Italy

16<sup>th</sup> October 2018

**Summary: Letter of Appreciation for the Master's degree programme entitled "Clinical Psycho-Sexology"**

To whom it may concern,

I am Professor Kevan Wylie, the President of the European Federation of Sexology (EFS), and I am writing this letter of appreciation in favour of the new Master's degree programme in Clinical Psychology proposed for the year 2019/2020 by "Sapienza University of Rome" together with the "University of Rome Tor Vergata" entitled "Clinical Psycho-Sexology", under the responsibility of Professor Chiara Simonelli and Professor Emmanuele A. Jannini.

Our support as the European Federation derives from the importance of the training project and from the high scientific and educational quality of the course. It will be presented entirely in English Language and will be available to both foreign and Italian students. Furthermore, the absence of such a useful qualification is emphasised in both the public health services and in private practice. The "Clinical Psycho-Sexologist" provides numerous professional opportunities, not only from a purely clinical and research point of view, but also at an institutional and forensic level.

We fully believe that the university program "Clinical Psycho-Sexology" would be a great addition to your educational offer.

Best regards,

Professor Kevan Wylie
