LEVELS OF MOBILITY

- 1 = Undergraduate (Degree);
- 2 = Postgraduate (Master's degree, single cycle);
- 3 = Doctoral (Specialization School or Research Doctorate)

The venues and available places could undergo changes should changes be introduced by the partner universities or by the European or national bodies that regulate the programme. It is recommended **that you independently inquire about the possibilities of studying at foreign campuses by checking the educational offer** on the websites of the individual universities.

4. Furthermore, for agreements that have yet to be stipulated digitally through the Erasmus Without Papers network, as foreseen by the new Erasmus + 2021-27 programme, it is possible that some conditions change during the stipulation phase and that not all selected students can actually take part in the exchange and/or can do so with the conditions set out in this notice. It will be the responsibility of the offices to ensure that this transition phase does not impact, as far as possible, on the selection of students, but it is important that candidates are informed that all locations with available places, as published, **are to be considered "subject to"**.

5. It will not be possible to guarantee departure for the 1st semester to locations whose deadline for sending student nominations is prior to the publication of the final ranking. (art. 14 "DEADLINE OF THE PROCEDURE OF THE PRESENT NOTICE").

When choosing the mobilities, please pay attention to the language level required for attendance at the host institution. The requirements in the table have been indicated by the individual partner universities. Interested students are in any case invited to personally investigate the actual correspondence of these requirements with respect to the requested locations.

ART. 6 EDUCATIONAL ACTIVITIES IN THE FOREIGN CENTER

1. In the application form, the student must indicate the teaching activities he intends to carry out abroad, verifying in advance the consistency between the disciplinary framework envisaged by the host institution

and that envisaged by his/her own study programme. In the event of an application submitted during the transition from a three-year degree course (1st cycle) to a master's degree course (2nd cycle), it is necessary to consider the academic activities envisaged by the study program relating to the master's degree.

2. The activities will be indicative and can be perfected by preparing the official study plan (see art. 9 "LEARNING AGREEMENT") which must be approved by the Academic Responsible for Mobility of the study program (RAM).

The **activities eligible** for mobility are as follows:

- Attendance of training activities (teachings) and passing of the related assessment tests (exams);
- Preparation of the degree and/or doctoral thesis;
- Curricular internship (only if provided for by the teaching system).
- For information of an educational nature, the student, after having consulted the educational offer of the foreign university, can contact the promoter of the agreement indicated at the headquarters in art. 5 "LOCATIONS AND PLACES AVAILABLE"
- **Doctoral students** and **students**, after having verified the actual possibility of carrying out the mobility abroad, must agree on the activity to be carried out with the Coordinator of the Doctoral Course/School of Specialization and verify insurance coverage with the competent offices.
