ART. 1 GENERAL INFORMATION

ART. 1.1 OBJECTIVES

Erasmus+ individual learning mobility is regulated by the Erasmus+ programme 2021/2027. (EU Regulation no.2021/817 of the European Parliament and of the Council of May 20, 2021 and the Erasmus+ Programme Guide 2021/2027). Through lifelong learning, the Programme promotes educational, professional and personal development of students and promotes sustainable growth, employment, innovation, social cohesion, the strengthening of the European identity and active citizenship.

The Erasmus+ programme also allows participation in non-EU countries, known as Partner Countries. The European countries traditionally included in the Erasmus+ programme are referred to as the Programme Countries.

Erasmus students receive a grant and have the right to:

- attend courses and use the available structures at the hosting institution without further tuition fees (in some cases small contributions might be requested as for local students);
- combine a period of study with a period of traineeship or research for the preparation of the thesis;
- carry out research under the PhD or Specialisation School;

All activities conducted abroad (with a positive outcome) will be fully recognized in the student's career **as long as they were previously approved by the Learning Agreement/Change Form**. Full recognition of activities carried out abroad is one of the commitments undertaken by Sapienza University of Rome with the approval of the Erasmus Policy Statement (EPS) and the "[Regulation for Student Mobility and Recognition of Study and Training Periods Abroad](#)".

Conditions for participation **vary depending on the foreign University, the year of enrolment/attendance, the academic requirements which are regulated by special agreements** about the duration of mobility, the programme of studies and the recognition of academic activities carried out at the foreign office and the number of places available.

Students selected for a DOUBLE DEGREE PROGRAMME may apply for this call only for the seats reserved to this type of programme (see Art. 4 "AVAILABLE DESTINATIONS AND PLACES").

University of Belgrade: Serbia

ART. 2 REQUIREMENTS

ART. 2.1 GENERAL REQUIREMENTS

1. In order to apply to this call students must be enrolled (including part-time students) at Sapienza for **Academic Year 2021/22** in a Bachelor's, Master's, Single-cycle or PhD degree programmes, or Specialisation Schools.
2. In case of Specialisation Programmes, the payment of the Erasmus grant is subject to the compatibility of the specialisation contract with Erasmus grants. Incompatibility still allows participation in the programme, but students will not receive any grant for the mobility period.
3. Students must have **adequate language skills** (see Art. 2.4 "LANGUAGE REQUIREMENTS").

4. Students must **complete their enrolment at Sapienza University for Academic Year 2022/2023 by the established deadlines** (further information: <https://www.uniroma1.it/it/pagina-strutturale/studenti> "University Tuition"), except for graduating students, under Art. 13 of the "Student Regulations". Hence, students who plan to graduate in the extraordinary session Academic Year 2021/2022 do not have to enrol for the A.Y. 2022/2023, but the mobility must be concluded before graduation. In case of missed graduation within the extraordinary session A.Y. 2021/2022, enrolment for the Academic Year 2022/2023 would be required.

5. Students enrolled in the third (or subsequent) year of a Bachelor's Programme (First cycle) in Academic Year 2021/2022, and who expect to graduate by the end of the academic year, may apply for a mobility period for the first year of a Master's Degree (Second cycle). However, the mobility period **must take place in the second semester** of Academic Year 2022/2023. If such students apply for mobility periods longer than a semester, the period will be automatically reduced. Before leaving, students selected under these conditions must be enrolled in a Master's Programme for Academic Year 2022/2023. **Moreover, these students may not, under any circumstance, enjoy their mobility period during the first semester.**

6. Graduating students on Erasmus mobility are allowed to graduate only after the end of their study period abroad and once the online recognition procedure for the educational activity scheduled in the Learning Agreement/ Change Form (exams or thesis research) is completed. If the above requirements are not complied, students have to refund the grant (Article 9 Learning Agreement).

7. **PhD Students** must complete their mobility period before the official end of the Doctoral Programme and obtain a Declaration concerning the activity carried out from the host university.

8. **Specialisation students** must be **authorised** by the Director of their Specialisation School to benefit from a mobility period and also obtain a Declaration concerning the activity carried out from the host university.

ART. 2.2 INCOMPATIBILITY

Students applying to this call may benefit from one or more Erasmus+ mobility grants (Bachelor's, Master's, PhDs) provided **the total period does not exceed 12 months per each cycle**. For Single-cycle degrees **the maximum period is 24 months**.

Any Erasmus mobility carried out in **virtual mode from the country of residence**, will not be counted in the computing of the maximum Erasmus mobility months for each cycle.

Each candidate is responsible for verifying the residual number of Erasmus mobility months for the cycle they are enrolled in and asking for a possible reduction of the mobility period if not compatible. Otherwise the mobility **could be cancelled and the grants already paid must be returned**.

Please note: as per Art. 76 - D.P.R. 28.12.2000 N. 445 "... **whoever provides false declarations, false acts or uses them for the purposes of the present call is liable for punishment as established by legislation and all special bills in this matter.**"

Prior mobility periods that have already been funded during the same study cycle under: ICM (International Credit Mobility), Lifelong Learning Programme, Erasmus+, Erasmus Mundus Action 1 and Erasmus Mundus Action 2 **are included in the calculation of the total number of months spent abroad**.

- no minimum requirement in terms of career grade point average
- number of CFUs not less than 1/5 of those acquired by the candidates up to the date of expiry of the competition (i.e. **a minimum of 12 CFUs for each year of enrolment**)

- cloze questions;
- drag and drop texts.

Tests are mainly focused on grammar knowledge and text comprehension **with no speaking and listening**.

The level starts at A2 and progresses step by step, based on your score, up to level C1. Maximum amount of time permitted is 60 minutes (if you complete all four levels).

Online mock tests are not available.

PLEASE NOTE: there will be no recovery sessions.

Students who have already taken the test in November 2021 or January 2022 cannot retake the test for the same languages.

There will be a maximum of 340 available places per day (170 students per shift) and each shift may be booked as long as places are available.

We recommend you to book your tests as soon as possible to have the widest possible choice in the available dates.

The results of February 2022 session will be published on Moodle, but they will be imported on the application only if students open the form at the following link:
<https://relint.uniroma1.it/candidatura/login.aspx>

The results will be displayed in the application by.....

Particular situations will be examined on the basis of the provided certifications.

All requests must be submitted by the language test registration deadline (see Art.2.4.1. "LANGUAGE TESTS") and will be verified by the Office for Students with Disabilities and Specific Learning Difficulties, which may request official certifications from the National Health Service or accredited specialists and facilities.

ART. 3 DURATION

The length of the mobility is defined by the inter-institutional agreement signed between Sapienza and the partner universities.

The mobility can be started from **June 1, 2022**, to be concluded by **September 30, 2023** and should be performed **continuously**. **The duration could be reduced compared to the call-in case the semester period does not coincide with the academic calendar of the foreign university.**

There are two types of mobility:

1. Erasmus **LONG MOBILITY** for I, II and III study cycle:

It can be carried out by all those belonging to the I, II and III cycle at the partner universities (Programme Countries and Partner Countries, see Art. 1.3 Participating Countries). Each *long mobility* must have a **minimum duration of 2 months (60 days)** and maximum 12 or 24 months (in case of single cycle).

The duration could change only for well-proved academic reasons in which the students:

- Start the mobility in the second semester,
- Have already benefited from mobility periods in the same cycle (Art. 2.2). In this case the maximum length will be reduced to the residual months according to the limit of 12 per cycle and 24 months for single cycle, subject to prior approval of the partner university.

2. Erasmus **SHORT MOBILITY** only for PhD students:

The *short mobility* can be carried out only by students enrolled in a PhD Programme. It must have a **minimum duration of 5 days and maximum 30 days** and it should be performed only in Programme Countries.

The short mobility must always be previously authorised by the host university (see Art. 7.3 APPLICATION "SHORT MOBILITY" FOR PhD STUDENTS).

ART. 4 GRANTS

The determination of grants will be subject to the approval of the agreement with the National Agency Erasmus+ Indire and the University Board of Governors.

Mobility grants **are assigned exclusively for academic activities at the partner university** (see art. 6 "ACADEMIC ACTIVITIES ABROAD"). In order to receive Erasmus grants, the mobility student must accept the terms of the financial contract before departure and follow the instructions that will be provided at the time of the assignment of the mobility.

ART. 4.1. EU GRANTS

Grants must be considered as a contribution to the expenses related to their stay abroad.

Erasmus EU grants are incompatible with grants from other programmes/actions funded by the European Union.

The amount of grants varies according to:

1. Type of mobility (*Long mobility* o *Short mobility* for PhD students);
2. Destination Country.

The EU Grants for "**LONG MOBILITY**", is related to living cost of destination country and to the days of attendance certified by the partner Universities:

--	-------------

Partner Countries

EU Grant reserved to "**SHORT MOBILITY**" (limited to Programme Countries), **only for PhD students** will be paid on the basis of a daily amount

Duration	Daily amount
" SHORT MOBILITY " for a period between 5 and 14 days	70 euro
" SHORT MOBILITY " for a period between 15 and 30 days	50 euro

In case EU funds are depleted, and/or students receive other university or EU grants, students may receive an "Erasmus-Zero-EU-Grant" status that will allow them to enjoy the benefits of the mobility period, but without receiving an EU grant.

ART. 4.2 ADDITIONAL MUR AND SAPIENZA GRANT FOR STUDENTS WITH DISADVANTAGED BACKGROUNDS

In addition to the EU grant, mobility students will receive additional funding from Sapienza and the Ministry of University and Research (MUR).

The MUR grant allocation will be paid **according to the economic conditions of students** who are obliged to prove it through ISEE/ISEE PARIFICATO 2022 (ISEE for right to university study DPCM 159/2013).

The data must be available on Infostud by November 30, 2022 or before the acceptance of the terms of the Financial Agreement. Otherwise the MUR grant cannot be allocated.

IMPORTANT:

- All students and/or PhD students, Specialisation School students **who are exempted from submitting the ISEE** for the payment of fees, **in order to benefit from the MUR Grant, will still have to apply for the ISEE 2022 (ISEE for right to university study);**
- The Sapienza and the MUR grants **will not be paid to irregular students** (beyond the allotted time to attain a degree) from the second year onwards (calculation will take the initial enrolment year at Sapienza into account, also in case of transfer to another degree programme).

Students who do not obtain, by December 31, 2023, the online recognition of at least **6 CFUs** (reduced to **3 CFUs** for students who perform exclusively research activities for the preparation of the thesis), will be required to refund the total grant. Credit recognition must be completed exclusively through the digitised procedures on the Erasmus personal page, which provides for validation by the Academic Coordinator for International Mobility (RAM, Article 9).

The above limits do not apply to **PhD students and Specialisation School students.**

ART. 4.3 ADDITIONAL FUNDING FOR DISABLED STUDENTS AND/OR STUDENTS WITH SPECIAL NEEDS

2. Students must communicate their disability/special need both through their **application form and upon acceptance**, if assigned a mobility period.
3. The above-mentioned selected students will receive information about the application as soon as Indire – the National Agency for Erasmus+ provides details; the relevant note will be published on the webpage <http://www.uniroma1.it/erasmus/studenti-students/erasmus-studenti-diversamente-abili>.
4. The financing of the Grant for special needs will be subject to the allocation of funds from the National Agency Erasmus Plus INDIRE. If financial coverage is not available in full or in part, students will have to bear the costs themselves.

ART. 4.4 TAXATION OF THE ERASMUS + GRANT

Under Article 1, paragraph 50, Law No 208 - 28.12.2015, grants for international mobility are subject to the exemptions provided by Article 1, paragraph 3, Decree-Law N. 105 - 9 May 2003, converted with amendments into Law N. 170 - 11 July 2003, except further amendments.

N.B. The Extra-EU Mobility and International Agreements Department of Sapienza extends the possibility of funding n. 2 grants for the duration of 5 months each (in addition to those indicated above) provided that they are used in a different period / semester of mobility: it is not possible to use, within the same period / semester of mobility of both grants.

The documentation that regulates the path of double degree with the correspondence of the exams (study plan) is available at the Faculty Erasmus Office.

Please note that the double degree pathway requires the attendance of two consecutive semesters at the foreign institution.

MOBILITY LEVELS

1 = Undergraduate (Bachelor's);

2 = Postgraduate (Master's, Single-cycle Degree);

3 = Doctoral (Specialisation or PhD Programmes)

PLEASE NOTE: Available places and destinations listed in the call are subject to modification if the partner universities or national and European organisations regulating the programme introduce variations. Before applying, please independently verify the feasibility of studying at your preferred destinations on the websites of the individual universities.

Moreover, at the time of the publication of the call the agreements are still not officially signed because, as required by the new programme Erasmus+ 2021-2027, agreements should be approved digitally through Erasmus Without Papers, still to be implemented in all Programme Countries. Consequently, some conditions might change during the signing phase and not all the selected students might actually take part in the mobility and/or participate under the same conditions listed in this call. The impact of this transitional phase on student selection will be limited as far as possible. However, it is important that candidates are aware that the availability of all the places published in the call is under condition.

4. It will not be possible to guarantee the start of a mobility period in the 1st semester for destinations that have a deadline (for the submission of the student nomination) that is not compatible with the publication of the final ranking (Art. 14 "END OF PROCEDURE").
- 5.

When choosing mobility, please pay attention to the language level required for attending the host university. The requirements in the table have been indicated by the individual partner Universities. Interested students are however invited to personally investigate the real correspondence of these requirements with respect to the requested locations.

WARNINGS:

For choosing the destinations, students should **refer to the codes of the study areas** of foreign Universities:

ART. 6 ACADEMIC ACTIVITIES ABROAD

Students must indicate the didactic activities they intend to pursue abroad in the Application Form. In addition, they have to consider the coherence between the subject area of the host university and their own course of study. In case of applications submitted in the transition period between a Bachelor's (I cycle) and a Master's Degree (II cycle), students should consider the academic activities scheduled for the Master's Study Plan.

The indicated activities are not final and may be integrated upon completion of the official study plan (Art. 9 "LEARNING AGREEMENT") that will have to be approved by the Degree Programme Academic Coordinator for International Mobility (RAM).

Admissible mobility activities are:

- Attendance of courses and exams;
- Research for graduation and/or doctoral thesis;
- Curricular traineeship (only if relevant to the didactic plan)

After having consulted the course catalogue of the foreign university, students should contact the Agreement Promoter (Art. 4. AVAILABLE DESTINATIONS AND PLACES) for didactic information.

PhD students and candidates enrolled in Specialisation Schools, after having verified their eligibility for a mobility period abroad, must agree on the educational programme abroad with the Coordinator of their PhD Programme/Specialisation School. Moreover, they will have to ascertain their insurance coverage with the relevant offices.

ART. 8 RANKING

ART. 8.1 RANKING PROCESS

1. A Commission, composed of: administrative manager - RAEF, scientific manager - CAM, mobility manager RAM (+ 1 substitute) and a student; appointed by the Dean of Faculty - will evaluate the applications
2. Two rankings will be produced: **one for CIVIS Universities and one for other Erasmus+ destinations**.

The selection process will be based on your **academic transcript** or your **academic transcript and an interview**. Evaluation criteria will be finalized by the Commission during its first meeting and will be defined coherently with the evaluation requirements.

EVALUATION CRITERIA

Academic merit: weighted average rounded to two decimals.

In case of students with the same average, will be selected the ones who have never had the mobility experience.

Linguistic Knowledge:

The following points will be awarded for each certified language:

A2 = 1 point

B1 = 2 points

B2 = 3 points

C1-C2 = 4 points

English, French, German, Spanish, Portuguese mother-tongue = 4 points

Enrolled in university courses in English = 3 points

Study plans:

It is mandatory to fill in at least 3 study plans on the 4 locations to choose from

3 study plans for the 4 selected locations = 6 points

4 study plans for the 4 selected locations = 8 points

Those who have not completed the minimum of 3 required study plans will have a score of 0.

For those applications that have the SAME LOCATION but with DIFFERENT PROMOTER, a study plan will be calculated by agreement (a study plan must be made for each agreement).

PLEASE NOTE: the following do not concur to the calculation of your GPA and CFUs:

- Exams taken abroad during Erasmus periods that have not yet been validated through the online recognition procedure;
- Extracurricular exams (former Art. 6 - Regio Decreto N. 1269/38) as they do not count for CFUs necessary to graduate;
- Integrated exams and elective educational activities (ADE) if the credits related to all the modules of each integrated exam have not been completed yet;
- Exams for single courses that have not been recognised as part of the degree programme (Bachelor's, Master's, Single Cycle) where the student is currently enrolled;
- Exams cancelled due to lack of prerequisites;
- Exams declared as taken, which instead are only or not even booked.

In assigning mobility periods, **in case of identical scores**, priority will be given to students who have never benefited from an Erasmus mobility for study and placement/traineeship.

1. The Commission will produce a ranking of candidates based on the above-mentioned criteria and publish the **provisional ranking** at:

https://web.uniroma1.it/trasparenza/dettaglio_bando/186084

The ranking will be considered final when, 10 natural and consecutive days after its publication, no reviews will have been presented to **the Erasmus Office of Faculty of Architecture - Via Emanuele Gianturco,2.**

The **final ranking** will be published at the link:

https://web.uniroma1.it/trasparenza/dettaglio_bando/186084

ART. 8.2 ACCEPTANCE OF MOBILITY PERIOD

Selected students must accept their assigned mobility destination within 7 calendar days from the date of publication of the final ranking or assignment

Candidates who do not respect this deadline will be excluded.

The final assignment of an Erasmus+ mobility requires students to:

- Submit the necessary documentation;
- Formalise the Learning Agreement to be approved by the Academic Coordinator for International Mobility (RAM) on the personal page;
- Finalise the Financial Agreement between the student and Sapienza, following the directions provided when the mobility is assigned. This step must take place **before** starting the mobility, otherwise **students would not be allowed** to benefit from the mobility and would not receive the funding, where provided, and insurance coverage.

Presence in the final ranking does not automatically mean the student will enjoy the mobility period, as this depends on the background check conducted by the Faculty and host university on requirements and prerequisites.

PLEASE NOTE: **the student's mobility is subject to acceptance by the foreign Institution** which may require further certificates or reject the application on the basis of regulations that are not specified in the inter-institutional agreement signed with the partner University.

ART. 8.3 REFUSAL OF THE MOBILITY AND REPLACEMENT

The acceptance of mobility is a serious commitment for the candidate. Thus, selected candidates are expected to limit refusals, after acceptance or at the beginning of the mobility period, on account of serious and proven matters of force majeure, which must be communicated in writing and duly justified to allow replacement by the first reserve candidate in due time.

In case of renouncement, the Faculty Erasmus Office will proceed to assign the mobility to the next students in the ranking list, who may then be contacted by email and asked to reply within 5 working days, otherwise the mobility will be revoked.

ART. 9 LEARNING AGREEMENT

All students who have accepted their assigned destination must complete an official Learning Agreement (LA) which defines the academic activities to be completed abroad. The LA guarantees the recognition of credits obtained for passed exams and thesis research work conducted abroad.

The completion and approval of the Learning Agreement are mandatory and binding to enjoy your mobility period. Failure to do so will cause your exclusion.

The L.A. must include exams or didactic activities that will ensure the recognition of **at least 6 CFUs (or no less than 3 CFUs only for thesis research)**. Students who do not meet these requirements will be forced to return the MUR funding. This limit does not concern **PhDs and Specialisation students**.

At the end of the mobility, **students must mandatorily start the procedure for the recognition** in their **career of the academic activities or research** carried out at the foreign university. The online procedure must be completed **exclusively through the Erasmus personal page**. Otherwise students shall refund the total MUR grant.

ART. 10 PROCEDURES AND LOGISTICS

In order to prepare their curricular project at the host university, students should carefully examine all available information on the university websites before applying. In fact, this information is binding for the mobility assignment.

For degree, PhD or Specialisation thesis work, students must agree on the project with their Italian Supervisor and Academic Coordinator for International Mobility, based on the agreement with the partner professor at the host university.

At the end of their courses, Erasmus students must take the planned exams following the programmes and procedures provided for students of the host university. Academic activities will be recognized as indicated by the Faculty and the "Regulation for Student Mobility and Recognition of Study Periods and Training

Abroad". Credits for exams taken at host universities must be acquired respecting all the rules and regulations of degree programme curricula.

Students must autonomously acquire information regarding housing opportunities provided by destination universities. Moreover, students are also responsible for informing themselves about:

- Health Assistance in the host country, requesting information from their local health office, diplomatic missions or at the following link <http://www.salute.gov.it>
- Entrance into the host country, timely checking for requirements with embassies and consulates (for non-EU citizens). Laws regulating the entrance of non-EU students in countries participating in the Erasmus+ Programme are based on the nationality of these students. Students are responsible for promptly obtaining information and all the documents needed to be admitted and allowed to sojourn in the destination country from the relevant diplomatic missions.

The civil liability and accident insurance coverage that students get automatically when enrolled at Sapienza is extended with the same procedures for the entire mobility period abroad at the host university <https://www.uniroma1.it/it/node/24654>

However, students are recommended to consider the opportunity of an additional insurance to cover travel and medical costs not covered by the European Health Care Card (TEAM).

It is also recommended to visit the webpage of the [Ministry of Foreign Affairs](http://www.dovesiamonelmondo.it) (www.dovesiamonelmondo.it) and register your stay abroad filling with the required data: name, city/country, host university, updated contact info and period of stay.

ART. 11 CHECKS

As per Article 71 - DPR 445 - 28/12/2000, the university administration will verify all application information through random checks on any candidature application that poses reasonable doubts on the information provided through self-certifications.

Non-compliance of information, declared or self-certified, constitutes a cause of exclusion/forfeiture.

ART. 12 PERSONAL DATA PROCESSING

The protection of personal data is regulated by the new European Regulation n. 679 - 27.4.2016 – GDPR (General Data Protection Regulation) as well as current national legislation.

ART. 13 FINAL AUTHORITY

Under Bill N. 241 - 7.8.1990 and subsequent amendments and integrations, in the framework of the exclusive competence of Sapienza University of Rome, Faculty of Architecture the final authority for this procedure is the Erasmus Administrative Officer:
