

Sapienza Integrated Platform for phenotypic, functional, and molecular profiles of mouse models

Tariffario uso Microscopio Confocale

The maintenance contract will be covered by competitive operating costs.

The charge for using the immunophenotype service is €15 per hour for faculty member involved in the related project "Grandi attrezzature". The charge for non-faculty member users is €30/hr.

The "IP-Sapienza" will be also available for use by those outside the university (Profit and Non-Profit organizations) with a different rate structure. The charge for Profit members is €80/hr; for Non-Profit members is €50/hr.

The "IP-Sapienza" can also regularly organize in-house courses to teach basic and advanced microscopy, functional and microsurgery methods. The charge of the course is €80 per participant and the costs of the course will be used to cover the operating expenses.

The Department of Anatomy, Histology, Forensic Medicine and Orthopedics of the Sapienza University of Rome, will be responsible to provide the contract to both profit and Non-profit organizations and therefore to collect the costs, as third-Party Account, of the service.
