

WEDNESDAY JUNE 17th 2020

**MASTER'S DEGREE IN
Nanotechnology Engineering
a.y. 2020-2021**

NANO-DAY 2020

Presentation to students of the Master Degree a.y. 2020-21
Interactive participation by e-mail invitation to all teachers, speakers, students

All interested students are invited to participate in the online meeting (total duration approximately 1h) where the MS program in Nanotechnology Engineering for the a.y. 2020-21 will be presented. Important players from the world of industrial research and national entrepreneurship interested in nanotechnology will attend the meeting. Ex alumni will also be present to talk about their post-graduate experiences.

Welcome greetings

Marco ROSSI, *President of the MS program in Nanotechnology Engineering*

Ex-alumni post-graduate experiences

Pierluigi MONDELLI, *PhD student @ Oxford University, UK*

Umberto CELANO, *Senior Scientist & Metrology Liaison @ IMEC, Belgio*

The point of view of the job world

Manuel CASALBONI, *Vice president of Ordine degli Ingegneri di Roma*

Sergio D'ALBERTO, *LFoundry*

**Illustration of the study plan a.y. 2020-21: purpose of
the MD and access requirements**

Marco ROSSI, Alessio TAMBURRANO, Francesca APOLLONIO, Carlo
Massimo CASCIOLA

Infrastructures for nanotechnologies in Sapienza

Maria Sabrina SARTO, *Vice Rector to infrastructures and tools for excellence research*

Antonio D'ALESSANDRO, *Director of the Interdepartmental research center on
nanotechnologies applied to engineering of Sapienza (CNIS)*

Students questions

Interactive space dedicated to students for questions and clarifications

End of the meeting
