### ART. 1 GENERAL INFORMATION

#### ART. 1.1 OBJECTIVES

*Erasmus Plus* is the EU programme in the fields of **Education, Training, Youth and Sport** 2014/2020.

The Erasmus+ programme for study allows university students to increase educational opportunities aimed at acquiring the necessary skills to favour their transition to the labour market. To this purpose Erasmus+ provides students with the opportunity of studying abroad totalling up to 12 months maximum per each cycle of study and 24 months in one-cycle study programmes, regardless the number of mobility periods (i.e.: 2 periods of 6 months or 3 periods of 4 months). Erasmus students will receive a grant and may attend courses and use the available structures **without further registration fees** (in some cases small contributions might be requested as for local students). **All activities abroad (with a positive result) will be fully recognized** provided they are approved by the Learning Agreement/Change Form.

Full recognition of activities carried out abroad is one of the commitments undertaken by Sapienza University of Rome by approving the Erasmus Policy Statement (EPS) and the "Regulation for Student Mobility and Recognition of Study and Training Periods Abroad." (Rectoral Decree Prot. n. 34218 - 13.05.2015).

## **ART.1.2 PARTICIPATING COUNTRIES**

During the Academic Year 2018-2019, students may participate in the Erasmus+ Programme for Study at universities in European Union member states and other participating countries (Programme Countries). The full list of possible destination countries is the following:

- **Member States of the European Union:** Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden and United Kingdom.
- **EFTA/EEA Countries:** Iceland, Liechtenstein and Norway;
- **EU candidate countries:** Turkey and the Republic of Macedonia.

## **ART. 1.3 MOBILITY TO SWITZERLAND**

Switzerland does not take part in the Erasmus+ Programme under the same terms as *Programme* and *Partner Countries*, namely it does not receive any UE financing for in-coming and out-going mobilities.

To the purpose of guaranteeing existing mobility and cooperation, the Swiss Federal Council developed a transitional solution, the so-called *Swiss European Mobility Programme* (SEMP). Under this programme, Swiss Universities finance the mobility of all in-coming and out-going students by signing specific agreements (see Art. 3.6 "Grant").

Students applying for Swiss universities are required all the requirements envisaged by this call ("see Art. 2. Requirements and Application Procedure").

## **ART. 2 REQUIREMENTS AND APPLICATION PROCEDURE**

### **ART. 2.1 GENERAL REQUIREMENTS**

To apply to this call:

1. Students (including part-time students) must be enrolled at Sapienza for Academic Year 2017/2018 in a Bachelors, Masters or One-cycle Degree, (Doctoral Degree or Specialization Schools), regardless their citizenship;  
In case of Specialization Programmes, the payment of the Erasmus grant is subject to the compatibility of the Specialization contract with Erasmus grants for study. Nonetheless, a possible incompatibility allows participation in the programme, even though the mobility will not be funded.

2. Students must have adequate language skills (see Art. 2.3.2 Language Skills”).
3. Students must complete their enrolment at Sapienza for the Academic Year 2018/2019 by the deadlines set by the University (visit the webpage <https://www.uniroma1.it/it/pagina-strutturale/studenti> section “Tasse universitarie”).
4. Students must not reside in the country where their mobility takes place.
5. Students enrolled in the third year of a Bachelors Degree or who are “fuori corso” (students who will not complete their degree programme according to schedule) and who expect to graduate by Academic Year 2017/2018 can leave during the first year of a Masters Degree (Second cycle). These students, whose application is conditioned, must enrol in a Masters Degree in the Academic Year 2018/2019 before their departure. (1)
6. Erasmus students cannot graduate before the end of their period of study abroad and before the recognition of their learning activity in the Host Institution by the Academic Coordinator of the Mobility (RAM).
7. Students enrolled in a Doctoral, or Specialization Course Programme must end their mobility by the legal duration of the Doctoral, or Specialization or Master Course Programme.

## **ART. 2.2 INCOMPATIBILITY**

Incompatibilities concern the grant as well as the “status” of Erasmus student.

Students can be granted one or more Erasmus+ mobilities per each study cycle (Bachelors, Masters, Doctoral or Specialization) provided the total period does not exceed 12 months per each cycle.

For one-cycle degrees the maximum is 24 months.

This requirement does not apply to mobilities to Switzerland, regulated by the Swiss- European Mobility Programme (SEMP).

Prior mobilities already funded in the same study cycle under Lifelong Learning Programme, Erasmus+, Erasmus Mundus Action 1, and Erasmus Mundus Action 2 must be included in the calculation.

## **ART. 2.3. FACULTY REQUIREMENTS (paragraph to be completed by Faculties)**

### **ART. 2.3.1 ACADEMIC REQUIREMENTS**

Erasmus+ mobility periods cannot be assigned to graduate students on professional traineeships.

### **ART.2.3.2 LANGUAGE SKILLS**

Adequate linguistic skills are very important for a quality experience in Erasmus+. In their Learning Agreement, students must declare an adequate command of the language skills required by the host university, unless otherwise requested.

Candidates must:

- Verify that their language skills meet the requirements of the host university as indicated in the list of destinations, unless otherwise provided, within the application date;
- Check the host university website for any extra-linguistic requirements related to the requested language skills;

Moreover, accepted candidates must:

- Submit official documentation (i.e., IELTS, DELF, PLE etc.) certifying language skills if the host university requests such proof. Failure to comply will result in non-eligibility.
- Obtain and submit a linguistic certification of the required level, issued by an adequate structure (Faculty or other) in case the host university does not require an official language certification.

**All students must possess the requested language skills.**

### **ART. 3. GRANTS AND FINANCIAL BENEFITS**

#### **ART. 3.1 GENERAL ASPECTS**

Grants for mobility are to be considered as a contribution to the expenses of residing abroad and require actual participation in mobility activities. To receive grants, students must sign the financial contract at their Erasmus+ office before leaving.

All Erasmus+ and SEMP funding (except EU grants) are exclusively granted for admissible activity abroad, whose duration is minimum 3 months (90 days) and maximum 12 months.

Erasmus+ and SEMP mobilities must take place between **01/06/2018** and **30/09/2019**.

Financing is subject to the activities carried out abroad (study and/or thesis, doctoral or Masters research) (see Art. 6.4 "Learning Agreement"), thus students **are not entitled to the MIUR grant**, in the following cases:

- students who **DO NOT TAKE ANY EXAM, except students enrolled in Doctoral/Specialization** (language basic courses are not included in the count);
- and/or do not certify their work on internship (for the students of the Health Professions), thesis or doctoral research or Masters research,

Here below are listed the mobility grants:

### **ART. 3.2. EU GRANTS**

The EU Erasmus+ grant 2018/2019 is differentiated on the basis of the living costs in the host country. The mobility grant, defined at national level, will amount as follows:

- **Group 1** (Programme Countries with higher living costs): Austria, Denmark, Finland, France, Ireland, Lichtenstein, Norway, Sweden, United Kingdom **300,00 €/month**.
- **Groups 2 and 3** (Programme Countries with medium living costs): Belgium, Croatia, Czech Republic, Cyprus, Germany, Greece, Iceland, Luxembourg, Netherlands, Portugal, Slovenia, Spain, Turkey; (Programme Countries with lower living costs): Bulgaria, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, Romania, Slovakia, former Yugoslav Republic of Macedonia: **250,00 €/month**.

The actual grant will be calculated on the actual days of mobility as certified by the host university in the certificate of attendance.

Erasmus grants are incompatible with grants from other programmes/actions funded by the European Union. If EU funds run out or students receive other simultaneous university or EU grants, when students specifically accept it, selected candidates may receive an "Erasmus-Zero-EU-Grant" status that will allow them to enjoy the benefits of mobility without receiving the EU grant.

**All Erasmus+ grants are however subject to the approval of Erasmus activities/funding, proposed by Sapienza for the Academic Year 2018-19, by Indire - the National Agency for Erasmus+.**

### **ART. 3.3 MIUR AND SAPIENZA FUNDING**

#### **ART. 3.4 ADDITIONAL FUNDING FOR DISABLED STUDENTS AND/OR STUDENTS WITH SPECIAL NEEDS**

In order to allow students a wider participation in the mobility, Indire - the National Agency for Erasmus+, allocates grants intended to support disabled students and/or students with special needs.

Students must communicate their situation of disability/special need, in their application as well as in their acceptance in case they are selected for mobility.

The above-mentioned selected students will receive information about possible EU grant during the year via a specific information note to be published at: <http://www.uniroma1.it/erasmus/studenti-students/erasmus-studenti-diversamente-abili>.

#### **ART. 3.5 ADDITIONAL FUNDING FOR STUDENTS FROM DISADVANTAGED BACKGROUNDS**

Students from disadvantaged backgrounds may be allocated an additional grant, based on ISEE, financed by EU funding and complemented with Sapienza and MIUR funding.

In order to apply to this grant, students must require their withholding agent (in case tax assistance is provided), or CAF, or via the INPS website (<http://servizi2.inps.it/servizi/Iseeriforma/home.aspx>) or other qualified entities (accountant, labour consultant, etc.), the calculation of **ISEE 2018 for the Right to University Study**. #### **ART. 3.7 DOCUMENT COMPLIANCE**

Documents concerning the mobility will be checked by International Office – Erasmus Sector. In case the above-mentioned documents are not compliant, a partial or total reimbursement of awarded grants will be required.

### **ART. 3.8 TAXATION OF THE ERASMUS + GRANT**

Under Article 1, paragraph 50, Law No 208 - 28.12.2015, grants for international mobility are subject to the exemptions provided by Article 1, paragraph 3, Decree-Law No 105 - 9 May 2003, converted with amendments into Law No 170 - 11 July 2003, except further amendments.

### **ART. 4. AVAILABLE DESTINATIONS AND POSITIONS**

Available mobility destinations and number of available positions may be subject to modifications based on the decisions of EU or national bodies regulating the programme or partner universities. Therefore, please be advised that this notice of publication for the call is not binding. Students should verify autonomously the possibility of studying abroad by checking course catalogues of the receiving institutions before applying.

Mobility periods for some destinations in this announcement may be shorter if the academic calendar is shorter.

Moreover, for students who have already been on previous mobility periods, the reduction of the period will be based on the number of admissible months, with a maximum of 12 months per study cycle and 24 months for one-cycle degrees, following authorization from the host university.

Students must select a maximum of 10 different destinations from the mobility locations indicated below in their order of preference. The order of priority indicated on the application form will determine mobility assignments.

In case all 10 indicated destinations were taken, another destination will be assigned among the available ones, taking in consideration the requested language skills.

Students, who select less than 10 different destinations, will be allowed to apply only for the indicated destinations.

Offer may undergo modifications even after the publication of the call, in case the partner university communicates to have changed admission requirements or available positions.

Step 6 – part 13 – language preparation

Step 7 – part 14 – computer skills

Step 8 – part 15 – previous stay abroad

Step 9 – part 16 – other useful information in function of the curriculum

## **ART. 6 RANKINGS**

### **ART. 6.1 RANKING PROCESS**

A commission composed by the CAM (Faculty Academic Coordinator for International Mobility) and Administrative Manager Luana Girolami will evaluate all applications based on the following criteria:

The Ranking will be only based on the university transcript (number of exams and GPA).

In case of an equal score, students who have never been on an Erasmus mobility period for study or Erasmus placement/traineeship before will receive priority.

In case of further equality, the student who is closer year to the end of the degree programme will receive priority, and in case of continuing equality, the older student will receive it.

The ranking does not take language certificates into consideration. They will only be used for the assignment of the destinations, in consideration of the correspondence indicated by the University partner. Students should present all official documentation certifying language skills together with the Erasmus application. Language certificates presented after the deadline will be rejected.

All students can apply for locations which do not require specific language skills.

Only students who have a language certificate required by the host University are eligible for said locations. Furthermore, certificates must be certified and compatible with the language skill level required by the host University (level A1 A2 B1 B2 C1 C2 following the European model).

### **FIRST REQUISITE**

The number of passed exams at the moment of application until the end of the year of the programme in which the student is enrolled, excluding the English exam and pass/fail courses; for students enrolled in Specialization programmes in Medicine and Surgery, is mandatory to indicate the degree programme (A-B-C-D-E-F); because the current academic year degree programme will be used for the rankings (2017/2018). The first year of enrolment in the degree programme will be used to calculate the years of enrolment. Students coming from other Faculties or Degree programmes must declare the academic year of the enrolment in the Degree programme.

### **SECOND REQUISITE**

The exact GPA (rounded to two decimal places) with the grades of the passed exams; 30/30 with honours counts as 31.

#### **For Specialization/Doctoral students the following criteria will be used:**

- Year of enrolment: those who are closer to the conclusion of the specialization/doctorate will receive priority
- Final evaluation of the last year
- In cases of equality, the evaluation from the professor coordinating the exchange

## SCORE ASSIGNMENT FOR THE REQUIRED REQUISITES

The highest score, which can be obtained by a student, is 10:

- First requisite – highest score 5
- Second requisite – highest score 5

### First Requisite – PERCENTAGE STUDY CREDITS

The number of the exams passed by the student will be divided by the number of exams that the student should have passed. The fraction will be multiplied by 5. Pass/Fail courses are not taken into consideration.

### Second requisite – GPA

The GPA will be counted as follows. The value for 30 and honours is 31. The score will be calculated with the following formula:

- Health Professions:  $(5 \times (-(24 - \text{GPA votes}))) / 7$
- Medicine and Surgery/Dentistry and Prosthetics Devices:  $(5 \times (-(26 - \text{GPA votes}))) / 5$

On the base of this criterion, the commission will establish a provisional ranking of admitted students.

The ranking will be published on the notice board of the Faculty of Pharmacy and Medicine and Dentistry (ground floor) and at the following links:

[https://web.uniroma1.it/trasparenza/dettaglio\\_bando/96247](https://web.uniroma1.it/trasparenza/dettaglio_bando/96247)

[https://web.uniroma1.it/trasparenza/dettaglio\\_bando/96193](https://web.uniroma1.it/trasparenza/dettaglio_bando/96193)

**This communication should be considered official.**

The ranking will be considered final if, within **seven consecutive days** from its publication, no appeals are presented personally to the Faculty RAEF, during usual office hours. Appeals sent by mail, by email or by fax will not be considered valid. No appeals will be accepted after the deadline.

In case of simple calculation errors (number of exams – GPA –etc.) appeals are not necessary; it will be enough to notify the RAEF (Luana Girolami) in person or by phone/email to check the data and the potential errors.

The **final rankings** will be affixed to the notice board at the Faculty's Dean Office and published on the Faculty's website:

[https://web.uniroma1.it/trasparenza/dettaglio\\_bando/96247](https://web.uniroma1.it/trasparenza/dettaglio_bando/96247)

[https://web.uniroma1.it/trasparenza/dettaglio\\_bando/96193](https://web.uniroma1.it/trasparenza/dettaglio_bando/96193)

**This communication should be considered official.**

**Incomplete requests, requests which are not signed and requests presented after the deadline will not be accepted.**

#### **ART. 6.2 ACCEPTANCE OF THE MOBILITY**

Simultaneously with the publication of the information, it will be communicated the meeting date for destinations' assignment through the e-mail and the faculty websites. The meeting will be in the month of March and all the students present in the rankings are required to participate.

The students who will not be present will lose the right to the assignment of a destination.

It is therefore mandatory, in case of impossibility to participate at the assignment meeting, to be represented by a person formally delegated (by delegation and copy of a document of identity of the delegator and of the delegate).

The student, who renounces the available destination, will lose the right to any further assignment.

The final assignment of the Erasmus+ mobility is subject to:

- formalization of the Learning Agreement
- signing of the Financial Agreement between the student and Sapienza.

Inclusion in final rankings will not automatically entitle to a mobility period, since the actual assignment will also depend on the verification of the respect of learning restrictions defined by the Faculty and the selected receiving institution.

Note: However, the student's mobility is subject to acceptance by the foreign Institution (i.e.: academic curriculum, language skills) which might require further certificates or reject the application on the basis of its rules not specified in the interinstitutional agreement signed with the partner University.

### **ART. 6.3 RENUNCIATION TO THE MOBILITY AND REPLACEMENT**

The acceptance of the mobility is a serious commitment by the candidate. Thus, accepted students are expected to limit renunciations, after acceptance or at the beginning of the mobility period, to serious and proven matters of force majeure, which must be communicated in writing and duly justified to allow timely replacement by the first reserve candidate.

“The destinations which will still be available after the assignment meeting, due to a lack of students with adequate linguistic certification, will be assigned scrolling through the ranking to students who will deliver the language certification from June 21st to July 12th of 2018, to use it in the second semester. At the same time, destinations which have been renounced will be reassigned.”

### **ART. 6.4 LEARNING AGREEMENT**

All students who accept the assigned destination are required to fill out the official study plan (Learning Agreement - L.A.).

The L.A. is a document that is prepared before departure and defines the learning activity to be carried out abroad (exams, thesis research).

The L.A. must be approved by the Academic Mobility Coordinator (RAM – List published at . <https://www.uniroma1.it/it/pagina/erasmus-studenti-sapienza-studio>) and signed by the student and the receiving Institution to ensure the student recognition of credits taken abroad for passing exams/thesis.

Students must fill out their L.A. on their personal webpage at:

<https://relint.uniroma1.it/pp2013/login.aspx> .

The definition and subsequent approval of the Learning Agreement are mandatory to start the mobility period.

### **ART. 7 ONLINE LINGUISTIC SUPPORT AND EU SURVEY**

#### **ART. 7.1 ONLINE LINGUISTIC SUPPORT (OLS)**

The Erasmus+ Programme allows **selected candidates to take a compulsory online test to assess language skills before and after the mobility**, if the learning language during the period abroad, specified in the Learning Agreement, is one of the following: Bulgarian, Czech, Croatian, Danish, Dutch, English, Finnish, French, Hungarian, German, Greek, Polish, Portuguese, Rumanian, Slovakian, Spanish and Swedish, except students who are assigned a mobility to Switzerland.

On the basis of the result in the assessment test, the student may receive a licence for an online preparatory language course.

Procedures concerning the language test will be communicated directly to the student at the email address provided on the application form.

#### **ART. 7.2 EU SURVEY**

At the end of the mobility period, participant students, except students who are assigned a mobility to Switzerland, will be required to fill out the EU SURVEY. Information concerning the procedures to be followed will be sent directly to the email address used by the student on the application form.

## **ART. 8 RECOGNITION OF THE EXPERIENCE**

Under the "Rules for Student Mobility and Recognition of Study Periods and Training Abroad" R.D. N. 34218 - 13.05.2015, in the framework of the EU Erasmus+ Programme, Sapienza students have the opportunity to be awarded a mobility, whose results are recognized and directly transferred into their career.

## **ART. 9 PROCEDURES AND LOGISTICS**

- In order to plan their curricular project at the host university, students should carefully examine all available information on the websites before applying. In fact, this information is binding for receiving the mobility assignment.
- For degree, PhD or Specialisation thesis work, after having consulted the website of the host university, students must agree on the project with their Italian supervisor and Academic Mobility Coordinator, based on the agreement with the partner professor at the host university.
- At the end of courses, Erasmus students must take the planned exams following the programmes and procedures provided for students of the host university. Performed learning activities will be recognized as provided by the Faculty and the "Rules for Student Mobility and Recognition of Study Periods and Training Abroad". Credits exams taken at host universities must be acquired respecting all the rules and regulations of the degree programme curricula.
- Usually, foreign universities do not provide student housing for Erasmus students. Housing information is available on the websites of partner universities. Students should check any deadlines or specific procedures to be followed.

Furthermore, students must seek information autonomously with reference to rules regulating:

- Health Assistance in the host country, requesting information from their local health office or diplomatic missions, or at the following link: [http://www.salute.gov.it/portale/temi/p2\\_6.jsp?lingua=italiano&id=897\\_&area=Assistenza%20sanitaria&menu=italiani](http://www.salute.gov.it/portale/temi/p2_6.jsp?lingua=italiano&id=897_&area=Assistenza%20sanitaria&menu=italiani)
- Admission to the host country through timely inquiry at the relevant diplomatic missions (Embassies and Consulates) in Italy (for non-EU citizens).  
Laws regulating the entrance of non-EU students in Countries participating in the Erasmus+ Programme are related to the nationality of these students. The student is responsible for seeking information, in good time, and obtaining the documents that allow admission and stay in the destination country, by inquiring at the relevant diplomatic missions.

- The civil responsibility and accident insurance coverage, that students enjoy automatically when registered at Sapienza, is extended with the same procedures for the entire mobility period abroad at the host university: <https://www.uniroma1.it/it/node/24654>

- Students on mobility periods must:

- a) autonomously procure their own health and travel insurance for the entire stay abroad, based on the conditions in the host country;
- b) autonomously find information about possible laws regulating admission to the host country, by timely inquiring at the relevant diplomatic missions (Embassies and Consulates) in Italy.

**For the Faculties of Pharmacy and Medicine (MEDICAL AREA) and Medicine and Dentistry:**

Erasmus students are not required to attend lessons and Faculty ADP/APP during the student's stay abroad.

During a one-year Erasmus period, students may take a maximum of 60 CFUs, as per the Italian order (5 CFU per month), and following the curriculum of the university at which he/she is enrolled.

Elective internships during the Erasmus period the CFU will be recognized as per the curriculum of the academic year of reference (not more than 1 CFU in one semester).

Since there is no correspondence between the universities that participate in the Erasmus programme, students have the opportunity to attend a part of a given programme on the Erasmus mobility period and complete it at Sapienza University.

Students cannot take the Legal Medicine and Public Health exam on Erasmus.

During the stay abroad, students may temporarily return to Sapienza to take exams, but only and exclusively during interruptions of the educational activity at the partner institution, demonstrable through official documents issued by the host university.

Erasmus students can also take exams for subsequent years abroad, as long as the curricular requirements are respected (i.e., a student enrolled in the 4<sup>th</sup> year will be able to take exams abroad which are included in the didactical order of his degree programme for the 5<sup>th</sup> and 6<sup>th</sup> year).

Erasmus students may decide not to accept the grades received for exams taken abroad, included in the official transcript issued by the Partner Institution. To implement this procedure, student must follow the on-line instructions in his personal page ( <https://relint.uniroma1.it/pp2013/> )

The evaluation of the traineeship will be counted as an exam vote only if the Faculty reserves this option to all students, in absence of normal classroom activities and final exam.

The Erasmus experience has been included in the evaluation of the final thesis of the degree, as follows:

For the students enrolled in the Medicine and Surgery Degree and Dentistry Degree

- 3 to 5 months abroad = 1 point

- 6 or more = 2 points (from 5 months and 16 actual days)

For the students enrolled in the Health Professions Degree
