<i>Foreword</i>	xiii
<i>Acknowledgements</i>	xvii
<i>About the author</i>	xix
<i>Abbreviations</i>	xxi
Introduction: Framing the issues	1
1. <i>The multi-faceted nature of climate change</i>	4
2. <i>The human dimension of climate change</i>	5
3. <i>The theoretical framework</i>	6
4. <i>Positive developments</i>	8
5. <i>Overview of chapters</i>	9
PART I	
Legal aspects and human rights framework	13
1 International legal framework governing climate change: A human rights assessment	15
1. <i>Prelude to UNFCCC</i>	19
2. <i>Divisions within the global community</i>	19
3. <i>The United Nations Framework Convention on Climate Change</i>	21
4. <i>Kyoto Protocol, 1997</i>	23
5. <i>Post-Kyoto developments</i>	24
6. <i>Conclusion</i>	35
2 Human rights approaches to environmental protection	37
1. <i>An overview of human rights</i>	39
2. <i>Theoretical framework</i>	44
3. <i>Different approaches to and jurisprudential bases for human rights and the environment</i>	47
4. <i>Pros and cons of using a human rights framework for environmental issues</i>	49

5. *Evolution of a right to environment under international law* 51
6. *Extraterritorial dimension of human rights obligations* 62
7. *Environment (climate) justice as a framework* 64
8. *Conclusion* 66

3 Climate change and human rights: A justice issue? 68

1. *Introduction* 68
2. *Link between climate change and human rights and the report of the UN High Commissioner for Human Rights* 69
3. *Substantive and procedural rights at risk* 75
4. *Identification of rights holders and duty bearers* 86
5. *Procedural rights* 88
6. *Extraterritorial dimension of human rights obligations and climate change* 89
7. *Utility of a stand-alone right to a healthy environment* 91
8. *Climate justice framework* 93
9. *Challenges of using a human rights approach to climate change* 98

4 International environmental law principles and climate change: A rights and justice assessment 100

1. *Introduction* 100
2. *Role of equity and fairness* 102
3. *Principles of international environmental law in the climate regime* 107
4. *Conclusion* 124

5 Mitigation and adaptation through a human rights lens 125

1. *Introduction* 125
2. *Equity, justice and fairness* 127
3. *Climate change mitigation* 128
4. *Adaptation* 141
5. *Conclusion* 150

PART II Human rights and vulnerable groups 153

6 Climate-related migration and “climate refugees” 155

1. *Introduction* 155
2. *Scale of the problem and projections of future refugees* 157
3. *Human rights at risk* 159
4. *Mitigation and adaptation: Climate migrants* 162

5. *What kind of protection is envisaged?* 166
6. *Small island states and displacement* 166
7. *Legal framework* 167
8. *Possible legal framework based on human rights law* 172
9. *Conclusion* 175

7 Forests, REDD and indigenous peoples 176

1. *Introduction* 176
2. *From RED to REDD+ via REDD* 179
3. *Forest governance and human rights* 182
4. *REDD and participatory rights* 184
5. *What is FPIC?* 191
6. *Case law* 193
7. *Conclusion* 196

8 Women, climate change and inequality 198

1. *Women and climate vulnerability* 199
2. *Theoretical framework: International human rights law and CEDAW* 201
3. *UNFCCC and gender* 202
4. *Women and climate change* 209
5. *Conclusion* 216

PART III Human rights implications of international legal issues 219

9 Small island states and their people 221

1. *Small island states, alliances and international action on climate change* 223
2. *The tale of two SIDS: The Maldives and Tuvalu* 227
3. *Challenges for international law* 230
4. *Conclusion* 240

10 Extreme weather events, access to resources and conflict: Implications for international peace and security 242

1. *Human security and climate change* 245
2. *Scarcity of resources, climate migration and conflict* 249
3. *Climate migration* 254
4. *Climate change as a security issue* 256
5. *Extreme weather events and disaster reduction* 260
6. *Conclusion* 264

11 Adjudicating climate change and human rights law	266
1. <i>Introduction</i>	266
2. <i>Cases at international and regional levels</i>	269
3. <i>Loss and damage mechanism</i>	281
4. <i>Role of litigation</i>	283
5. <i>Other possible options: Justice for small island states?</i>	286
6. <i>Conclusion</i>	289
12 Climate change and human rights: Square pegs in round holes?	291
 <i>Bibliography</i>	298
<i>Table of treaties and international instruments</i>	312
<i>Table of cases</i>	315
<i>Index</i>	317
