## COMMUNICATION SKILLS

Excellent listening, empathic and communication skills gained through my work experiences at the Port of Civitavecchia. My communication skills have been especially improved both during the year where I attended the European Doctoral School of Demography, and during the different conferences, all over the world, where I gave some speeches explaining my studies to different audiences.

## ORGANISATIONAL / MANAGERIAL SKILLS

Excellent listening and communication skills with people of different nationalities and cultures thanks to my experience with tourists and thanks to my studies at the University.  
Strong ability to work in groups and great organisational skills gained through the organization of some national and international conference and festival participations.  
Great experience to organize my work independently, with responsibility, thanks to my experiences because I have always had to work independently respecting professional goals. Moreover, since I have always worked during my studies, I manage to organize my time perfectly and to coordinate my various engagements.

## COMPUTER SKILLS

Excellent knowledge of Office packages (Word, Excel, Power Point and Publisher); Statistics Software (R, SAS, STATA, SPSS).
