## **EDUCATIONAL ACTIVITIES**

---

Prof. Marchisio holds meaningful educational activities as part of his academic role in the fields of International Law, Law of International Organizations, European Union Law, Environmental Law and Space Law.

He has widely promoted the study of the space sciences in the legal field and has spread the knowledge of and interest in outer space law within the academic community and several generations of young people.

His educational activities include, among others: *a*) teaching to different categories of students (Bachelor, Master, PhD); *b*) organizing seminars and conferences for students and practitioners; *c*) supervising PhD students' researches; *d*) promoting the participation of students and young scholars to international projects and colloquia; *e*) giving lectures in the context of educational courses in Italy and in other countries.

Chairman of the **European Centre for Space Law (ECSL)** within the **European Space Agency** (2007- present), he consolidated and improved educational and scientific projects for European young space lawyers, such as the ECSL Summer Course on Space Law and Policy, the European Round of the IISL Manfred Lachs Space Law Moot Court Competition, the Young Lawyers' Symposium, the Practitioner's Forum as well as national workshops and conferences ([www.esa.int/About\\_Us/ECSL\\_European\\_Centre\\_for\\_Space\\_Law](http://www.esa.int/About_Us/ECSL_European_Centre_for_Space_Law)).

Member of the **International Institute for Space Law (IISL, 2000-present)**, he serves in the Board of Directors of the Institute (2013-present). In 2012, on the occasion of the 63<sup>rd</sup> International Astronautical Congress in Naples, he gave the Nandasiri Jasentulyiana Keynote Lecture on Space Law.

Full member of the **International Academy of Astronautics (IAA, 2000-present)**, he actively participates to the projects of the Academy and supports the organization of IAA events in Italy.

He attended a number of workshops, symposia and other events held by a wide range of institutions, including the **National Aeronautics and Space Administration (NASA)**, the **United Nations Conference on Disarmament** in Geneva, the **United Nations Committee on the Peaceful Uses of Outer Space (UNCOPUOS)** and the **Asia-Pacific Space Cooperation Organization (APSCO)**. He joined as speaker the High Level Panel that celebrated, in June 2017 at UNCOPUOS, the 50<sup>th</sup> anniversary of the Outer Space Treaty (OST). He developed the legal aspects of the "Open Universe Initiative" for expanding availability of and accessibility to open source space science data, presented within the process of UNISPACE+50.

Member of the group of educators and experts on outer space law that developed, under the coordination of the **United Nations Office for Outer Space Affairs (UNOOSA)**, an "Education Curriculum on Space Law", as a tool for educational institutions and training initiatives on space law ([www.unoosa.org/oosa/en/ourwork/spacelaw/space-law-curriculum.html](http://www.unoosa.org/oosa/en/ourwork/spacelaw/space-law-curriculum.html)).

In 2016, he gave a course in French on *Les activités spatiales internationales entre droit public et droit privé*, at the **Hague Academy of International Law**, attended by more than 300 students from all over the world.

## **RESEARCH ACTIVITIES AND OUTREACH**

---

Prof. Marchisio has promoted, directed and carried out several scientific research projects on international law themes, with particular emphasis on space law. He always favoured an integrated approach in order to reach multidisciplinary results through a holistic methodology. Public and private institutions have granted several of his projects.

As Director of the Institute of International Legal Studies of the **National Research Council**, he promoted and supervised the research on the “Italian Practice of International Law” (1986-1995), published in VIII volumes and digitalized with the constitution of a database ([www.prassi.cnr.it](http://www.prassi.cnr.it)).

As Team principal, he coordinated the Sapienza Unit for the Project of relevant national interest (PRIN), “The Democratic Principle in the Formation and Implementation of the International and European Economic Law” (2010-2015) funded by the **Italian Ministry of Education**.

His projects were often granted by the **Sapienza University Research Unit**, notably: “The Sustainability of Outer Space Activities” (2012-2015), “Legal Solutions to Foster Sustainable Development Governance” (2014-2017), “The Legal Framework of the Italian participation to the European Space Agency” (2015-present), “Disarmament, Security and Human Rights” (2016-present).

Another important field of research is international cooperation in space matters. He promoted the conclusion of several agreements of cultural and scientific cooperation between Sapienza University of Rome and foreign universities. The last one was the Agreement with the **Harbin Institute of Technology** and the related project on “National Space Law: Analysis and Cooperation between Italy and China” (2015-2017).

Two other projects of space law have been granted by the **Italian Space Agency** (ASI) and are currently carried out under the direction of Prof. Marchisio: a) “Proposal for an Italian Comprehensive Legislation on Outer Space Activities”, with the establishment of an ASI-Sapienza Working Group on a Draft Italian Space Law; b) “Outer Space Law for International Cooperation and Sustainable Development” (2017-present).

He also gave great attention to the international legal aspects of human rights. In this line, the **Italian Ministry of Foreign Affairs and International Cooperation** granted the project “The Role of Women in Peace Processes and in the Resolution of Conflicts for the Protection of Human Rights”, to be implemented under the direction of Prof. Marchisio (2017-present).

## **PROFESSIONAL POSITIONS**

---

Prof. Marchisio combines his educational and research activities with his professional appointments as internationally recognized expert in the fields of International Law and Space Law. He also acts as Italian delegate to various international organizations.

Delegate to the **UNCOPUOS** (1997-Current), where he served as Chairman of the Legal Subcommittee (2004-2006) and Co-chair of the Expert Group D of the Working Group of the Scientific and Technical Subcommittee on the Long-term Sustainability of the Outer Space Activities (LTS) (2010-2014).

Appointed by the UN Secretary General as Member of the **Group of Governmental Experts on Outer Space Transparency and Confidence-Building Measures** (GGE on TCBMs) established by UN General Assembly resolution 65/68 (2011-2013).

In 2018 nominated in the GGE on Practical measures for the **Prevention of an Arms Race in Outer Space** (PAROS) established pursuant UNGA Resolution 72/250 of 24<sup>th</sup> December 2017.

Delegate to the **European Union** (EU) Council's Working Party on Global Disarmament and Arms Control (CODUN, 2007-2015), and to the Working Party on Non-Proliferation (CONOP, 2016-present).

Member of the **EEAS-EU Task Force for the International Code of Conduct on Outer Space Activities** (ICoC). Italian Delegate to the EU consultation and negotiation process on the ICoC (2007- 2015), he was appointed by the **EU High Representative for Foreign Affairs and Security Policy** as Chair of the multilateral negotiations on an ICoC held at the United Nations in New

York, in July 2015.

Italian delegate to the 2001 Cape Town Diplomatic Conference for the adoption of the UNIDROIT (**International Institute for the Unification of Private Law**) Convention on International Interests in High Value Mobile Equipment and Protocol on Aircraft Assets. Chair of the Committee of Governmental Experts entrusted to negotiate the Space Assets Protocol to the Cape Town Convention (2001-2012). Chair of the Commission of the Whole of the Berlin Diplomatic Conference, which adopted in 2012 the Protocol and current Chair of the Space Preparatory Commission, established pursuant to Resolution 1 of the Berlin Diplomatic Conference, to act as Provisional Supervisory Authority for the establishment of the International Registry for Space Assets (2013- present).

Member of the Board of Directors of the **Italian Space Agency** (2014-Current). Member of the Task Force for setting up the Italian Register of the Objects launched in Outer Space (2009-2014).

Member of the **Permanent Court of Arbitration** and of the Specialized Panel of Arbitrators established pursuant to the Optional Rules for Arbitrations of disputes dealing with space matters (2012- present).
