PREMISE: ERASMUS+ PROGRAMME 2021-2027

Mobilities for study 2021/2022 will be regulated under the new 7-year Erasmus programme (2021/2027), which operational details are not known yet.

Thus, activities and grants provided in this call are subordinated to the finalization of the programme guidelines by the European Commission as well as the signing of the related Erasmus 2021/2022 financial agreement between the National Erasmus Agency and Sapienza University of Rome.

Consequently, in case of discrepancies with the regulations of this call, regulations of the new Erasmus Programme 2021-27 will prevail.

Guidelines of the new Erasmus Programme might provide mobilities different in duration and typology from the previous programme.

ART. 1 GENERAL INFORMATION

ART. 1.1 OBJECTIVES

The Erasmus+ programme for study allows university students to increase educational opportunities aimed at acquiring the necessary skills to favour their transition to the labour market. To this purpose Erasmus+ provides students with the opportunity of studying abroad up to a maximum total of 12 months per each cycle of study and 24 months for single -cycle study programmes, regardless of the number of mobility periods (i.e.: 2 periods of 6 months or 3 periods of 4 months).

Students selected for a mobility period obtain the “Erasmus Student” status that comes with rights and duties, as established by the [Erasmus Student Charter](#).

Erasmus students receive a grant and have the right to attend courses and use the available structures at the hosting institution without further tuition fees (in some cases small contributions might be requested as for local students). All activities conducted abroad (with a positive outcome) will be fully recognized in the student’s career as long as they were previously approved by the Learning Agreement/Change Form. Full recognition of activities carried out abroad is one of the commitments undertaken by Sapienza University of Rome with the approval of the Erasmus Policy Statement (EPS) and the "[Regulation for Student Mobility and Recognition of Study and Training Periods Abroad](#)".

ART.1.2 PARTICIPATING COUNTRIES

For Academic Year 2021-2022, students may participate in the Erasmus+ Programme for Study at universities in European Union member states and other participating countries (Programme Countries).

The full list of possible destination countries is the following:

- **Member States of the European Union:** Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain and Sweden.
- **Non-EU Programme Countries:** Iceland, Liechtenstein, Norway, Republic of North Macedonia, Serbia, Turkey.

Following the Brexit deal, the British government decided to break the participation of the United Kingdom in the Erasmus+ programme.

ART. 1.3 MOBILITY TOWARDS CIVIS ALLIANCE UNIVERSITIES

Sapienza is a partner of the “CIVIS - A European Civic University” Alliance financed by the European Union. The alliance has been active since October 1, 2019 and includes the following universities:

- Free University of Brussels, www.ulb.ac.be
- University of Tübingen, <https://uni-tuebingen.de/>
- Autonomous University of Madrid, <http://www.uam.es>
- Aix-Marseille Universit, <https://www.univ-amu.fr/>
- National Kapodistrian University of Athens, <https://en.uoa.gr/>
- University of Bucharest, <https://unibuc.ro/>
- University of Stockholm, <https://www.su.se/>

Students who participate in the start of CIVIS mobilities will become part of a European community and will benefit from upgraded services and innovative didactic programmes.

The list of academic coordinators for CIVIS mobility in each Faculty is published on the webpage: <https://www.uniroma1.it/it/pagina/civis-mobility>

The CIVIS Coordinator for the Faculty of **Information engineering, Informatics and Statistics** is Prof. Daniele Gorla. <https://www.di.uniroma1.it/it/docenti/gorla>

ART. 1.4 MOBILITY TO SWITZERLAND

Switzerland does not take part in the Erasmus+ Programme under the same terms as Programme and Partner Countries; therefore, it does not receive any EU funding either for incoming or outgoing mobilities. In order to guarantee existing mobility and cooperation, the Swiss Federal Council has developed a transitional solution, the so-called Swiss European Mobility Programme (SEMP). Under this programme, Swiss Universities finance the mobility of all incoming and outgoing students following the signature of specific agreements (see Art. 3. “GRANTS AND FINANCIAL BENEFITS”). Students applying to Swiss universities must satisfy all the requirements described in this call (see Art. 2 “GENERAL APPLICATION REQUISITES AND ADMISSIBILITY”).

ART. 1.5 DOUBLE DEGREE MOBILITY

Students selected for a DOUBLE DEGREE PROGRAMME may apply for this call only for the seats reserved for this type of programme (see Art. 4 “AVAILABLE DESTINATIONS AND PLACES”).

ART. 2 GENERAL REQUISITES FOR APPLICATION AND ADMISSIBILITY

ART. 2.1 GENERAL ADMISSION REQUIREMENTS

1. In order to apply to this call students must be enrolled (including part-time students) at Sapienza for **Academic Year 2020/21** in a Bachelor's, Master's, Single-cycle or PhD degree programme, or a Specialisation School.
2. In case of Specialisation Programmes, the payment of the Erasmus grant is subject to the compatibility of the specialisation contract with Erasmus grants. Incompatibility still allows participation in the programme, but the student will not receive any grant for the mobility period.
3. Students must have **adequate language skills** (see Art. 2.4 “LANGUAGE REQUIREMENTS”).
4. Students must **complete their enrolment at Sapienza University for Academic Year 2021/2022 by the established deadlines** (further information: <https://www.uniroma1.it/it/pagina-strutturale/studenti> “University Tuition”), except for graduating students, under Art. 13 of the “Student Regulations”.
5. Students enrolled in the third (or subsequent) year of a Bachelor's Programme (First cycle) in Academic Year 2020/2021, and who expect to graduate by the end of the academic year, may apply for a mobility period for the first year of a Master's Degree (Second cycle). However, the mobility period **must take place in the second semester** of Academic Year 2021/22. If such students apply for mobility periods longer than a semester, the period will be automatically reduced. Before leaving, students selected under these conditions must be enrolled in a Master's Programme for Academic Year 2021/2022. Moreover, these students may not, under any circumstance, enjoy their mobility period during the first semester.
6. Graduating **students on an Erasmus mobility period may not graduate before the end of their period of study abroad and before the recognition of the academic activities conducted abroad by**

the **Academic Coordinator for International Mobility (RAM)**, by the online recognition procedure to be started through their Erasmus personal page.

7. **Students enrolled in PhD Programmes** must end their mobility period before the official end of the Doctoral Programme and obtain from the hosting university a Declaration concerning the activity carried out.

8. **Specialisation students** must be **authorised** by the Director of their Specialisation School to apply for a mobility period abroad as part of this call and obtain from the hosting university a Declaration concerning the activity carried out.

ART. 2.2 INCOMPATIBILITY

Students applying to this call may receive one or more Erasmus+ mobility grants (Bachelor's, Master's, PhDs) provided **the total period does not exceed 12 months per each cycle**. For Single-cycle degrees **the maximum period is 24 months**.

This does not apply to mobility periods towards Switzerland which are regulated by the Swiss-European Mobility Programme (SEMP).

Prior mobility periods that have already been funded during the same study cycle under: ICM (International Credit Mobility), Lifelong Learning Programme, Erasmus+, Erasmus Mundus Action 1 and Erasmus Mundus Action 2 **are included in the calculation of the total number of months spent abroad**.

ART. 2.3 ACADEMIC REQUIREMENTS

1 Students applying to this call must be registered -2020-2021- to a Bachelors, Masters or PHD programme at Faculty of Information engineering, informatics and statistics and have achieved at least:

- 36 CFU if registered to the second year of a Bachelors degree programme
- 60 CFU if registered to the third year of a Bachelors degree programme
- 9 CFU if registered to the first year of a Masters degree programme
- 30 CFU if registered to the second year of a Masters degree programme

2. All credits acquired after the application submission, obtained exclusively through exams and **officially registered on Infostud**, will be accepted for the selection process. Students may self-certify exams they have taken, but that have not yet been registered on Infostud, on their application.

Please note: as per Art. 76 - D.P.R. 28.12.2000 N. 445 "... **whoever provides false declarations, false acts or uses them for the purposes of the present call is liable for punishment as established by legislation and all special bills in this matter.**"

ART. 2.4 LANGUAGE REQUIREMENTS

Before completing the on-line application form, each candidate must take the language test at the University Language Centre (Centro Linguistico di Ateneo – CLA). **Students who satisfy the requisites described at Art. 2.4.3 on "LANGUAGE TEST EXEMPTIONS" do not have to take the language test.** The test will verify the language level of each student.

PLEASE NOTE: Students who have already taken the language test for application to the Erasmus+ call 2020-21, but do not intend to benefit from exemption, may choose to take the test again. In such a case, the new score obtained (lower, higher or failed test for the language test which is repeated) will replace the previous result.

Students applying to the Call must have a **minimum A2 language level** Common European Framework of Reference (CEFR) recognised by the European Council <https://www.coe.int/en/web/common-european-framework-reference-languages>

PLEASE NOTE: the CLA test does not exempt students from respecting the language requirements of the host university, which must be respected to enjoy the selected mobility period.

ART. 2.4.1 LANGUAGE TESTS

The tests – **only for FRENCH, ENGLISH, PORTUGUESE, SPANISH, GERMAN** – will be held online at CLA and students must report for the test with a valid form of ID (identity card, passport or driving license) and registration for one of the provided options by selecting date and shift **available in the application form**, according to the following schedule:

ART. 2.4.2 INFORMATION FOR DISABLED STUDENTS AND SERVICES FOR STUDENTS WITH LEARNING DISORDERS.

Students with disabilities (as per Art. 3 of Bill N. 104/1992) and/or disabilities equal or greater to 66% are exempt from the computer-delivered language test. They must indicate this on the language test booking form. The CLA will test student language knowledge on the basis of suitable procedures.

Students with learning disorders (as per Bill N. 170/2010 and DM N. 5669/2011) who require specific aid to complete the test, must indicate this on their language test booking form. Candidates with learning disorders will be given 30% additional time.

Particular situations will be examined on the basis of the provided certifications.

All requests must be submitted by the language test registration deadline (see Art.2.4.1. "LANGUAGE TESTS") and will be verified by the Office for Students with Disabilities and Specific Learning Difficulties, which may request official certifications from the National Health Service or accredited specialists and facilities.

Further information is available at <https://www.uniroma1.it/it/pagina/disabilita-e-dsa> or writing to supportidisabilidsa@uniroma1.it.

Learning disorder certification must refer to official reading/writing/calculation levels. Diagnosis must be updated after 3 years, if it was issued to a minor.

PLEASE NOTE: students with disabilities or learning disorders, who are resident abroad and intend to enjoy the measures described above, must submit certifications issued in their country of residence together with a sworn translation into Italian or English.

ART. 2.4.3 EXEMPTION FROM LANGUAGE TESTS

Students with the following requisites are exempted from the CLA language test, but must still observe minimum requisites required by the host university:

Mother tongue language level corresponds to level C2 of the Common European Framework of Reference for Languages.
- 3) You have an official **certificate for level A2** issued by an agency recognized by CEFR (see Annex 1) for the language/s selected for mobility.

PLEASE NOTE: If the student intends to apply for a host university that requires a higher level than that indicated by the certificate, the student **will have to take the test.**

Language tests taken as part of a degree programme do NOT exempt you from the CLA Test. Similarly, declarations issued by professors, even university professors, and language exams will not be considered valid.

ART. 2.5 OTHER REQUIREMENTS

This announcement is NOT open to students registered in interfaculty courses except for those belonging to the Faculty of Engineering in Information Technology and Statistics, as well students registered to a Master Programme in Nanotechnologies and Master Program in Biomedical engineering at the Faculty of Civil and Industrial Engineering. MUR grants will be assigned on the basis of the 2021 ISEEU Declaration (ISEE for Right to University Studies DPCM 159/2013). **Students who do not acquire at least 6 CFUs by 31/12/2022, will have to return the full amount of funding received.** Credit recognition must be **finalized** through the digital recognition procedure to be started on the Erasmus personal webpage.

In case of mobility **only for “thesis research”**, CFUs must be **no less than 3**. These limits are not valid for **PhDs and Specialisation students**.

Candidates who intend to request MUR integrative funds must request the ISEEU 2021 Declaration to CAFs and authorize its transfer to the INFOSTUD platform. The data must be available on Infostud by October 30, 2021, to be managed for the purposes of the present **call**.

Candidates who cannot request the ISEEU 2021 Declaration (foreign students who are not resident in Italy, foreign students who are resident in Italy but are not independent and have family residing abroad, Italian students residing abroad who are not on the AIRE Register of Italians Residing Abroad) **must request an ISEE-U parificato 2021 Declaration to a CAF and submit it to the Student Affairs Office of their Faculty for registration by October 30, 2021.**

PLEASE NOTE: All students/PhD/Specialisation students **exempt for any reason from submitting ISEEU** in relation to payment of tuition fees, **must anyway request ISEEU 2021 (ISEE for Right to University Studies) in order to benefit from the additional MUR grant.**

In case ISEEU/ISEE-U PARIFICATO is MISSING on the Infostud platform, students will not receive the additional MUR funding

ART. 3.4 ADDITIONAL FUNDING FOR DISABLED STUDENTS AND/OR STUDENTS WITH SPECIAL NEEDS

2. Students must communicate their disability/special need both through their **application form and upon acceptance**, if assigned a mobility period.
3. The above-mentioned selected students will receive information about possible EU grants as soon as Indire – the National Agency for Erasmus+ provides details; the relevant note will be published on the webpage <http://www.uniroma1.it/erasmus/studenti-students/erasmus-studenti-diversamente-abili>.

MOBILITY LEVELS

- 1 = Undergraduate (Bachelor's);
- 2 = Postgraduate (Master's, Single-cycle Degree);
- 3 = Doctoral (Specialisation or PhD Programmes)

Students of the LM Data Science can apply in all groups of agreements excluding group A and C. It is however understood that the agreements of groups B, D, E and F are not specific to Data Science and will be up to the student the verification of the feasibility of the study project based on the educational offer of the host university.

In the case of agreements in which applications of Data Science students are submitted, these will be included in the ranking list together with those of the relevant CDA, unless the maximum number of places that can be assigned to Data Science (and Cybersecurity) students is half of those available. In case of odd number of places the extra one is assigned according to the ranking of merit and in case of parity to the student of the CDA belonging to the agreement.

Students of the LM Cybersecurity can submit their applications in groups B, C and E. It is however understood that the agreements of groups B, C and E are not specific for Cybersecurity and will therefore be the responsibility of the student to verify the feasibility of the study project based on the educational offer of the host university.

In the case of agreements in which applications of students of Cybersecurity are presented, these will be included in the ranking list together with those of the relevant CDA, unless the maximum number of

places that can be assigned to the students of Cybersecurity and Data Science is half of those available. In case of odd number of places the extra one is assigned according to the ranking of merit and in case of parity to the student of the courses belonging to the agreement.

The priority order stated in the application will be a binding criterion for the assignment of the destination if the candidate is eligible for more than one destination.

PLEASE NOTE: Available places and destinations are subject to modifications if the partner universities or national and European organisations regulating the programme introduce variations. Before applying, please independently verify the feasibility of studying at your preferred destinations on the websites of the individual universities.

4. **The mobility period** indicated in this call is based on inter-institutional agreements. These periods may vary only for proven didactic reasons, in case the student:

- Begins the mobility period during the second semester,
- Has already enjoyed periods of mobility during the same cycle of study (see Art. 2.2.). In this case, the maximum mobility period will be reduced to satisfy the upper limit of 12 months per cycle of studies and 24 months for single-cycle degree programmes, in agreement with the host university.
