

# TRAINCREASE Workshop

Experimental designs for the study of  
abstract concepts in interaction

Contributions from

**May 23-25, 2022**

Faculty of Psychology—Via  
dei Marsi, 78

## We will learn about:

- What are abstract concepts, and which subcategories they encompass
- Most recent theoretical developments in the literature of abstract concepts
- Interactive experimental designs and statistical methods for the study of abstract concepts

**K. Rohlfing**

**A. Wykowska**

**G. Lupyan**

**M. T. Liuzza**

Hands-on interactive  
sessions with

**A. Borghi, C. Fini & C. Mazzuca**
