, between minimum and maximum degree mark in Italy).

The average 30 with honors is calculated as 31;the graduation mark 110 with honors is calculated as 111.

PLEASE NOTE: They are not taken into consideration in the calculation of the weighted average and of the acquired credits:
- Exams taken abroad during Erasmus periods that have not been officialised with the validation procedure yet.
- Extracurricular exams (former Art. 6 - Regio Decreto N. 1269/38) as they do not count for CFUs necessary for obtaining the degree.
- integrated exam and ADE (esami integrati e ADE (attività didattiche elettive: elective didactic activities) if the credits concerning all the parts constituing the integrated exam have not been passed.
- Exams for single courses that have not been recognised as part of the degree programme (Bachelors, Masters, one Cycle) for which the student is currently enrolled.
- Cancelled exams due to lack of prerequirements.

- Exams declared to have been taken, but which were only booked and/ or not taken.

2.<u>Linguistic competence</u>: 0 - 2000 points.

The linguistic competence is evalueted according to what is indicated in the art. 2.4, with the following scores: A2= 50 points; B1=500 points; B2=1000 points; C1=1500 points; C2=2000 points.

If the requirements for a destination include different languages and the candidate is competent in them, the score will be given for the principal one spoken in the destination Country.

In case of different titles for the same language, the Commision will take into consideration the one with the higher score.

3. <u>Study project</u>: da 0 a 2000 points.

The study project must not be confused with the Learning Agreement, which is the actual study contract that binds formally the student who benefits from the mobility, La Sapienza and the host (see art. 9).

For candidates enrolled in a Bachelor or Master Degree Programme:

The study project is a list of exams the student would like to take in each chosen destination.

In the section of the online application called "motivation", it is possible to insert free text for each destination chosen. In this section, **only** the list of foreign exams must be entered with a clear indication of the correspondence with each Italian exam for which recognition is to be obtained. The exams, both foreign and Italian, must be listed with an epigraph (name of the exam) and ECTS / CFU. The epigraph of the foreign exams must be indicated in the same language that is intended to be used in the chosen location and that is evaluated through the CLA test or exemption (Article 2.4).

The online application form contains a special section in which to list the foreign exams that you intend to take at each chosen location. This section does not allow to indicate the correspondences with the Italian exams. This section **must also** be completed.

The study project is evaluated by RAM Prof. Giovanna Gianturco. The evaluation is comparative. The score is assigned on the basis of the quality, congruity and consistency of the proposed project. The score for the study project is therefore not attributed exclusively on the basis of the number of credits that make it up. Each CFU is worth 66.66 points. The resulting score is rounded up or down. The foreign exams indicated in the study project must all take place in the same semester of mobility. The number of CFU / ECTS indicated in the study project must correspond to that subsequently entered in the L.A.: minimal decreases are allowed, while for increasing variations there are no limits. However, the exams formalized in the L.A. may differ from those indicated in the study plan.

In the case of application for " departure in the next cycle", when completing the study project, it is necessary to clearly indicate in the motivation which Master's Degree Course you intend to enroll in and the correspondence between the foreign exams and the exams of the master's Degree course .

The study project left blank or filled in in a way that does not correspond to the information available in the call or the links provided, is automatically assigned a score of "0".

Useful information and indcation for filling the study project are available in the following links:

- how to participate: https://web.uniroma1.it/coris/internazionalizzazione/erasmus/come-si-partecipa
- Partner universities for student mobility:

- historical list of validated exams divided by partner University:

Students who intend to benefit from Erasmus+ mobility to accomplish the thesis research must indicate the title and the topic of the thesis and the supervisor in the study project.

For candidates enrolled in a PhD Programme: the study project consists only in indicating the title of the thesis and the subject of the research, in the section called "motivation". The study project is assigned a score from 0 to 2000 points, on the basis of a comparative evaluation carried out by RAM Prof. Giovanna Gianturco, regarding the quality of the planned research. A "0" score is automatically assigned to the study project left blank or filled out in a way that does not meet the indicated criteria.

In case the research project is left blank or filled in a not appropriate way according to the call indications, a score equal to "0" is automatically given.

ART. 8.1.1 PUBLICATION OF THE RANKINGS

The Commission will produce the **rankings** based on the above-mentioned criteria. Rankings will be published on the following links:

https://web.uniroma1.it/trasparenza/
https://web.uniroma1.it/coris/didattica/erasmus/erasmus-news

The rankings are provisional.
If there will be no requests of revision that might modify the rankings, they will be automatically considered final **10 days** after the publication. The requests for revision must be sent to the to the Departmental Erasmus Office (erasmuscomunicazione@uniroma1.it).

Revision of the provisional ranking:
The request for revision suspends the aforementioned term of 10 days.
Revision is possible only for material or calculation errors.
The request must be preceded by an informal access according to L. 7 August 1990 n. 241.
Instances not preceded by informal access are inadmissible and not considered.
The requests are evaluated by the Commission which decides within 3 working days.
No appeals against the decision are given.
If the revision is accepted, the provisional ranking object of modification is published again with the appropriate corrections on the following links:
https://web.uniroma1.it/trasparenza/
https://web.uniroma1.it/coris/didattica/erasmus/erasmus-news

After the publication of the provisional ranking corrected following a revision, the residual deadline for submitting new revisions requests continues to run.
After the deadline for submitting revisions requests, the ranking becomes final.
The Administration can act in self-defense.

Times and methods of publications.:
the documents will be published with the following names and order:
-rankings of CIVIS destinations and Erasmus+ destinations, first and second choices;
-list of residual destinations and list of the candidates eligible to apply;
-eventual update of the list of residual destinations;
- rankings of residual CIVIS destinations and residual Erasmus+ destinations, first and second choices.

Within these, there will be specific rankings relatd to the single Universities, possibly differentiated by study area.

The rankings indicate:

- Universities identification code, study area, number of available places, matriculation numbers and total scores of **the winners (written in red);**
- matriculation numbers and total scores of the eligible but **non-winners (written in black)**;
- matriculation numbers of excluded candidates from the ranking or from the entire selction procedure with relating motivations.

Scrollings of the ranking are not published.

In any case, the displacement of the candidates among rankings is not possible.

ART. 8.1.2 RESIDUAL DESTINATIONS

The residual destinations are the ones which, after the rankings of CIVIS and Erasmus+ destination – first and second choices – have not been assigned yet to any candidates.

Candidates whose application is valid and who are not winners of other destiantions, are eligible to apply for residual destinations.

Eligible candidates receive an excel form to be filled in with a maximum of n. 2 residual destinations. The order of priority is binding for the assignment. For each choice it is necessary to indicate: the Erasmus identification code of the destination, the study area (data obtained from the table "AVAILABLE SEATS AND PLACES"), and the study project (Article 8.1 point 3).

The form must be returned to the Erasmus office (erasmuscomunicazione@uniroma1.it) within 7 days, otherwise it will not be considered valid.

The form filled without respecting the abovementioned indications will not be considered valid.

Each candidate can send **only one** form.

The choice and assignment of residual offices takes place in compliance with the same criteria valid for the main offices.

The ranking for residual locations is drawn up by the Commission in accordance with art. 8.1.

Art. 8.1.1. applyes as far as compatible.

Destinations still available at the end of the procedure remain unassigned.

ART. 8.2 ACCEPTANCE OF THE MOBILITY

Winners, except for any changes of the ranking, are assignee of the destinations.

The asssignee is binded to the won destination: he /she cannot be assigned to another destination.

Winners must accept the mobility within 7 days from the assignment.

The assignment is notified via system email, sent to the institutional mail account.

Missing this deadline will be considered as a silent renunciation.

The renunciation, silent or expressed after acceptance, **entails the exclusion of the candidate from the entire selection procedure:** you will not be entitled to the assignment of other Universities.

The **final** assignment of an Erasmus+ mobility requires:

- Formalization of the Learning Agreement on the personal Erasmus page and its approval by the Academic Coordinator for International Mobility (RAM);
- Finalization of the financial contract between the student and Sapienza, according to the indications that will be provided at the time of assignment of the mobility. It must be done before the start of the mobility, otherwise the student will not be authorized to benefit from the mobilization and he/she will not receive any financial/ insurance covers.

PLEASE NOTE: Presence in the final ranking does not automatically mean the student will enjoy the mobility period, as this depends on the background check conducted by the Faculty and especially on requirements and of the host University. In any case, the student's mobility is subject to acceptance by the foreign Institution (i.e., academic curriculum, language skills) which may require further certificates or reject the application on the basis of regulations that are not specified in the inter-institutional agreement signed with the partner University and concerning, for example, the teaching regulations.

ART. 8.3 REFUSAL OF THE MOBILITY AND REPLACEMENT

The acceptance of the mobility is a serious commitment for the candidate. Thus, selected candidates are expected to limit refusals, after the acceptance or at the beginning of the mobility period, on account of serious and proven matters of force majeure. These motivations must be communicated by email as soon as possible to the Faculty Erasmus office so that the reserve candidate can join the mobility at his/her place. In case of refusal, the Faculty Erasmus Office proposes the mobility to the following candidate in the ranking. This one will be contacted by email and invited to reply within 2 working days. If the candidate does not reply in time or refuses it, the next candidate will be contacted. The mobility is assigned to the candidate who accepts it. The acceptance is regulated by art.8.2.

ART. 9 LEARNING AGREEMENT

Mobility beneficiaries must complete the official Learning Agreement which defines the teaching activity to be carried out abroad and guarantees the recognition of credits obtained by passing the exams / thesis research abroad.

The definition and consequent approval of the L.A. they are mandatory and binding for the mobility, under penalty of exclusion from the mobility itself.

PLEASE NOTE: some partner offices require compulsory in the L.A. a certain number of ECTS for exams, up to a maximum of 30 per semester of mobility, and may not admit students who do not respect the fixed quota. Therefore, PhD students and graduating students who intend to carry out research for thesis are invited to independently verify the availability of the destination to host them.

The L.A. must include exams or didactic activities aimed at obtaining and recognizing a minimum of 6 CFU (3 CFU in case of mobility for thesis research only). The student who does not meet these conditions, if assignee of MUR contribution, is required to fully repay this contribution. Doctoral students are excluded from this limit.

At the end of the mobility, the student will have to start the validation procedure for the recognition of the academic or research activity carried out at the host University. The digitized procedure must be completed exclusively through the Erasmus personal page. Otherwise, the student will be required to refund the total amount of the MUR contribution.

ART. 10 PROCEDURES AND LOGISTICS
