

From the webinar series:

Coping with stress: focus on molecular biology mechanisms analyzing preclinical and clinical models

Organized under the auspices of:

WEBINAR #1

STRESS AND EATING DISORDERS

THURSDAY, MAY 20TH, 2021, 15:00 (CEST)

Programme

- 15:00 – 15:10 Welcome and Introduction
Claudio D'Addario (University of Teramo, Italy)
- 15:10 – 15:30 Peter Swoboda (Karolinska Institutet, Sweden)
Title: Modeling human * Binge Eating * in the worm C. elegans
- 15:30 – 15:50 Aron Weller (Bar-Ilan University, Israel)
Title: Animal models of binge eating: searching for neurochemical mechanisms
- 15:50 – 16:10 Marianna Rania (Università Magna Grecia, Italy)
Title: Stress and eating behaviours: which validity for modeling human eating disorders?
- 16:10 – 17:00 Questions and Answers
