Autorizzo il trattamento dei dati personali ai sensi del European Regulation 2016/679 (GDPR).

Bologna 28 06 2023

Career

Fellowship Researcher

University of Rome - La Sapienza
2022 - Today

Assistant Programmer

Alten
2022 - 2022

Master's Degree in Mathematics (LM40)

University of Bologna Alma Mater Studiorum
2017 - 2021 103/110L

Bachelor's Degree in Mathematics (L35)

University of Bologna Alma Mater Studiorum
2013 - 2017 89/110L

Personal interests

In my free time, I like to use social networks, managing a telegram channel and an Instagram page. This allows me to study the users' interactions with my posts to obtain a steady growth and to study how channel-linked groups behave.

I also have been playing water polo for 15 years, so I'm used to team interactions.

Highlights

[Persistent homology and word embeddings for wine and food pairing recommendation.](#)

Thesis project, available on AMSLaurea
