

**FRIDAY, MAY 21st 2021 (02.00 – 04.00 P.M.)****MASTER'S DEGREE IN
Nanotechnology Engineering
a.y. 2021-2022****NANO-DAY 2021****Presentation to students of the Master's Degree a.y. 2021-22
IN ATTENDANCE & ONLINE MEETING**

All interested students are invited to participate in the meeting where the MS program in Nanotechnology Engineering for the a.y. 2021-22 will be presented. Important players from the world of industrial research and national entrepreneurship interested in nanotechnology will attend the meeting. *Ex-Alumni* will also be present to talk about their post-graduate experiences.

Marco ROSSI - President of the MS program in Nanotechnology Engineering

02:00 Welcome greetings and meeting introduction

Antonio D'ANDREA - *Dean of the Faculty of Civil and Industrial Engineering*

Ersilia BARBATO - *Sapienza Pro-Rector for Educational Activities*

Maria Sabrina SARTO - *Sapienza Pro-Rector for Research*

02.10 Ex-Alumni post-graduate experiences

Andrea RINALDI - *AKKA Technologies, France*

Federica CASTELLANI - *Frank Reidy Research Center for Bioelectrics, USA*

Marco NATALI - *Leonardo Company SpA*

Vittorio VERCILLO - *Lilium, Germany*

Flavio COGNIGNI - *Sapienza University of Rome and Carl ZEISS SpA*

03.00 Nanotechnologies in the job world

Luca MAZZOLA - *Leonardo Company SpA*

Alfredo PICANO - *Labor Srl*

Gianluigi CASSE - *Fondazione Bruno Kessler FBK, Trento*

**03.30 Illustration of the educational path for a.y. 2021-22: purpose
of the MS and access requirements**

Marco ROSSI, Alessio TAMBURRANO, Francesco MARRA, Francesca

APOLLONIO, Carlo Massimo CASCIOLA - *MS Professors*

03.50 Research Infrastructures for nanotechnologies in Sapienza

Antonio D'ALESSANDRO - *Director of the Interdepartmental research center on
nanotechnologies applied to engineering of Sapienza (CNIS)*

At the end, professors and speakers will answer questions posed by students
