Degree Course in Medicine and Surgery (F course)

Duration: 6 years Goals:

To provide students with the scientific bases and the theoretical-practical preparation needed to work in the medical profession

Graduates in Medicine and Surgery will be able to face the complex problems of modern healthcare, through a holistic approach to the issues of healthy or sick people, also bearing in mind the biological and social environment that they will operate in.

They will develop excellent soft skills and will

Lectures Electives Training (skill lab/ward/outpatien t clinic)

The degree in Medicine and Surgery is valid in the EU and most extra-EU countries (eg the US), since the Italian medical faculties are recognized by the World Federation for Medical Education, through the ANVUR national agency WWW.Wfme.org

Your Path

Clinical Science Practical Trainings Internship for graduation

6°

year

SOFT SKILLS AND MEDICAL HUMANITIES

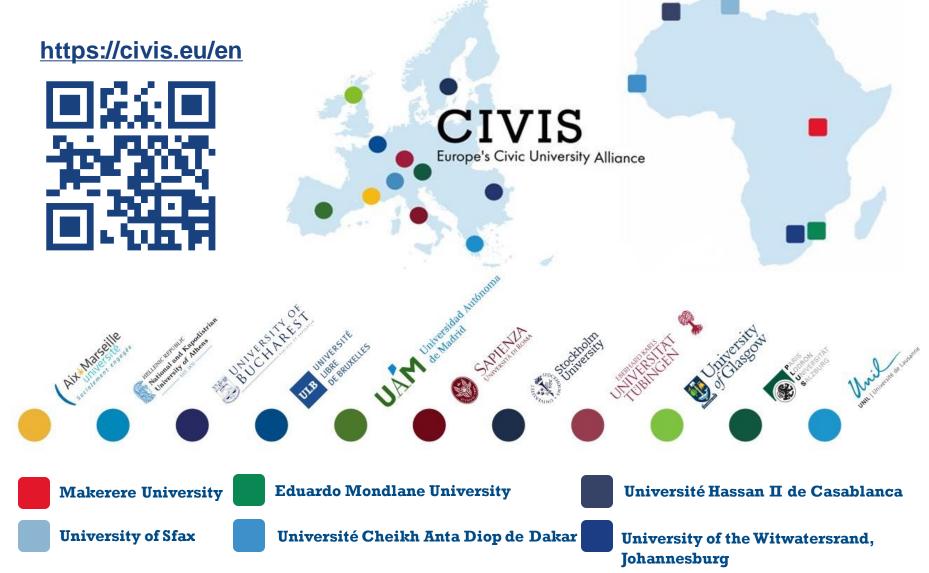

More oportunities for our students

- Italian language courses (in-person and/or online), plus getting together and additional initiatives to help with the learning of Italian language and culture
- Honor path: interdisciplinary teaching activities and internships aimed to involve students in research projects, under the guidance of tutors, clinical and/or laboratory professors
- Fellowships: opportunities for the best senior students to become tutor or collaborate in the administrative and practice of the practice of the senior
- Erasmus+/CIVIS:

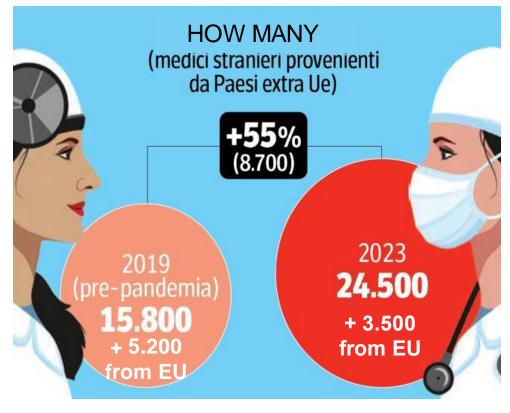

WHERE beyond Sapienza

WHY becoming a MD in Rome,

- International recognition of the degree
- Job opportunities in Italy (residency and Ph programs, medical practice)
- •Oldest universities in the world
- Extremely high quality of living in Italy
- Rome vs norther
