WORK EXPERIENCE —

Management Consultant | Global Utopia

Tehran, Iran | March 2021 - Jun 2023

- I worked remotely as a management consultant for Global Utopia to provide advice and support to the CEO, manage tasks, and coordinate activities.

Founder | Magic Transit

Rome, Italy | November 2018 - July 2022

- We worked on the safety of people to reduce urban accidents.

Urban and Transport Planner | Aria Khodro Simay Sabz

Tehran, Iran | November 2019 - January 2021

- I worked remotely for the Aria Khodro company as an urban and transport planner to implement their project which is related to Green Public Transportation and Sustainable Development.

Transportation Engineer | Talent Working Lazio Innova

Rome, Italy | January 2019 - July 2019

- Talent working Lazio Innova helped us to develop our idea and I have worked there with my start-up group.

Vice-president Of Non Governmental Organization | Development Supervisor City of Sari

Mazandaran, Iran | Nov 2017 – Present

- The aim was to help the Municipality of Sari to implement their projects and research about different subjects and promote increased citizen awareness of local affairs. We published two research projects about 'Sustainable Revenues of Municipality' and 'people's participation in Urban Affairs' in the Journal of Sari Municipality.

Teacher Assistant | Payam Noor University

Mazandaran, Iran | September 2016 - July 2017

- As the teacher assistant in Urban Planning Studio 1 and Urban Planning Studio 5.

Urban planner and designer | Form-Faza-Manzar Consulting Engineering

Mazandaran, Iran | September 2015 - June 2017

- I was a member of Form-Faza-Manzar consulting company, and I worked there as the expert of Urban and Transport Planner.

Urban planner and designer | Chalipa Company

Mazandaran, Iran | October 2015 - November 2015

- In this company, we focused on planning and designing the biggest Jurassic park in Iran.

Urban planner and designer | Naghsh Ara Consulting Engineers Company

Tehran, Iran | February 2015 - September 2015

- I worked at this company as a technical supervisor of information and in charge of the archive in the project of properties appraisal and GIS in Sari.

AWARDS —

Top 15 ideasn in Atos competition | August 2020

The first international student competition dedicated to technological innovation, in France.

- Our application was shortlisted as one of 15 teams for the development phase.

Gold Medal | November 2019

International trade fair "Ideas - Inventions - New Products" in Nuremberg, Germany.

- We invented an 'intelligent alarming gadget to protect (blind, elderly and disabled people, cyclists, pedestrians, and kids) from the urban accident.

Thailand award for the best International Invention and Innovation | November 2019

International trade fair "Ideas - Inventions - New Products" in Nuremberg, Germany.
