

Personal Data

Birth: 25/05/1984, Gaeta (LT), Italy

Permanent address:

Citizenship: Italian - Australian

Mobile:

E-mail: igor.poccia@gmail.com

Objectives

Seeking clinical and research experiences to prepare for an international career in academic Plastic and Reconstructive Surgery.

Languages

Italian: mother tongue

English: proficient user in understanding, speaking and writing

French: basic user in understanding, speaking and writing

Instruction

- Secondary School with emphasis on Sciences (Score 100/100), *Leon Battista Alberti Institute*, Minturno (LT), Italy. July 2002
- Medicine Degree, University “*Università Campus Bio-Medico di Roma*”, Rome (RM), Italy (Score 110/110 cum Laude), presenting an “*Experimental study about the role of silanols of silicone breast implants on capsular contracture. Investigation with FTIR/ATR spectroscopy.*”. July 2009
- Medical license and registered to the “*Albo Professionale dei Medici Chirurghi della Provincia di Latina*” (position 3517). February 2010
- Fellowship at General and Breast Surgery Department, *San Giovanni Addolorata of Rome Hospital* (Italy), (Prof. E. Vitelli and Dr. L. Fortunato). September 2010
- Residency in Plastic, Reconstructive and Aesthetic Surgery (Score 60/60 cum laude), (Prof. P. Persichetti). University “*Università Campus Bio-Medico di Roma*”, Rome (RM), Italy. May 2015
- Observership in Plastic, Reconstructive and Microsurgery at *Akdeniz University School of Medicine*, Antalya-Turkey, (Prof. Ömer Özkan and Prof. Koray Coskunfirat). June 2013
- Fellowship in Plastic and Reconstructive Microsurgery at *Shanghai Jiao Tong University, Shanghai – Ninth People Hospital*, (Prof. Yixin Zhang). April 2014
- Fellowship in Reconstructive Microsurgery at *Chang Gung Memorial Hospital, Taipei – Taiwan*, (Prof. Fu Chan Wei). June 2016
- Master Degree in Science in Reconstructive Microsurgery at *Chang Gung Memorial Hospital, Taipei – Taiwan*, (Prof. Fu Chan Wei). June 2016

Professional experience

- Internship in Human Anatomy, Department of Anatomy “*Università Campus Bio-Medico di Roma*”, Rome (Italy), (*Prof. S. Morini and Prof. E. Gaudio*), September 2004 to September 2005
- Internship in Plastic and Reconstructive Surgery Department, “*Università Campus Bio-Medico di Roma*”, Rome (Italy), (*Prof. P. Persichetti*). October 2006 to February 2010
- Fellowship in General and Breast Surgery, First Surgery Department *San Giovanni Addolorata of Rome Hospital*, Rome (Italy), (*Prof. E. Vitelli, Dott. L. Fortunato*). December 2009 to September 2010
- Residency in Plastic and Reconstructive Surgery “*Università Campus Bio-Medico di Roma*”, Rome (Italy), (*Prof. P. Persichetti*), Rome (Italy), July 2010 to May 2015
- Emergency medical service, *Formia ASL Latina* (Italy). April 2012 to July 2012
- Observership in Plastic and Reconstructive Microsurgery at “*Akdeniz University School of Medicine*”, Antalya(Turkey), (*Prof. Ömer Özkan and Prof. Koray Coskunfirat*). January 2013 to June 2013
- Emergency department consultant, *Ventotene emergency department PPI* (Italy), February 2013 to April 2013
- Fellowship in Plastic, Reconstructive Microsurgery at Shanghai Jiao Tong University, Shanghai – Ninth People Hospital, (*Prof. Yixin Zhang*). January 2014 to April 2014
- Emergency department and emergency medical service, *Ventotene emergency department and Sezze Hospital* (Italy). April 2014 to July 2014

- Emergency medical service, *Gaeta (LT) Hospital - Italy*. April 2015 to July 2015
- Fellowship in Reconstructive Microsurgery at *Chang Gung Memorial Hospital*, Taipei (Taiwan), under the direction of *Prof. Fu Chan Wei*, July 2015 to July 2016

Surgical Activity

He performed, to date, more than 1400 certified plastic surgery procedures, including but not limited to:

- General plastic surgery
- Breast surgical oncology
- Body Contouring in post-bariatric patients
- Aesthetic surgery of the breast, of the face and body contouring procedures
- Skin and soft tissue surgical oncology
- Microvascular free tissue transfer for breast reconstruction, head and neck cancer, lower and upper limb trauma
- Lymphatic surgery including lymphovenous anastomosis and vascular lymph node transfer
- Peripheral nerve surgery
