2. The conditions for participating **vary according to the foreign locations, the year of enrolment/attendance, the academic requirements and they are governed by special agreements which indicate** the duration of the mobility, the study plans and the recognition of the academic activities carried out at the foreign University and the number of places available.

2. Disabled students and those with SLD, pursuant to law n.170/2010 and Ministerial Decree n. 5669/2011, who need special aids in relation to the type of disability/SLD to carry out the test, must report it (to the Disability and LD Office). In any case, candidates will be granted an additional time of 30% compared to that defined for the test.
3. The SLD certification must refer to the nosographic codes and the explicit wording of the SLD (of Reading and/or Writing and/or Calculation).
4. The diagnosis must be updated after 3 years if certified to the student when he was a minor.

PLEASE NOTE: students with disabilities or with SLD residing in foreign countries, who intend to take advantage of the previously mentioned measures, must present the certification attesting the status of disability or SLD issued in the country of residence, accompanied by a sworn translation in Italian or in English language.

5. Particular situations will be examined taking the certifications presented into account.
6. The requests referred to points 1 and 2 above must be received by the deadline for enrolment in the language assessment test (see **Annex 1: ORGANIZATION OF LANGUAGE TESTS AT THE CLA**) and will be subject to verification by the Office Disability and SLD which may require suitable certification issued by NHS structures or by specialists and structures accredited by the latter.
7. Further information is available at <https://www.uniroma1.it/it/pagina/contatti-e-servizi-disabilita-edsa> or by writing to servizio.disabilita@uniroma1.it or counselingdsa@uniroma1.it

ART. 2.4.2 EXEMPTION FROM LANGUAGE TESTS

1. **Without prejudice to the minimum requirement required by the host institutions which remains a criterion for access to mobility** students are exempt from taking the CLA language assessment test if they possess one of the following requisites:

If the student intends to apply for a university **that requires a level of linguistic proficiency higher** than that provided for in the cases indicated above, or **for a university that requires a language other than the certified one**, the student must take the test at the CLA

Language proficiency passed in the context of one's own study programme DOES NOT exempt from taking the assessment test at the CLA. Similarly, declarations issued by teachers, including university teachers, or the passing of curricular language exams will not be considered valid for the competition.

Erasmus + mobility for study purposes cannot be assigned to graduates who intend to carry out post-graduate professional internship.

ART. 3 DURATION

1. The duration of the mobility is defined by the interinstitutional agreement stipulated between Sapienza and the partner universities. Periods of study abroad, intended as physical mobility, can start from **1 June 2023**, must end by **30 September 2024** and **must be carried out continuously**. If the duration of the semesters does not coincide with the academic calendar of the foreign institution, the mobility may be subject to reductions with respect to what is foreseen in the call for applications.

2. Mobility can be of **2 types**:

a. Erasmus mobility **LONG MOBILITY** for I, II and III study cycle:

It can be carried out by all those pertaining to the I, II and III study cycle at partner universities (Programme Countries and Partner Countries, see art. 1.3 Participating Countries). Each *long mobility* must have a **minimum** duration of **2 months** and a maximum of 12 or 24 months in the case of a single-cycle programme.

The duration may vary only for proven academic reasons if the student:

- starts the mobility in the second semester
- has already benefited from periods of mobility in the same study cycle (see art. 2.2.). In this case, the maximum duration will be reduced to the remaining months with respect to the maximum limit of 12 months for each study cycle and 24 months for single-cycle degree programmes, subject to authorization by the institution of destination.

b. Erasmus mobility **SHORT MOBILITY** only for PHD STUDENTS:

The *short mobility* can only be carried out by students enrolled in doctoral programmes, it must have a minimum duration of **5 days and a maximum of 30 days**, and it must be carried out only in Programme Countries.

the Short mobility must always be authorized in advance by the host university (see art. 7.3 "SHORT MOBILITY" APPLICATION FOR PHD STUDENTS).

ART. 4 ECONOMIC CONTRIBUTIONS

1. Mobility contributions **are assigned exclusively for carrying out academic activities in the partner university** (see art. 6 "ACADEMIC ACTIVITIES IN THE FOREIGN UNIVERSITY"). In order to be eligible for Erasmus contributions, the student assigned to the mobility **must**, strictly before departure, **accept the terms of the financial contract** and follow the instructions that will be provided at the time of assignment of the mobility.

ART. 4.1 EUROPEAN UNION CONTRIBUTION

1. The mobility contribution is to be understood as an **economic support for the higher expenses** associated with the stay abroad: therefore, it is not intended to fully cover the expenses incurred.

2. The use of the Erasmus+ grant is incompatible with further grants deriving from other programmes/actions financed by the European Union. The amount of the contribution varies according to:

A. Type of mobility (Long mobility or Short mobility for PhD students);

B. Destination Country.

3. The EU contribution intended for "LONG MOBILITY" mobility is related to the cost of living in the country of destination and the days of attendance certified by the partner university:

<i>Programme Countries</i>	<i>per month</i>
GROUP 1 = cost of living HIGH: Denmark, Finland, Ireland, Iceland, Liechtenstein, Luxembourg, Norway, Sweden.	350.00 euros
GROUP 2 = cost of living MEDIUM: Austria, Belgium, Cyprus, France, Germany, Greece, Malta, Netherlands, Portugal, Spain.	300.00 euros
GROUP 3 = cost of living LOW: Bulgaria, Croatia, Estonia, Latvia, Lithuania, North Macedonia, Poland, Romania, Serbia, Slovakia, Slovenia, Czech Republic, Turkey, Hungary.	250.00 euros

<i>Partner Countries</i>	<i>per month</i>
United Kingdom, Switzerland	350.00 euro

The EU contribution for the "**SHORT MOBILITY**" mobility (Programme Countries only), **provided only for PhD students** will be paid on the basis of a daily amount

<i>Duration</i>	<i>day</i>
Mobility " SHORT MOBILITY " for a period between 5 and 14 days	70 euros
Mobility " SHORT MOBILITY " for a period between 15 and 30 days	50 euros

4. In the event that the Erasmus + funds run out or if the student benefits from the simultaneous assignment of other university or EU funding, it will be possible to attribute the status of "Erasmus zero eu-grant" to the student: in this way the student will be able take advantage of the benefits linked to the mobility, without receiving the EU contribution.

ART. 4.2 ERASMUS+ TRAVEL CONTRIBUTIONS

1. As part of Action 1 envisaged by the Erasmus+ 2021/2027 programme, green transport, i.e. travel methods with a low level of CO2 emissions, will be fostered to make international mobility more inclusive and sustainable.

2. A "Travel Grant Green" contribution will therefore be recognized to those who use sustainable means of transport (such as train, car sharing, bus) to reach their destination in Erasmus Partner Countries.

3. The contribution will be recognized at the end of the Erasmus mobility carried out **and will be paid following the presentation of the supporting documents proving the actual green trip.**

Those who undertake a sustainable journey will be awarded: a one-off TOP UP contribution of € **50.00** and a **daily allowance with a value corresponding to the daily amount relating to the**

monthly grant. The allowance will be recognized for each day of green travel (both outward and return) necessary in order to reach the destination for **a maximum of 4 days**.

ART. 4.3 SAPIENZA AND MUR SUPPLEMENTARY CONTRIBUTIONS FOR DISADVANTAGED ECONOMIC CONDITIONS

1. In addition to the EU contribution, mobility beneficiaries will be able to receive additional supplementary contributions from Sapienza and the Ministry for University and Research (MUR).
2. The assignment of the **MUR contribution** will be graduated **on the basis of the economic condition of the student** who is obliged to prove it through ISEE (ISEE for the right to university study DPCM 159/2013).
3. **The data must be available on Infostud** before accepting the terms of the Financial Contract and in any case no later than **31.12.2023**. Otherwise, the ministerial quota cannot be assigned.
4. MUR contributions can only be paid if the student has renewed enrolment at Sapienza for the a.y. 2023/2024 unless in the condition of graduating (see art. 2.1, point 4)

IMPORTANT:

- All students and/or doctoral students, who **are exempt for any reason from presenting the ISEE** for the purposes of paying tuition fees, **in order to benefit from the MUR supplementary contribution, they will still have to apply for the ISEE 2023** (ISEE for the right to university study);
 - MUR contributions **will not be paid to students who are enrolled after the first year onwards the regular duration of degree programme (fuori corso)** (for the count, reference will be made to the year of enrolment at Sapienza, even in the case of degree programme transfer).
5. For participants with tax residence abroad, the MUR contribution will be differentiated on the basis of the contribution levels of the country of origin, based on the resolution of the Board of Directors no. 455/2022 of 19.12.2022.

Students who fail to acquire during the mobility the recognition in their career, by 31/12/2023, of at least **6 credits**, reduced to **3 credits** for students who exclusively carry out research activities for the preparation of the thesis, **will be asked to return the MUR contribution possibly already paid** and the cancellation of any additions.

The recognition in the career must be completed exclusively by following the digitized procedures via the Erasmus personal page, which requires validation by the Academic Mobility Manager (see art. 9). The above limits do not apply to **PhD and Specialization students**

ART. 4.4 INTEGRATION FOR STUDENTS WITH DISABILITIES AND/OR WITH SPECIAL NEEDS

1. In order to allow for a wider participation in the mobility by students, **the Erasmus+ National Agency Indire disburses additional funds to support students with disabilities and/or with special needs.**
2. Interested students must report the disability/special need, **both in the application phase and in the mobility acceptance phase.**
3. Students who intend to take advantage of the special needs contribution will receive information on how to apply as soon as the Erasmus+ INDIRE National Agency provides details,

the information note will be published on the web page: <http://www.uniroma1.it/erasmus/students-students/erasmus-students-withdisabilities> .

4. **The disbursement of the contribution for special needs is subject to the allocation of funds from the Erasmus Plus National Agency INDIRE.** If financial coverage is not available in whole or in part, the student will have to bear the costs independently.

ART. 4.5 TAX TREATMENT OF THE ERASMUS + CONTRIBUTION

MOBILITY LEVELS

1 = Undergraduate (Bachelor's);

2 = Postgraduate (Master's, Single-cycle Degree programmes);

3 = Doctoral (Specialisation or PhD Programmes)

Destinations and available places could undergo changes should amendments be introduced by the partner universities or by the European or national bodies that regulate the programme. It is recommended **that you independently inquire about the possibilities of studying at foreign campuses by checking the educational offer** on the websites of the individual universities.

4. Furthermore, for agreements that have yet to be stipulated digitally through the Erasmus Without Papers network, as foreseen by the new Erasmus + 2021-27 programme, it is possible that some conditions change during the stipulation phase and that not all selected students can actually take part in the exchange and/or can do so with the conditions set out in this notice. It will be the responsibility of the offices to ensure that this transition phase does not impact, as far as possible, on the selection of students, but it is important that candidates are informed that all locations with available places, as published, **are to be considered as "subject to"**.

5. **It will not be possible to guarantee departure for the 1st semester to locations whose deadline for sending student nominations is prior to the publication of the final ranking. (art. 14 "END OF THE PROCEDURE").**

When choosing a destination, please pay attention to the language level required for attendance at the host institution. The requirements in the table have been indicated by the individual partner universities. **Interested students are in any case required to personally investigate the actual correspondence of these requirements with respect to the requested universities.**

ART. 6 EDUCATIONAL ACTIVITIES IN THE FOREIGN UNIVERSITY

1. In the application form, the student must indicate the learning activities he intends to carry out abroad, verifying in advance the consistency between the disciplinary framework envisaged by the host institution and that envisaged by his/her own study programme. In the event of an application submitted during the transition from a bachelor's degree programme (1st cycle) to a master's degree programme (2nd cycle), it is necessary to consider the academic activities envisaged by the study programme relating to the master's degree programme.

2. The activities will be indicative and can be perfected by preparing the official study plan (see art. 9 "LEARNING AGREEMENT") which must be approved by the Academic Responsible for Mobility of the study programme (RAM).

The **activities eligible** for mobility are as follows:

- Attendance of learning activities (courses) and passing of the related assessment tests (exams);
- Preparation of the degree and/or doctoral thesis;
- Curricular internship (only if provided for by the study plan). For information of an educational nature, the student, after having consulted the course catalogue of the foreign university, can contact the promoter of the agreement indicated next to the destination in art. 5 "AVAILABLE DESTINATIONS AND PLACES"
- **Doctoral students and students enrolled in Specialization Schools**, after having verified the actual possibility of carrying out the mobility abroad, must agree on the activity to be carried out with the Coordinator of the Doctoral /School of Specialization programmes and verify insurance coverage with the competent offices.

ART. 7 APPLICATION

ART. 7.1 DEADLINES AND SUBMISSION

1. **The deadline for completing the online application form is March 6th, 2023 at 2.00 pm (Italian time).**

2. The form is available at the link: <https://relint.uniroma1.it/candidatura/login.aspx>

For technical assistance, it is possible to fill in the Help Desk form, available at the link: <https://relint.uniroma1.it/candidatura/sendmail.aspx>

3. For the submission of the application, **the use of the institutional e-mail account (surname.matricola@studenti.uniroma1.it) is mandatory.**

The institutional e-mail address will be the only contact used for all communications relating to the Call and subsequent procedures.

At the end of completing the application, the student will receive, **at his institutional e-mail address**, the report relating to the data entered **as the only proof of the correct submission of the application**. Each candidate will therefore have to verify receipt of the report, check the accuracy of the data provided and promptly communicate any compilation/receipt errors to the Faculty Erasmus Administrative Manager Dr. Clara D'Eletto, phone: +39 06 44585713, e-mail: ingerasmus@uniroma1.it.

ART. 7.2 DOCUMENTS TO SUBMIT

1. To correctly complete the application, interested students must fill in all the fields of the *online* form and make sure they **have uploaded** the following **documents, which form an integral part of the application**:

a. a valid **identity document**

b. **Linguistic certification** (only in the case provided for by art. 2.4.2 "LINGUISTIC TEST EXEMPTION")

c. A "**Proposal of Learning Agreement**" form for each destination chosen, signed by the Academic Responsible for Mobility (RAM), as well as the Supervisor in the case of mobility for the preparation of the thesis project. The form is available at the following web link:

https://web.uniroma1.it/trasparenza/bando/199474_

d. **Study Plan** (failure to upload this document, only if the student has not yet had an approved Study Plan is not a reason for exclusion from the selection).

ATTENTION: Proposals of Learning Agreement containing less than 18 cfu per semester to be recognized, will not be taken into consideration (except proposals to carry out thesis activities)

In the "Proposal of Learning Agreement" form must be reported the list of courses to do abroad, the list of corresponding courses to be replaced and the indication of their respective credits. It is possible to indicate more foreign courses in place of a single Italian course.

The approval of the study plan to take abroad will be attested by the signature, on the aforementioned form, of the Academic Responsible for Mobility (RAM) of the degree course of the student and, in case of final thesis, also by the Supervisor. For PhD students, the signature must be affixed by the Academic Director of Mobility (RAM) of the Doctoral School.

The list of the RAMs is available at the following web link: <https://www.uniroma1.it/it/pagina/facolta-di-ingegneria-civile-ed-industriale-coordinatori-e-responsabili-accademici-mobilita>

ATTENTION: The "Proposal of Learning Agreement" forms relating to the selected locations must be combined and attached as a single pdf file, as the system accepts only one attachment. Uploading a new file will automatically delete the previously uploaded file. The receipt of the message of the successful submission of the application guarantees only the correct receipt of the application form, but not the attachments.

PLEASE NOTE: If mandatory documents are not uploaded by the deadline, or the declared/self-certified information is not correct, the application will be rejected.

ART. 7.3 "SHORT MOBILITY" APPLICATION FOR DOCTORAL STUDENTS

1. Doctoral students who intend to apply for the locations intended for them and who intend to carry out an Erasmus+ "SHORT MOBILITY" mobility, are required to declare it in the application phase by placing a flag in the appropriate field corresponding to the selected university.

2. **If the option *short mobility* has not been declared in the application, the mobility will be considered a *long mobility* and must comply with the requirements** (see Art. 3 DURATION).

3. Before starting the mobility, [the Erasmus office of the Faculty](#) must acquire formal **confirmation** of the "Short mobility" from the host University.

ART. 8 RANKINGS

ART. 8.1 FORMULATION OF THE RANKINGS

1. A Commission - made up of the Institutional Coordinators for Mobility of the Faculty (CAM), one Professor of the Faculty of Civil and Industrial Engineering and one student, appointed by the Dean - will evaluate the applications.
2. Two rankings will be drawn up:
 - a ranking for the CIVIS alliance destinations
 - a ranking for the other Erasmus+ destinations
3. The selection process will be based on qualifications, according to the evaluation criteria that will be formalized by the Commission in the settlement report and it will in any case be defined in full coherence with the evaluation requirements.

Academic Merit: 0 - 100 points

- a) Up to 50 points to the fraction of credits obtained within the application delivery and recorded in InfoStud within the deadline of the call, compared to the expected credits according to the latest Study Plan approved, at the end of the first semester 2022/2023; (*) The student is allowed to integrate with self-certification (see the appropriate section of the application form) with the exams recorded but not yet certified (i.e. those for which the Professor has not yet digitally signed the report);
- b) Up to 50 points to the fraction in thirtieth of the average grade, normalized to the average grade of the course of study, of the exams verbalized within the application delivery and recorded in Infostud within the deadline of the call. The credits and the year of registration will be weighted (reducing the average grade of examinations of students out-of-course and repeating students of one thirtieth per year off and repeating year); (*) The student is allowed to integrate with self-certification (see the appropriate section of the application form) with the exams recorded but not yet certified (i.e. those for which the Professor has not yet digitally signed the report);

PLEASE NOTE: In calculating the weighted average and the credits acquired, the following will not be taken into consideration:

- exams taken abroad during the Erasmus stay for which the validation procedure has not yet been completed;
- extracurricular exams pursuant to art. 6 of the Royal Decree n. 1269/38 since these exams do not contribute to the achievement of the credits required for the achievement of the title;
- integrated exams and ADE (elective teaching activities) if the credits relating to all the tests that make up each integrated exam have not been achieved;
- "single course" exams if they have not already been recognized in the Bachelor's degree course, single-cycle Master's degree course or single-course degree course in which the student is enrolled for the current academic year;
- exams cancelled due to failure to comply with the propaedeutic requirements;
- exams declared as taken and which are, on the other hand, only booked and not taken or even not booked.

In the assignment of the mobility, **with equal scores**, priority will be given to students who have never benefited from Erasmus mobility for study reasons, Erasmus placement/traineeship.

4. On the basis of the criteria indicated above, the Commission will draw up a **provisional ranking** which will be published at the link https://web.uniroma1.it/trasparenza/bando/199474_

5. The ranking will be considered definitive if, after 10 consecutive calendar days from the date of publication, no requests for revision have been presented to the Faculty of Civil and Industrial Engineering, Via Eudossiana 18, 00184 Rome
6. The **final ranking** will be published at the link https://web.uniroma1.it/trasparenza/bando/199474_

ART. 8.2 ACCEPTANCE OF MOBILITY

1. Winners must accept the assigned mobility within the following **7 calendar days** from the **date of publication of the final ranking**.
2. **Failure to comply with the 7-day deadline will be understood as a waiver.**
3. For the final assignment of the Erasmus+ mobility, the student must have:
 - Submitted the necessary documentation
 - Completed the Learning Agreement on the Erasmus personal page and approved by the RAM;
 - Approved of the terms of the Financial Contract between the student and Sapienza, according to the indications that will be provided at the time of the mobility assignment, which must take place **before** the start of the mobility, otherwise **the student will not be authorized** to benefit from the mobility and will not receive any financial coverage, where provided, and insurance coverage.
4. **Inclusion in the final rankings will not automatically entail the right to carry out the mobility, since the actual assignment will depend on compliance with the teaching constraints/requisites defined by each Study Programme, by the Faculty and by the assigned destination.**

The benefit of the mobility is in any case subject to acceptance by the foreign which could request further certifications or **refuse the candidacy on the basis of its own rules** not specified in the interinstitutional agreement signed by Sapienza with the partner university.

ART. 8.3 RENOUNCEMENT OF MOBILITY AND REPLACEMENTS

1. **Acceptance of mobility is a serious commitment undertaken by the candidate.** Eligible students will therefore have to limit withdrawals, after acceptance or at the beginning of the mobility period, to serious and proven cases of force majeure, to be communicated in writing and duly justified.

ART. 9 LEARNING AGREEMENT

1. Mobility beneficiaries must complete the official study plan, the so-called **Learning Agreement (LA)** which **defines the teaching activity to be carried out abroad** and which **guarantees the recognition of the credits obtained** by passing the exams/thesis research abroad.
The definition and consequent approval of the LA are mandatory and binding for the purposes of benefiting from the mobility, under penalty of exclusion from the mobility.
2. The LA must include exams or teaching activities aimed at obtaining and recognizing at **least 6 credits (not less than 3 credits in the case of mobility for thesis research only)**.
3. **Students who do not meet these conditions, if assigned a MUR contribution, will be required to fully return this contribution:** PhD and Specialization Students are excluded from this limit.

At the end of the mobility, **the student will have to start the procedure for recognition of the academic or research** carried out at the foreign university. The digitized procedure must be completed **exclusively through the Erasmus personal page**. Otherwise, the student will be required to repay the MUR contribution in full

ART. 10 PROCEDURAL AND LOGISTICAL INFORMATION

1. Before submitting their application, students must consult the information available on the web pages of the host universities in order to formulate the study plan to be carried out at the host university. This information will also be binding for the purpose of assigning the mobility.

To carry out research for Degree, Doctoral or Specialization theses, the project must be agreed in advance with the Italian supervisor and the RAM, on the basis of the agreements established with the professor of the host University.

2. Erasmus students, at the end of the courses, will have to take the exams as required by the host university. The recognition of the educational activities carried out will take place as indicated by the Faculty and by the "Regulations for student mobility and the recognition of periods of study and training abroad". Exams taken abroad must be validated in compliance with any propaedeutic constraints envisaged by the regulations of your degree course.

3. The student must independently inform himself about any accommodation opportunities offered by the host universities. He must also inquire about:

- Health care in the host country, by contacting his ASL or diplomatic missions and consulting the link: <http://www.salute.gov.it/>;
- How to enter the host country, if you are a non-EU citizen, by promptly contacting the respective diplomatic missions (Embassies and Consulates). The legislation and regulations governing the entry of non-EU students into the countries participating in the Erasmus+ Program are linked to the nationality of these students: it is the student's responsibility to collect, with the necessary advance, the information and obtain the documents that will allow the entry and stay in the country of destination.

4. The accident and civil liability insurance that the student automatically benefits from when enrolling at Sapienza is extended, in the same manner, for the entire period of stay abroad at the host institution <https://www.uniroma1.it/it/node/24654>.

However, it is recommended to evaluate the opportunity to take out additional insurance coverage for travel and medical expenses not covered by the European TEAM card. It is also recommended to register on the MAECI website managed by the "Where we are in the world" Crisis Unit (www.dovesiamonelmondo.it), clearly indicating the requested data: names, city/town, destination university, updated contact details and period of stay.

ART. 11 CHECKS

1. On the basis of art. 71 of Presidential Decree 445 of 28/12/2000, the Administration will proceed to carry out appropriate checks, even on a random basis, and in all cases in which there are well-founded doubts about the truthfulness of the self-certifications.

The lack of truthfulness of the information, declared or self-certified, constitutes a reason for exclusion/forfeiture.

ART. 12 TREATMENT OF PERSONAL DATA

The processing of personal data is governed by European Regulation no. 679 of 27.4.2016 – GDPR (General Data Protection Regulation) as well as by the national legislation in force.
