Tutoring scholarship

Awarded a tutoring scholarship at the Department of Communication and Social Research (CoRiS) through a selection process. As a tutor, I actively participate in events organized by Sapienza University and CoRiS, providing assistance during graduation sessions and exams. Within the Master's program in Organization and Marketing for Corporate Communication, I have contributed to achieving two important goals:

1. I led the development of a questionnaire to analyze students' Quality of Life, taking direct responsibility for its creation.
2. I collaborated on producing a monitoring report on teaching materials.
