

DOTTORATO IN PSICOLOGIA DINAMICA E CLINICA

(Coordinatore: prof. Carlo Lai)

SEMINARIO INTERNAZIONALE - Lunedì 7 dicembre 2020 – ore 10:00-11:30

Personality, Well-Being and Biopsychosocial Interventions

The talk will focus on personality as an important factor in people's resilience and well-being. It will also introduce the biopsychosocial model of personality and biopsychosocial interventions based on the work of C. R. Cloninger and the Anthropedia Foundation. Finally, preliminary results from these biopsychosocial interventions and other interventions among Swedish long-term unemployed populations will be presented and discussed. The projects have been funded by the European Social Fund and FINSAM Blekinge.

Speaker: Danilo Garcia

PhD and Associate Professor in Psychology at the Department of Behavioral Sciences and Learning, Linköping University
