Students enrolled in a research doctorate or in a Specialisation Schools require clearance from the Coordinator of the Doctorate or from the Director of the Specialization school.

Students who intend to conduct research activities for their dissertation must define the subject of their research work, obtain approval from their Italian Thesis Supervisor, specify the name of their foreign supervisor and complete the credit recognition procedure before the degree.

ART. 3 DURATION

1. The duration of the mobility is defined by the interinstitutional agreement stipulated between Sapienza and the partner universities. Periods of study abroad, intended as physical mobility, can start from **1 June 2023**, must end by **30 September 2024** and **must be carried out continuously**. If the duration of the semesters does not coincide with the academic calendar of the foreign institution, the mobility may be subject to reductions with respect to what is foreseen in the call for applications.

2. Mobility can be of **2 types**:

a. Erasmus mobility **LONG MOBILITY** for I, II and III study cycle:

It can be carried out by all those pertaining to the I, II and III study cycle at partner universities (Programme Countries and Partner Countries, see art. 1.3 Participating Countries). Each *long mobility* must have a **minimum** duration of **2 months** and a maximum of 12 or 24 months in the case of a single-cycle programme.

The duration may vary only for proven academic reasons if the student:

- starts the mobility in the second semester
- has already benefited from periods of mobility in the same study cycle (see art. 2.2.). In this case, the maximum duration will be reduced to the remaining months with respect to the maximum limit of 12 months for each study cycle and 24 months for single-cycle degree programmes, subject to authorization by the institution of destination.

b. Erasmus mobility **SHORT MOBILITY** only for PHD STUDENTS:

The *short mobility* can only be carried **out by students enrolled in doctoral programmes**, it must have a minimum duration of **5 days and a maximum of 30 days**, and it must be carried out only in Programme Countries.

The *Short mobility* must always be authorized in advance by the host university (see art. 7.3 "SHORT MOBILITY" APPLICATION FOR PHD STUDENTS).

ART. 4 ECONOMIC CONTRIBUTIONS

1. Mobility contributions **are assigned exclusively for carrying out academic activities in the partner university** (see art. 6 "ACADEMIC ACTIVITIES IN THE FOREIGN UNIVERSITY"). In order to be eligible for Erasmus contributions, the student assigned to the mobility **must**, strictly before departure, **accept the terms of the financial contract** and follow the instructions that will be provided at the time of assignment of the mobility.

ART. 4.1 EUROPEAN UNION CONTRIBUTION

1. The mobility contribution is to be understood as an **economic support for the higher expenses** associated with the stay abroad: therefore, it is not intended to fully cover the expenses incurred.

2. The use of the Erasmus+ grant is incompatible with further grants deriving from other programmes/actions financed by the European Union. The amount of the contribution varies according to:

- A. Type of mobility (Long mobility or Short mobility for PhD students);
- B. Destination Country.

3. The EU contribution intended for "**LONG MOBILITY**" mobility is related to the cost of living in the country of destination and the days of attendance certified by the partner university:

GROUP 3 = cost of living LOW: Bulgaria, Croatia, Estonia, Latvia, Lithuania, North Macedonia, Poland, Romania, Serbia, Slovakia, Slovenia, Czech Republic, Turkey, Hungary.	250.00 euros

<i>Partner Countries</i>	<i>per month</i>
United Kingdom, Switzerland	350.00 euro

The EU contribution for the "**SHORT MOBILITY**" mobility (Programme Countries only), **provided only for PhD students** will be paid on the basis of a daily amount

<i>Duration</i>	<i>day</i>
Mobility " SHORT MOBILITY " for a period between 5 and 14 days	70 euros
Mobility " SHORT MOBILITY " for a period between 15 and 30 days	50 euros

4. In the event that the Erasmus + funds run out or if the student benefits from the simultaneous assignment of other university or EU funding, it will be possible to attribute the status of "**Erasmus zero eu-grant**" to the student: in this way the student will be able to take advantage of the benefits linked to the mobility, without receiving the EU contribution.

ART. 4.2 ERASMUS+ TRAVEL CONTRIBUTIONS

1. As part of Action 1 envisaged by the Erasmus+ 2021/2027 programme, green transport, i.e. travel methods with a low level of CO2 emissions, will be fostered to make international mobility more inclusive and sustainable.

2. A "Travel Grant Green" contribution will therefore be recognized to those who use sustainable means of transport (such as train, car sharing, bus) to reach their destination in Erasmus Partner Countries.
3. The contribution will be recognized at the end of the Erasmus mobility carried out **and will be paid following the presentation of the supporting documents proving the actual green trip.**

Those who undertake a sustainable journey will be awarded: a one-off TOP UP contribution of € **50.00** and a **daily allowance with a value corresponding to the daily amount relating to the monthly grant.** The allowance will be recognized for each day of green travel (both outward and return) necessary in order to reach the destination for a **maximum of 4 days.**

ART. 4.3 SAPIENZA AND MUR SUPPLEMENTARY CONTRIBUTIONS FOR DISADVANTAGED ECONOMIC CONDITIONS

1. In addition to the EU contribution, mobility beneficiaries will be able to receive additional supplementary contributions from Sapienza and the Ministry for University and Research (MUR).

3. **The data must be available on Infostud** before accepting the terms of the Financial Contract and in any case no later than **31.12.2023**. Otherwise, the ministerial quota cannot be assigned.
4. MUR contributions can only be paid if the student has renewed enrolment at Sapienza for the a.y. 2023/2024 unless in the condition of graduating (see art. 2.1, point 4)

IMPORTANT:

- All students and/or doctoral students, who **are exempt for any reason from presenting the ISEE** for the purposes of paying tuition fees, **in order to benefit from the MUR supplementary contribution, they will still have to apply for the ISEE 2023** (ISEE for the right to university study);
 - MUR contributions **will not be paid to students who are enrolled after the first year onwards the regular duration of degree programme (fuori corso)** (for the count, reference will be made to the year of enrollment at Sapienza, even in the case of degree programme transfer).
5. For participants with tax residence abroad, the MUR contribution will be differentiated on the basis of the contribution levels of the country of origin, based on the resolution of the Board of Directors no. 455/2022 of 19.12.2022.

Students who fail to acquire during the mobility the recognition in their career, by 31/12/2023, of at least **6 credits**, reduced to **3 credits** for students who exclusively carry out research activities for the preparation of the thesis, **will be asked to return the MUR contribution possibly already paid** and the cancellation of any additions.

The recognition in the career must be completed exclusively by following the digitized procedures via the Erasmus personal page, which requires validation by the Academic Mobility Manager (see art. 9). The above limits do not apply to **PhD and Specialization students**

3. Students who intend to take advantage of the special needs contribution will receive information on how to apply as soon as the Erasmus+ INDIRE National Agency provides details, the information note will be published on the web page: <http://www.uniroma1.it/erasmus/students-students/erasmus-students-withdisabilities> .

MOBILITY LEVELS

Level 1. Undergraduate (Bachelor's); locations/places for CLM students in Medicine and Surgery, Dentistry and P.D. of the first three years; CdS in Nursing, Obstetrics, Physiotherapy, Occupational Therapy, Neuro and Psychomotor Therapy and of developmental age, Dietetics, Dental Hygiene, Sciences, cultures and gastronomic politics for wellbeing.

Level 2. Postgraduate (Master's, Single-cycle Degree); - locations/places for CLM students in Medicine and Surgery, Dentistry and P.D. of the second three-year period; CLM Nursing and midwifery sciences; CLM Biomedical scientific communication.

Level 3. Doctoral (Specialisation or PhD Programmes)

Destinations and available places could undergo changes should amendments be introduced by the partner universities or by the European or national bodies that regulate the programme. It is recommended **that you independently inquire about the possibilities of studying at foreign campuses by checking the educational offer** on the websites of the individual universities.

4. Furthermore, for agreements that have yet to be stipulated digitally through the Erasmus Without Papers network, as foreseen by the new Erasmus + 2021-27 programme, it is possible that some conditions change during the stipulation phase and that not all selected students can actually take part in the exchange and/or can do so with the conditions set out in this notice. It will be the responsibility of the offices to ensure that this transition phase does not impact, as far as possible, on the selection of students, but it is important that candidates are informed that all locations with available places, as published, **are to be considered as "subject to"**.

5. It will not be possible to guarantee departure for the 1st semester to locations whose deadline for sending student nominations is prior to the publication of the final ranking. (art. 14 "END OF THE PROCEDURE").

6. **When choosing mobility, please pay attention to the language level required for attendance at the host university.** The requirements in the table have been indicated by the individual partner universities. Interested students are however invited to personally investigate the actual correspondence of these requirements with respect to the requested locations.

ATTENTION: Even if the locations do not require a mandatory certificate, a minimum level of linguistic competence provided by the host University is still required, equal to level A2 (as per art. 2.4 Language requirements).

ART. 6 EDUCATIONAL ACTIVITIES IN THE FOREIGN UNIVERSITY

1. In the application form, the student **must NOT** indicate the educational activities he intends to carry out abroad (exams/internships/thesis research, etc.), but is required to consult the educational offer of the locations on foreign websites to consider the coherence between disciplinary area of the host institution and one's own study path and to avoid refunds of contributions due to educational incompatibilities.

2. The activities will be indicative and can be perfected by preparing the official study plan (see art. 9 "LEARNING AGREEMENT") which must be approved by the Academic Responsible for Mobility of the study programme (RAM).

The **activities eligible** for mobility are as follows:

- Attendance of learning activities (courses) and passing of the related assessment tests (exams);
- Preparation of the degree and/or doctoral thesis;
- Curricular internship (only if provided for by the study plan). For information of an educational nature, the student, after having consulted the course catalogue of the foreign university, can contact the promoter of the agreement indicated next to the destination in art. 5 "AVAILABLE DESTINATIONS AND PLACES"
- **Doctoral students** and **students enrolled in Specialization Schools**, after having verified the actual possibility of carrying out the mobility abroad, must agree on the activity to be carried out with the Coordinator of the Doctoral /School of Specialization programmes and verify insurance coverage with the competent offices.

ART. 7 APPLICATION

ART. 7.1 DEADLINES AND SUBMISSION

1. **The deadline for completing the online application form is 6 March 2023 at 2.00 pm (Italian time).**

2. The form is available at the link: <https://relint.uniroma1.it/candidatura/login.aspx>

For technical assistance, it is possible to fill in the Help Desk form, available at the link:

<https://relint.uniroma1.it/candidatura/sendmail.aspx>

3. For the submission of the application, **the use of the institutional e-mail account (surname.matricola@studenti.uniroma1.it) is mandatory.**

The institutional e-mail address will be the only contact used for all communications relating to the Call and subsequent procedures.

4. At the end of completing the application, the student will receive, **at his institutional e-mail address**, the report relating to the data entered **as the only proof of the correct submission of the application**. Each candidate will therefore have to verify receipt of the report, check the accuracy of the data provided and promptly communicate any compilation/receipt errors to the Faculty Erasmus Administrative Manager (RAEF):

Faculty of Pharmacy and Medicine (medical area): luana.girolami@uniroma1.it

Faculty of Medicine and Dentistry: valentina.Bellomo

ART. 7.2 DOCUMENTS TO BE SUBMITTED

1. To correctly complete the application, interested students must fill in all the fields of the *online* form and make sure they **have uploaded** the following **documents, which form an integral part of the application**:

a. a valid **identity document**

b. **Linguistic certification** (only in the case provided for by art. 2.4.2 "LINGUISTIC TEST EXEMPTION")

c. **Form of his own degree course** Available in hard copy at the Faculty Erasmus office or downloadable at the following links:

<https://web.uniroma1.it/trasparenza/bando/199345>

PLEASE NOTE: Failure to upload the mandatory documents, as well as the lack of truthfulness of the self-certified information, will constitute grounds for exclusion.

ART. 7.3 "SHORT MOBILITY" APPLICATION FOR DOCTORAL STUDENTS

1. Doctoral students who intend to apply for the locations intended for them and who intend to carry out an Erasmus+ "SHORT MOBILITY" mobility, are required to declare it in the application phase by placing a flag in the appropriate field corresponding to the selected university.

2. **If the option *short mobility* has not been declared in the application, the mobility will be considered a *long mobility* and must comply with the requirements** (see Art. 3 DURATION).

3. Before starting the mobility, [the Erasmus office of the Faculty](#) must acquire formal confirmation of the "Short mobility" from the host University.

ART. 8 RANKINGS

ART. 8.1 FORMULATION OF THE RANKINGS

1. A Commission composed by the CAM of both Faculties and by the administrative responsables (RAEF) of both Faculties will evaluate all applications.
2. A ranking will be drawn up for each degree course.
3. The selection will be carried out based **on students' academic transcript**, according to the evaluation criteria that will be formalized by the Commission in the settlement report and will in any case be defined in full coherence with the elements being evaluated.
4. The evaluation will not take into account the linguistic proficiency certificates, which will be considered only for the purpose of the assignment of scholarships/locations, according to the linguistic requirement specified by the partner University. Students are required to provide the certificates attesting their knowledge of the language (which are among those recognized and listed in Annex 3) together with the Erasmus application form. Language certificates will NOT be accepted after the call deadline.

Evaluation elements for selection

1° FIRST EVALUATION CRITERIA (exams taken)

Number of exams taken at the time of application until the year of the course in which you enrolled, eligibilities excluded*.

For students enrolled in the Master Degree Courses in Medicine and Surgery it is mandatory to specify the Degree Course (A-B-C-D-E-F). It is also mandatory to fill in the attached form specified by ART.7.2, where students have to confirm the year of first enrollment in the degree course in which they are enrolled at the time of the application, which will be used to calculate the actual years of enrollment.

For those who were previously enrolled in other faculties or other degree courses, it is mandatory to declare the academic year of enrollment in the degree course in which you enrolled at the time of the Erasmus application.

* **Score of exams taken:** The number of exams that the student has taken is divided by the number of exams that the student could have taken at the deadline date of the notice. The fraction is multiplied by the coefficient 5. Eligibilities or partial exams are not taken into account.

2° SECOND EVALUATION CRITERIA (Average grade)

Precise arithmetic average grade (with two decimal places) **of the exams passed**, considering that 30/30 with honours is worth 31.

The average grade is calculated, paying attention to the fact that the value corresponding to 30 cum laude is 31. With reference to this requirement, the overall score is calculated using the following formula: $5 \times (\text{average grade}) / 31$

SCORES ASSIGNED TO THE CRITERIA REQUIRED BY THE CALL

The maximum score achievable by the student is 10, divided as follows:

- ✓ first criteria - maximum score 5
- ✓ second criteria - maximum score 5

PLEASE NOTE: In calculating the arithmetic average and the credits acquired, the following will not be taken into consideration:

- exams taken abroad during the Erasmus stay for which the validation procedure has not yet been completed;
- extracurricular exams pursuant to art. 6 of the Royal Decree n. 1269/38 since these exams do not contribute to the achievement of the credits required for the achievement of the title;
- integrated exams and ADE (elective teaching activities) if the credits relating to all the tests that make up each integrated exam have not been achieved;
- "single course" exams if they have not already been recognized in the Bachelor's degree course, single-cycle Master's degree course or single-course degree course in which the student is enrolled for the current academic year;
- exams cancelled due to failure to comply with the propaedeutic requirements;
- exams declared as taken and which are, on the other hand, only booked and not taken or not booked at all.

For Postgraduates/PhD students will be used the following criteria:

- Year of enrollment, with priority for those closest to the end of the specialization / doctorate
- Final judgment of the previous year
- In case of parity, the judgment of the teacher responsible for the exchange will be considered

In the assignment of the mobility, **with equal scores**, priority will be given to students who have never benefited from Erasmus mobility for study reasons, Erasmus placement/traineeship.

In case of further equality, priority will be given to the student enrolled in the year of the course closest to the degree and in the case of further equal merit, to the oldest in age.

5. On the basis of the criteria indicated above, the Commission will draw up a **provisional ranking which will be published on March 15th, 2023** at the following links:

Faculty of Pharmacy and Medicine:

<https://web.uniroma1.it/trasparenza/bando/199342>

Faculty of Medicine and Dentistry:

<https://web.uniroma1.it/trasparenza/bando/199345>

6. The rankings will be considered final when, 10 natural and consecutive days after its publication, no reviews will have been emailed to the RAEF Luana Girolami and Valentina Bellomo.

Will not be accepted reviews sent by traditional post mail.

Will not be accepted reviews sent after the deadline.

For simple calculation errors (average grade - number of exams - etc.) it is not necessary to appeal; it will be sufficient to contact the RAEF (Dr. Luana Girolami and Dr. Valentina Bellomo) by going to the Erasmus office to verify the data and correct any errors, or by phone or email.

7. The definitive rankings will be published on **31 March 2023** at the following links:

Faculty of Pharmacy and Medicine:

<https://web.uniroma1.it/trasparenza/bando/199342>

Faculty of Medicine and Dentistry

<https://web.uniroma1.it/trasparenza/bando/199345>

ART. 8.2 ACCEPTANCE OF THE MOBILITY

1. The virtual meeting for the assignment of the locations will be held on **April 4th at 9:00 am**. All the students included in the rankings are required to attend.

Please note that students who do not attend this meeting will lose the right to an assignment.

If a student is unable to attend the meeting, it is possible to appoint a delegated person by sending an email to the RAEF with a copy of an identity document of both the student and the delegated person.

2. Selected students must accept their assigned mobility destination within **7 calendar days** from the receiving date of the automatic email of assignment which will be sent to the institutional address of the student.

If candidates won't abide by this deadline it will be considered as a withdraw.

3. For the final assignment of the Erasmus+ mobility, the student must have:

- Completed the *Learning Agreement* on the Erasmus personal page and approved by the RAM;
- Accepted the terms of the Financial Contract between the student and Sapienza, according to the indications that will be provided at the time of the mobility assignment, which must take place **before** the start of the mobility, otherwise **the student will not be authorized** to benefit from the mobility and will not receive any financial coverage, where provided, and insurance coverage.

4. The inclusion in the final rankings will not automatically entail the right to carry out the mobility, since the actual assignment will depend on the compliance with the teaching constraints/requisites defined by each Study Programme, by the Faculty and by the assigned destination.

The mobility is in any case subject to acceptance by the foreign university which could request further certifications or **reject the candidacy on the basis of its own rules** not specified in the interinstitutional agreement signed by Sapienza with the partner university.

ART. 8.3 WITHDRAW FROM THE MOBILITY AND REPLACEMENTS

1. **The acceptance of the mobility is a serious commitment undertaken by the candidate.**

Eligible students will therefore have to limit withdrawals right after the acceptance or at the beginning of the mobility period, and due to serious and proven cases of force majeure, to be communicated in writing and duly justified to allow the first reserve candidate to take over in good time.

The locations still available after the assignment meeting of April 2023 due to lack of students with adequate language certification, will be assigned, by scrolling through the merit ranking, to students who will send the language certifications required by the various remaining universities between 15 June 2023 and 30 June 2023. The valid language certificates are specified in Annex 3.

At the same time, any scholarships previously assigned and returned will also be reassigned.

In the event of further late cancellations, the Faculty Erasmus Office will proceed with the assignment of mobility to subsequent students in the ranking who can then be contacted by email and invited to reply within 4 working days; those who will fail to comply to this deadline will be automatically excluded.

In both these two cases, departures will be scheduled in the second semester.

ART. 9 LEARNING AGREEMENT

1. Mobility beneficiaries must complete the official study plan, the so-called **Learning Agreement (LA)** which **defines the teaching activity to be carried out abroad** and which **guarantees the recognition of the credits obtained** by passing the exams/thesis research abroad.

The definition and consequent approval of the LA are mandatory and binding for the purposes of benefiting from the mobility, under penalty of exclusion from the mobility.

2. The LA must include exams or teaching activities aimed at obtaining and recognizing at **least 6 credits (not less than 3 credits in the case of mobility for thesis research only)**.

3. **Students who do not meet these conditions, if assigned a MUR contribution, will be required to fully return this contribution:** PhD and **Specialization Students** are excluded from this limit.

At the end of the mobility, **the student will have to start the procedure for recognition of the academic or research** carried out at the foreign university. The digitized procedure must be completed **exclusively through the Erasmus personal page**. Otherwise, the student will be required to repay the MUR contribution in full

ART. 10 PROCEDURAL AND LOGISTICAL INFORMATION

1. Before submitting their application, students must consult the information available on the web pages of the host universities in order to formulate the study plan to be carried out at the host university. This information will also be binding for the purpose of assigning the mobility.

To carry out research for Degree, Doctoral or Specialization theses, the project must be agreed in advance with the Italian supervisor and the RAM, on the basis of the agreements established with the professor of the host University.

2. Erasmus students, at the end of the courses, will have to take the exams as required by the host university. The recognition of the educational activities carried out will take place as indicated by the Faculty and by the "Regulations for student mobility and the recognition of periods of study and training abroad". Exams taken abroad must be validated in compliance with any propaedeutic constraints envisaged by the regulations of your degree course.

3. The student must independently inform himself about any accommodation opportunities offered by the host universities. He must also inquire about:

- Health care in the host country, by contacting his ASL or diplomatic missions and consulting the link: <http://www.salute.gov.it/>;
- How to enter the host country, if you are a non-EU citizen, by promptly contacting the respective diplomatic missions (Embassies and Consulates). The legislation and regulations governing the entry of non-EU students into the countries participating in the Erasmus+ Program are linked to the nationality of these students: it is the student's responsibility to collect, with the necessary advance, the information and obtain the documents that will allow the entry and stay in the country of destination.

4. The accident and civil liability insurance that the student automatically benefits from when enrolling at Sapienza is extended, in the same manner, for the entire period of stay abroad at the host institution <https://www.uniroma1.it/it/node/24654>.

However, it is recommended to evaluate the opportunity to take out additional insurance coverage for travel and medical expenses not covered by the European TEAM card. It is also recommended to register on the MAECI website managed by the "Where we are in the world" Crisis Unit

(www.dovesiamonelmondo.it), clearly indicating the requested data: names, city/town, destination university, updated contact details and period of stay.

IN PARTICULAR FOR THE FACULTY OF PHARMACY AND MEDICINE (MEDICAL AREA) AND MEDICINE AND DENTISTRY:

1. Erasmus students are exempted from attendance at lectures and from the ADP / APP related to courses that are held during their mobility; therefore, the teachers concerned are required to examine them by taking into account their attendance abroad (Article 8 of the Regulations).
2. Even in the absence of a perfect correspondance between the study plans of the European Universities involved in the Erasmus Program, the student has the possibility to take exams abroad that correspond only to some parts of our integrated courses (modules), with the obligation to integrate the missing part after returning to Sapienza and **only after the online validation procedure has been completed.**
3. In case of partial exams, in the drafting of the L.A. the student must indicate in the appropriate column the modules that he / she will complete abroad, and the relative partial credits required by the didactic system of his / her course.
4. Erasmus students can take exams abroad in the years subsequent to that of enrollment, subject to compliance with the prerequisites of the course they are enrolled into (eg: a student enrolled in the fourth year can take abroad exams of his/her 5th and 6th year).
5. Erasmus students cannot take the Legal Medicine and Public Health exams abroad.
6. During his stay abroad, the student has the right to return temporarily to take exams at the Sapienza University, only and exclusively during the periods of interruption of the teaching activity established by the host universities and proved through official documentation issued by the foreign branch.
7. The student can take a maximum number of exams abroad corresponding to 60 CFU / year, equal to 30 CFU / semester.
8. With regard to elective internships, CFUs are recognized to the extent required by the teaching system in force. It is important to bear in mind that a maximum of 2 ECTS per year can be assigned for ADE, or 1 per semester and in any case not exceeding those expressly indicated in the regulations.
9. After their return, Erasmus students must take the exams in their own course.
10. Students may decide not to proceed with the validation of one or more exams taken abroad, included in the official "transcript of records" document issued by the host institution. For the cancellation procedure, the student must follow the online procedure available on his personal page.
11. The mark of the internship carried out abroad can count as an exam mark only in cases where the host Faculty recognizes this modality (traineeship with final evaluation) as exclusive for all students, in the absence of normal frontal teaching activities and related formal final exam.

12. The Erasmus experience has been included in the evaluation of the final degree thesis, both for the students of the single-cycle master's degree courses in Medicine and Surgery and Dentistry and Dental Prosthetics, and for the students of the three-year and master's degree courses of Healthcare Professions, for the Degree Course in Gastronomic Sciences, Cultures and Policies for Wellbeing and for the Master's Degree Course in Management of Gastronomic Sciences for Wellbeing, as mentioned in the Student Guides of the individual degree programmes.
Note: In calculating the monthly payments, one month is calculated with the passing of the 16th day of mobility.
13. Students wishing to carry out research activities for degree thesis must indicate the research topic and obtain the approval of the Italian supervisor and the indication of the foreign co-supervisor. The credits provided for the final exam are recognized by the didactic regulations of single-cycle master's degree courses, master's degree courses of health professions and study courses of health professions as follows:
- ✓ for single-cycle Master's degree courses in Medicine and Surgery a maximum of 12 ECTS;
 - ✓ for the single-cycle Master's Degree course in Dentistry and Dental Prosthetics a maximum of 8 ECTS;
 - ✓ for three-year study courses, a maximum of 4 ECTS.
 - ✓ for two-year Master's Degree courses a maximum of 5 ECTS.
14. For students of Medicine and Surgery who benefit of an Erasmus for studies mobility grant during their 5th or 6th year, the practical training activities carried out abroad can be recognized and validated as a Practical-Evaluation Internship for the purposes of the State examination for qualification (TPVES) through the same credit transfer methods currently in force as long as the following conditions are met:
- ✓ Inclusion of the practical-evaluative internships within the Learning Agreement.
 - ✓ Compilation of the evaluation booklet in each field by the Tutor in the host University.
 - ✓ Certification of the completion and evaluation of internships in the Transcript of Records or, if this is not possible, through formal transmission of the certification to the competent Offices (International Relations, Teaching) by the relevant Offices of the host University;
 - ✓ Practical activities relating to local medicine cannot be carried out abroad.
15. It is forbidden for students on the health professions study courses to take the I-II-III year internship exams in Erasmus. Students can carry out a maximum of 90% of the credits related to internships abroad, given that the final exam must be carried out in Sapienza. Therefore, only a part of the internship credits should be reported in the Learning Agreement.
16. Exams partially taken in Erasmus can be integrated into Sapienza only at the end of the mobility period and above all after the conclusion of the online validation procedure. At the end of the online validation procedure, the student will receive an official certificate with the marks of the full and partial exams taken in Erasmus converted into thirtieths by the degree course RAM. The online validation procedure requires that the entire exams are recorded immediately on INFOSTUD, while the partial exams remain pending and can still be booked. To integrate the exam partially taken in Erasmus into Sapienza, the student, after having booked regularly through Infostud, must bring with him, during the exam, the official validation certificate, which shows the marks out of thirty of the partial exams (modules) obtained abroad, to allow the recording teacher to average the various grades and proceed with the overall evaluation. In doing so, the teacher will be able to regularly record the entire exam on INFOSTUD.
