PREMISE: ERASMUS+ PROGRAMME 2021-2027

Mobilities for study 2021/2022 will be regulated under the new 7-year Erasmus programme (2021/2027), which operational details are not known yet.

Thus, activities and grants provided in this call are subordinated to the finalization of the programme guidelines by the European Commission as well as the signing of the related Erasmus 2021/2022 financial agreement between the National Erasmus Agency and Sapienza University of Rome.

Consequently, in case of discrepancies with the regulations of this call, regulations of the new Erasmus Programme 2021-27 will prevail.

Guidelines of the new Erasmus Programme might provide mobilities different in duration and typology from the previous programme.

ART. 1 GENERAL INFORMATION

ART. 1.1 OBJECTIVES

The Erasmus+ programme for study allows university students to increase educational opportunities aimed at acquiring the necessary skills to favour their transition to the labour market. To this purpose Erasmus+ provides students with the opportunity of studying abroad up to a maximum total of 12 months per each cycle of study and 24 months for single -cycle study programmes, regardless of the number of mobility periods (i.e.: 2 periods of 6 months or 3 periods of 4 months).

Students selected for a mobility period obtain the "Erasmus Student" status that comes with rights and duties, as established by the [Erasmus Student Charter](#).

Erasmus students receive a grant and have the right to attend courses and use the available structures at the hosting institution without further tuition fees (in some cases small contributions might be requested as for local students). All activities conducted abroad (with a positive outcome) will be fully recognized in the student's career as long as they were previously approved by the Learning Agreement/Change Form. Full recognition of activities carried out abroad is one of the commitments undertaken by Sapienza University of Rome with the approval of the Erasmus Policy Statement (EPS) and the "[Regulation for Student Mobility and Recognition of Study and Training Periods Abroad](#)".

ART.1.2 PARTICIPATING COUNTRIES

For Academic Year 2021-2022, students may participate in the Erasmus+ Programme for Study at universities in European Union member states and other participating countries (Programme Countries).

- **Non-EU Programme Countries:** Iceland, Liechtenstein, Norway, Republic of North Macedonia, Serbia, Turkey.

Following the Brexit deal, the British government decided to break the participation of the United Kingdom in the Erasmus+ programme.

ART. 1.3 MOBILITY TOWARDS CIVIS ALLIANCE UNIVERSITIES

ART. 1.4 MOBILITY TO SWITZERLAND

Switzerland does not take part in the Erasmus+ Programme under the same terms as Programme and Partner Countries; therefore, it does not receive any EU funding either for incoming or outgoing mobilities. In order to guarantee existing mobility and cooperation, the Swiss Federal Council has developed a transitional solution, the so-called Swiss European Mobility Programme (SEMP). Under this programme, Swiss Universities finance the mobility of all incoming and outgoing students following the signature of specific agreements (see Art. 3. "GRANTS AND FINANCIAL BENEFITS").

Students applying to Swiss universities must satisfy all the requirements described in this call (see Art. 2 "GENERAL APPLICATION REQUISITES AND ADMISSIBILITY").

ART. 2 GENERAL REQUISITES FOR APPLICATION AND ADMISSIBILITY

ART. 2.1 GENERAL ADMISSION REQUIREMENTS

1. In order to apply to this call students must be enrolled (including part-time students) at Sapienza for **Academic Year 2020/21** in a Bachelor's, Master's, Single-cycle or PhD degree programme, or a Specialisation School.

2. In case of Specialisation Programmes, the payment of the Erasmus grant is subject to the compatibility of the specialisation contract with Erasmus grants. Incompatibility still allows participation in the programme, but the student will not receive any grant for the mobility period.

3. Students must have **adequate language skills** (see Art. 2.4 "LANGUAGE REQUIREMENTS").

4. Students must **complete their enrolment at Sapienza University for Academic Year 2021/2022 by the established deadlines** (further information: <https://www.uniroma1.it/it/pagina-strutturale/studenti> "University Tuition"), except for graduating students, under Art. 13 of the "Student Regulations".

5. Students enrolled in the third (or subsequent) year of a Bachelor's Programme (First cycle) in Academic Year 2020/2021, and who expect to graduate by the end of the academic year, may apply for a mobility period for the first year of a Master's Degree (Second cycle). However, the mobility period **must take place in the second semester** of Academic Year 2021/22. If such students apply for mobility periods longer than a semester, the period will be automatically reduced. Before leaving, students selected under these conditions must be enrolled in a Master's Programme for Academic Year

2021/2022. Moreover, these students may not, under any circumstance, enjoy their mobility period during the first semester.

6. **Graduating students on an Erasmus mobility period may not graduate before the end of their period of study abroad and before the recognition of the academic activities conducted abroad by the Academic Coordinator for International Mobility (RAM)**, by the online recognition procedure to be started through their Erasmus personal page.

7. **Students enrolled in PhD Programmes** must end their mobility period before the official end of the Doctoral Programme and obtain from the hosting university a Declaration concerning the activity carried out.

8. **Specialisation students** must be **authorised** by the Director of their Specialisation School to apply for a mobility period abroad as part of this call and obtain from the hosting university a Declaration concerning the activity carried out.

ART. 2.2 INCOMPATIBILITY

Students applying to this call may receive one or more Erasmus+ mobility grants (Bachelor's, Master's, PhDs) provided **the total period does not exceed 12 months per each cycle**. For Single-cycle degrees **the maximum period is 24 months**.

This does not apply to mobility periods towards Switzerland which are regulated by the Swiss-European Mobility Programme (SEMP).

Prior mobility periods that have already been funded during the same study cycle under: ICM (International Credit Mobility), Lifelong Learning Programme, Erasmus+, Erasmus Mundus Action 1 and Erasmus Mundus Action 2 **are included in the calculation of the total number of months spent abroad**.

4. **The mobility period** indicated in this call is based on inter-institutional agreements. These periods may vary only for proven didactic reasons, in case the student:

- Begins the mobility period during the second semester,
- Has already enjoyed periods of mobility during the same cycle of study (see Art. 2.2.). In this case, the maximum mobility period will be reduced to satisfy the upper limit of 12 months per cycle of studies and 24 months for single-cycle degree programmes, in agreement with the host university.

5. It will not be possible to guarantee the beginning of a mobility period in the 1st semester for destinations that have a deadline (for the submission of student documents) that is not compatible with the schedule of this call (Art. 14 "END OF PROCEDURE").

ART. 5 ACADEMIC ACTIVITIES ABROAD

1. Students must NOT indicate the didactic activities they intend to pursue abroad on the application form but it is mandatory to consult the didactic offer of the venues on foreign sites, in order to avoid refunds of contributions due to didactic incompatibilities.

The indicated activities are not final and may be integrated upon completion of the official Learning agreement (Art. 8 "LEARNING AGREEMENT") that will have to be approved by the Degree Programme Academic Coordinator for International Mobility (RAM).

2. Admissible mobility activities are:

- Attendance of courses and passing of exams;

- Preparation of graduation and/or doctoral thesis;
- Curricular traineeship (only if relevant to the didactic plan)

3. For programme and course-related information, after having consulted the course catalogue of the foreign university, students should contact the RAM (the responsible for the academic mobility).

4. **PhD students and candidates enrolled in Specialisation Schools**, after having verified their eligibility for a mobility period abroad, must agree on the educational programme abroad with the Coordinator of the PhD Programme/Specialisation School in which they are enrolled. Moreover, they will have to ascertain their insurance coverage with the relevant offices.

PLEASE NOTE: If the required documentation is not uploaded by the deadline, or the declared/self-certified information is not correct, **the application will be rejected.**

ART. 7 RANKING

ART. 7.1 RANKING PROCESS

1. A Commission - composed by the CAM of both Faculties and by the administrative responsables (RAEF) of both Faculties will evaluate all applications.
2. Two rankings will be produced: **one for CIVIS Universities and one for other Erasmus+ destinations.**

The selection process will be based on your academic transcript. Evaluation criteria will be finalized by the Commission during its first meeting and will be defined coherently with the evaluation requirements.

The ranking will not take into account the certificates of linguistic competence, which will be used only for the assignment of the locations/places, in consideration of the correspondence of the linguistic requirement indicated by the partner University.

Students are required to present the certificates attesting their knowledge of the language (which must be among those recognized and listed in Annex 1) together with the Erasmus application form. Language certificates will NOT be accepted after the Erasmus application deadline.

FIRST CRITERIA

Number of exams taken at the time of application until the year of the course in which you enrolled, excluding eligibility; for students enrolled in the Specialist Degree Course in Medicine and Surgery it is mandatory to indicate the Degree Course (A-B-C-D-E-F).

There is an obligation to declare in the order form as specified in the ART.6.2 ,the year of first enrollment in the degree course in which you enrolled at the time of application, which will be used to calculate the actual years of enrollment.

For those who come from other faculties and other degree courses, it is mandatory to declare the academic year of enrollment in the degree course in which you enrolled at the time of the Erasmus application.

SECOND CRITERIA

Precise arithmetic average (with two decimal places) of the exams passed, considering that 30/30 with honors is worth 31.

SCORES ASSIGNED TO THE CRITERIA REQUIRED BY THE CALL

The maximum score achievable by the student is 10, divided as follows:

- ✓ first criteria - maximum score 5
- ✓ second criteria - maximum score 5

First criteria - PERCENTAGE OF TESTS TAKEN

The number of exams the student has taken is divided by the number of exams the student could have taken. The fraction is multiplied by the coefficient 5. Suitability is not taken into account.

Second criteria- AVERAGE VOTES

The average is calculated, paying attention to the fact that the value corresponding to 30 cum laude is 31. With reference to this requirement, the overall score is calculated using the following formula: $5 \times (\text{grade point average}) / 31$

PLEASE NOTE: the following do not concur to your GPA calculation:

- Exams taken abroad during Erasmus periods that have not yet been officialised as they refer to exams still in the process of being validated;
- Extracurricular exams (former Art. 6 - Regio Decreto N. 1269/38) as they do not count for CFUs necessary for degree and are not used to calculate GPA;
- Integrated exams and elective educational activities (ADE) if the credits related to all the modules of each integrated exam have not been successfully completed;
- Exams for single courses that have not been recognised as part of the degree programme (Bachelor's, Master's, Single Cycle) for which the student is currently enrolled;
- Exams cancelled due to lack of prerequisites;
- Exams declared to have been taken, but which were only booked and not taken, or not even booked.

In assigning mobility periods, **in case of identical scores**, priority will be given to students who have not had a prior Erasmus experience for study and placement/traineeship.

In case of further equality, priority will be given to the student enrolled in the year of the course closest to the degree and in the case of further equal merit, to the oldest in age.

For Postgraduates/PhD students will be used the following criteria:

- Year of enrollment, with priority for those closest to the end of the specialization / doctorate
- Final judgment of the previous year
- In case of parity, the judgment of the teacher responsible for the exchange will be considered.

3. The Commission will produce a ranking of candidates based on the above-mentioned criteria and publish the **provisional ranking** which will be published on March 22nd 2021 at the following links:

Faculty of Pharmacy and Medicine:

https://web.uniroma1.it/trasparenza/dettaglio_bando_albo/173378

Faculty of Medicine and Dentistry:

https://web.uniroma1.it/trasparenza/dettaglio_bando/173575

The ranking will be considered final when, 10 natural and consecutive days after its publication, no reviews will have been emailed to the RAEF Luana Girolami or Manuela Gonzales.

Will not be accepted reviews sent by traditional mail.

Will not be accepted reviews sent after the deadline.

For simple calculation errors (average exams - number of exams - etc.) it is not necessary to appeal; it will be sufficient to contact the RAEF (Dr. Luana Girolami and Dr. Manuela Gonzales) by going to the Erasmus office to verify the data and correct any errors, or by phone or email.

The **final ranking** will be published on April 8th 2021 at the following links:

Faculty of Pharmacy and Medicine:

https://web.uniroma1.it/trasparenza/dettaglio_bando_albo/173378

Faculty of Medicine and Dentistry:

https://web.uniroma1.it/trasparenza/dettaglio_bando/173575

ART. 7.2 ACCEPTANCE OF MOBILITY PERIOD

The virtual meeting for the assignment of the locations will be held on **April 9th at 9:00 am**. All the students present in the rankings are required to attend.

Please note that students who do not attend this meeting will lose the right to an assignment. If a student is unable to attend the meeting, it is mandatory to indicate a delegate sending an email to the RAEF with a copy of an identity document of both the student and the delegate.

1. **Selected students must accept their assigned mobility destination within 7 calendar days from the receiving date of the automatic email of assignment which will be sent to the institutional address of the student.**
2. **Candidates who do not respect this deadline will be excluded.**
3. The final assignment of an Erasmus+ mobility requires:
 - Formalization and approval of the Learning Agreement by the Academic Coordinator for International Mobility (RAM) on the personal page;
 - Finalization of the Financial Agreement between the student and Sapienza, following the directions provided when the mobility is assigned.
4. Presence in the final ranking does not automatically mean the student will enjoy the mobility period, as this depends on the background check conducted by the Faculty and host university on requirements and pre-requisites.

PLEASE NOTE: the student's mobility is subject to acceptance by the foreign Institution which may require further certificates or reject the application on the basis of regulations that are not specified in the inter-institutional agreement signed with the partner University.

ART. 7.3 REFUSAL OF THE MOBILITY AND REPLACEMENT

The acceptance of the mobility is a serious commitment by the candidate. Thus, selected candidates are expected to limit refusals, after acceptance or at the beginning of the mobility period, on account of serious and proven matters of force majeure, which must be communicated in writing and duly justified to allow replacement by the first reserve candidate in due time.

The locations remained available after the April 2021 assignment meeting due to the lack of students with adequate linguistic certification, will be assigned, scrolling the merit ranking, to the students who will deliver from 15 June 2021 to 30 June 2021 the linguistic certifications required by the respective offices among those indicated in Annex 1 of the Call.

At the same time, any grants returned will also be reassigned.

In both cases, departures will be scheduled in the second half of the year.

ART. 8 LEARNING AGREEMENT

All students who have accepted their assigned destination must complete an official Learning Agreement (LA). The LA is a document that is prepared before departure and defines the academic activities that will be completed abroad. The LA, which guarantees the recognition of credits obtained for passed exams and thesis research work conducted abroad, must be:

- **Completed on-line by students on their personal page:**
<https://relint.uniroma1.it/pp2013/login.aspx>
- **Approved on-line by the Academic Coordinator for International Mobility (RAM – The full list is available at the link: <https://www.uniroma1.it/it/pagina/coordinatori-e-responsabili-accademici-mobilita-internazionale-0>**
- **Signed by the student**
- **Approved (stamp and signature) by the partner university**
- **The scanned LA, completed with signature and stamp for approval, must be uploaded to the personal page before departure to the hosting university.**

The completion and approval of the Learning Agreement are mandatory and binding to enjoy your mobility period. Failure to do so will cause your exclusion.

The L.A. must include exams or didactic activities that will ensure you earn **at least 6 CFUs (or at least 3 CFUs for thesis research mobility)**. Students who do not earn **at least 6 CFUs (or at least 3 CFUs for thesis research mobility)** will be forced to return their mobility MUR funding. This limit does not concern **PhDs and Specialisation students**.

ART. 9 ONLINE LINGUISTIC SUPPORT AND EU SURVEY

ART. 9.1 ONLINE LINGUISTIC SUPPORT (OLS)

1. The Erasmus+ Programme requires **selected candidates to take an on-line language skills assessment, both before and after the mobility period**, except students who are assigned a mobility to Switzerland.
2. On the basis of the result in the assessment test, the student may receive a licence for an on-line preparatory language course to prepare for the mobility period
3. Procedures concerning the language test will be communicated directly to the student at the email address provided on the application form.

ART. 9.2 EU SURVEY

At the end of the mobility period, students (with the exception of students who are assigned for mobility period toward Switzerland) must complete the EU SURVEY.

The invitation link will be sent directly to your university e-mail account.

ART. 10 PROCEDURES AND LOGISTICS

1. In order to prepare their curricular project at the host university, students should carefully examine all available information on the university websites before applying. In fact, this information is binding for receiving the mobility grant.

2. For degree, PhD or Specialisation thesis work, students must agree on the project with their Italian supervisor and Academic Coordinator for International Mobility, based on the agreement with the partner professor at the host university.
3. At the end of their courses, Erasmus students must take the planned exams following the programmes and procedures provided for students of the host university. Academic activities will be recognized as indicated by the Faculty and the "Regulation for Student Mobility and Recognition of Study Periods and Training Abroad". Credits for exams taken at host universities must be acquired respecting all the rules and regulations of degree programme curricula.
4. Students must autonomously acquire information regarding housing opportunities provided by destination universities. Moreover, students are also responsible for informing themselves about:
 - Health Assistance in the host country, requesting information from their local health office, diplomatic missions or at the following link
http://www.salute.gov.it/portale/temi/p2_6.jsp?lingua=italiano&id=897&area=Assistenza%20sanitaria&menu=italiani
 - Entrance into the host country, timely checking for requirements with embassies and consulates (for non-EU citizens). Laws regulating the entrance of non-EU students in countries participating in the Erasmus+ Programme are based on the nationality of these students. Student are responsible for promptly obtaining information and all the documents needed to be admitted and allowed to sojourn in the destination country from the relevant diplomatic missions.
5. The civil liability and accident insurance coverage that students get automatically when enrolled at Sapienza is extended with the same procedures for the entire mobility period abroad at the host university <https://www.uniroma1.it/it/node/24654>

IN PARTICULAR FOR THE FACULTY OF PHARMACY AND MEDICINE (MEDICAL AREA) AND MEDICINE AND DENTISTRY:

1. Erasmus students are exempted from attendance at lectures and from the ADP / APP relating to courses that are held during their stay abroad; therefore the teachers concerned are required to examine them as attendance is previously validated by attendance abroad (Article 8 of the Regulations).
2. Even in the absence of a correspondence of regulations with the European Universities involved in the Erasmus Program, the student has the possibility to take exams abroad that correspond only to some parts of our integrated courses (modules), with the obligation to integrate the missing part upon returning to Sapienza and only after the online validation procedure has been completed. The teacher is therefore required to regularly carry out the missing part of the exam and finally to give an overall evaluation. In assigning the final grade, it will be necessary to mediate the grade assigned by the teacher at the end of the test with the result of the exam that the student obtained abroad. By doing so, the teacher will be able to regularly record the entire exam on INFOSTUD. The individual modules taken abroad will be recorded out of thirty from the RAM of the student's degree course directly on the INFOSTUD. Therefore, on the day of the exam, the student must have with him the INFOSTUD certificate showing the marks of the partial exams (modules) obtained abroad to allow the teacher to proceed with the overall assessment.
3. In case of partial exams, in the drafting of the L.A. the student must indicate in the appropriate column the modules that he / she will complete abroad and the relative partial credits required by the didactic system of his / her belonging.
4. Erasmus students can take exams abroad in the years subsequent to that of enrollment, subject to compliance with the prerequisites provided for in the educational system to which they belong

(eg: a student enrolled in the fourth year can take exams abroad 'didactic system of his degree course of the 5th and 6th year).

5. Erasmus students cannot take the Legal Medicine and Public Health exams abroad.
6. During his stay abroad, the student has the right to return temporarily to take exams at the Sapienza University, only and exclusively during the periods of interruption of the teaching activity established by the host sites and demonstrable through official documentation issued by the foreign branch.
7. The student can take a maximum number of exams abroad corresponding to 60 CFU / year relating to the organization they belong to, equal to 30 CFU / semester.
8. With regard to elective internships, CFUs are recognized to the extent required by the teaching system in force. It is important to bear in mind that a maximum of 2 ECTS per year can be assigned for ADE, or 1 per semester and in any case not exceeding those expressly indicated in the regulations.
9. Upon their return, Erasmus students must take the exams in their own course.
10. Students may decide not to proceed with the validation of one or more exams taken abroad, included in the official "transcript of records" document issued by the host institution. For the cancellation procedure, the student must follow the online procedure available on his personal page.
11. The mark of the internship carried out abroad can count as an exam mark only in cases where the host Faculty recognizes this modality as exclusive for all students, in the absence of normal frontal teaching activities and related formal final exam.
12. The Erasmus experience was included in the evaluation of the final degree thesis, as follows: for students of degree courses in Medicine and Surgery and Dentistry and Dental Prosthetics - from 3 to 5 months abroad = 1 point - from 6 months and beyond abroad = 2 points (or from 5 months and 16 actual days) for students enrolled in degree courses of the health professions - 1 point regardless of monthly payments.
13. Students wishing to carry out research activities for degree thesis must indicate the research topic and obtain the approval of the Italian supervisor and the indication of the foreign co-supervisor. The credits provided for the final exam are recognized by the didactic regulations of single-cycle master's degree courses, master's degree courses of health professions and study courses of health professions as follows:
 - ✓ for single-cycle Master's degree courses in Medicine and Surgery a maximum of 12 ECTS;
 - ✓ for the single-cycle Master's Degree course in Dentistry and Dental Prosthetics a maximum of 8 ECTS;
 - ✓ for three-year study courses, a maximum of 4 ECTS;
 - ✓ for two-year Master's Degree courses a maximum of 5 ECTS.
14. For students of Medicine and Surgery who benefit from an Erasmus for studies mobility grant during their 5th or 6th year, the practical training activities carried out abroad can be recognized

and validated as a Practical-Evaluation Internship for the purposes of the State examination for qualification (TPVES) through the same credit transfer methods currently in force as long as the following conditions are met:

- ✓ Insertion of practical-evaluative internships within the Learning Agreement;
- ✓ Compilation of the evaluation booklet in each field by the Tutor in the host University;
- ✓ Certification of the completion and evaluation of internships in the Transcript of Records or, if this is not possible, through formal transmission of the certification to the competent Offices (International Relations, Teaching) by the relevant Offices of the host University;
- ✓ Practical activities relating to local medicine cannot be carried out abroad;

15. Students in health professions study courses can only take part of the credits related to internships abroad, given that the final exam must be taken at Sapienza. Therefore, in L.A. only a part of the credits of the internships must be reported, so that the student can book the final exam on INFOSTUD.

ART. 11 CHECKS

As per Art. 71 - DPR 445 - 28/12/2000, the university administration will verify all application information through random checks on any candidature application that poses reasonable doubts on the information provided through self-certifications.

Non-compliance of information, declared or self-certified, constitutes a cause of exclusion/forfeiture.

ART. 12 PERSONAL DATA PROCESSING

The protection of personal data is regulated by the new European Regulation n. 679 - 27.4.2016 – GDPR (General Data Protection Regulation) as well as current national legislation.
