

Name and surname: Ileana Micarelli

E-mail: ileana.micarelli@uniroma1.it

PROFESSIONAL APPOINTMENTS

01/08/2021 – 31/07/2022 – **Assistant Researcher**

Name of the project “Osteobiography of Servants in Roman Times”

Department of Environmental Biology, Sapienza University of Rome

22/03/2021 – Present – **Board member of ISItA Italian Institute of Anthropology** (Istituto Italiano di Antropologia)

31/12/2021 – Present – **Qualified professional Archaeologist (I Class)**

Ministero per i Beni e le Attività Culturali (MiBAC) – Direzione Generale Educazione, Ricerca e Istituti Culturali, Italy

01/08/2020 - Present – **Head of osteological investigation, Tusculum (Rome, IT)**

Escuela Española de Historia y Arqueología en Roma, Consejo Superior de Investigaciones Científicas (IT)

01/12/2019 – 24/02/2021 – **Assistant Researcher**

Name of the project “Population biology, diseases and mobility: Romans and Longobards in the post-classical era”

Department of Environmental Biology, Sapienza University of Rome

13/04/2016 – 31/07/2016 – **Scholarship**

Osteological investigation of the skeletal collection of the Neolithic site of Palese (IT) – Department of Classics Sapienza, University of Rome

EDUCATION

21/02/2020 – **PhD, Archaeology, curriculum post-classical archaeology and antiquities**

Department of Classics, Sapienza University of Rome (SSD L-ANT/08 and SSD BIO/08)

All'origine dei mestieri: attività professionali e strutture sociali in comunità alto-medievali in Italia – Un'indagine bioarcheologica applicata a due necropoli di cultura longobarda

Graduation vote: Ottimo

28/01/2016 – **MA Hons, Archaeology**

Department of Classics and Department of Environmental Biology, Sapienza University of Rome (SSD L-ANT/08 and SSD BIO/08)

La necropoli longobarda di Povegliano Veronese (VR, VI-VIII sec.) prime indagini antropologiche e contestualizzazione archeologica

Graduation vote: *cum laude*

29/04/2013 – **I level Master, Bioarchaeology, Paleopathology and Forensic Anthropology**

Universities of Bologna, Pisa and LABANOF of Milan

Effetto dell'età alla morte, del sesso e dell'attività professionale sui marcatori di stress muscoloscheletrici (MSM) nel campione scheletrico medievale di Leopoli-Cencelle

07/07/2011 – **BA Hons, Archaeological Sciences**

Department of Classics, Sapienza University of Rome (SSD L-ANT/08)

Le sepolture infantili dell'area IX di Leopoli-Cencelle

Graduation vote: *cum laude*

PEER-REVIEWED PUBLICATIONS

-
- In press* – Special Issue on "Disability and care in Western Europe during Medieval times: a bioarchaeological perspective"; Guest Edited by Ileana Micarelli, Lorna Tilley, Mary Anne Tafuri, *International Journal of Paleopathology*, Article collection.
- In press* – Bernardini, S., Asrat Mogesie, S., **Micarelli, I.**, Manzi, G., Tafuri, M.A. Contribution to Longobard dietary studies: stable carbon and nitrogen isotope data from Castel Trosino (6th-8th CE, Ascoli Piceno, Central Italy), *Data in Brief* **Impact factor of the Journal: 1.7.**
- 13/05/2021 – **Micarelli, I.**, Paine, R., Tafuri, M.A., Manzi, G., Conservation and reassessment of an overlooked skeletal collection preserved since 1901 at The Museum of Anthropology "G. Sergi", Rome, *Conservation Science in Cultural Heritage*, 20(1), 65–78. **Impact factor of the Journal: 0.124.**
- 2021 – Ledger, M.L., **Micarelli, I.**, Ward, D., Prowse, T.L., Carrolle, M., Killgrove, K., Rice, C., Franconi, F., Tafuri, M.A., Manzi, G., Mitchell, P.D. Gastrointestinal infection in Italy during the Roman and Longobard periods: a palaeoparasitological analysis of sediment from skeletal remains and sewer drains, *International Journal of Paleopathology*. **Impact factor of the Journal: 1.614.**
- 2020 – Buzi, C., **Micarelli, I.**, Paine, R.R., Profico, A., Messineo, D., Tafuri, M.A., Manzi, G. - Digital imaging techniques applied to a rare case of *concha bullosa* from an Early Medieval funerary area in central Italy, *International Journal of Paleopathology*, pp. 71-78. **Impact factor of the Journal: 1.614.**
- 2020 – Francisci, G., **Micarelli, I.**, Iacumin, P., Castorina, F., Di Vincenzo, F., Di Matteo, M., Giostra, C., Manzi, G., Tafuri, M.A., Strontium and Oxygen Isotopes as indicators of Longobards mobility in Italy: an investigation at Povegliano Veronese, *Scientific Reports*, 10, 11678 (2020). **Impact factor of the Journal: 3.998.**
- 2019 – **Micarelli, I.**, Paine, R., Tafuri, M.A., Manzi, G. 2019. A possible case of mycosis in a post-classical burial from La Selvicciola (Italy), *International Journal of Paleopathology*, 24, pp. 25-33. **Impact factor of the Journal: 1.614.**
- 2018 – Buzi, C., **Micarelli, I.**, Profico, A., Conti, J., Grassetti, R., Cristiano, W., Di Vincenzo, F., Tafuri, M., Manzi, G. - Measuring the shape: performance evaluation of a photogrammetry improvement applied to the Neanderthal skull Saccopastore 1. *Acta IMEKO* 7(3), 79-85. **Citations: 4. Impact factor of the Journal: 0.82.**
- 2018 – Profico, A., Bellucci, L., Buzi, C., Di Vincenzo, F., **Micarelli, I.**, Strani, F., Tafuri, M. A., Manzi, G. - Virtual Anthropology and its application in cultural heritage studies. *Studies in Conservation* 64(6), 323-336. **Citations: 8. Impact factor of the Journal: 0.797.**
- 2018 – **Micarelli, I.**, Paine, R., Giostra, C., Tafuri M.A., Profico, A., Boggioni, M., Di Vincenzo, F., Massani, D., Papini, A., Manzi, G. 2018. Survival to amputation in pre-antibiotic era: a case study from a Longobard necropolis (6th-8th centuries AD), *JASs Journal of Anthropological Sciences*, 96, pp. 185-200. **Citations: 3. Impact factor of the Journal: 3.263.**

IN REVIEW JOURNAL PUBLICATIONS

-
- 2020 – Masi, A., Tafuri, M. A., Buzi, C., Di Vincenzo, F., Gaveriaux, F., **Micarelli, I.**, Moricca C., Vignola, C., Sadori, L., Manzi, G. "Humans and environments as Cultural Heritage. Bioarchaeological case studies from Latium", in Arcangioli, C. and M. S. Sarto (eds.), *Proceedings of the 1st Conference Rome 30 September 2019 Technological District of Cultural Heritage Lazio Centre of Excellence*, pp. 127-128.
-

- 03/2020 – **Micarelli, I.**, Paine, R. R., Tafuri, M. A., Manzi, G. Multiple traumas: health care among an Early Medieval community in Italy (Selvicciola, 4th-8th centuries AD), *American Journal of Physical Anthropology, Abstract Meeting AAPA 2020*, Vol. 171, pp. 186-187.
- 09/2019 – Francisci, G., **Micarelli, I.**, Castoria, F., Tafuri, M. A. “Mobility pattern from the necropolis of Povegliano Veronese: preliminary isotopic results”, *III Incontro per l’Archeologia barbarica, Migrazioni, Clan, Culture – Archeologia e scienza*, pp. 83-99.
- 05/2019 – **Micarelli, I.**, Paine, R., Tafuri, M.A., Manzi, G. From time to time: multiple healed trauma seen in an early medieval burial of a senile man from La Selvicciola (Italy), *Pathologica, Proceedings of the V National Meeting of the Italian Group of Paleopathology (GIPaleo)*, VOL 111, Issue 4, pp. 399-400.
- 05/2019 – Panella, S., **Micarelli, I.**, Paine, R.R., Tafuri, M. A. M., Manzi, G. Scurvy among 22 juvenile burials from an early Italian Medieval anthropological series that may have also been affected by tuberculosis, *Pathologica, Proceedings of the V National Meeting of the Italian Group of Paleopathology (GIPaleo)*, VOL 111, Issue 4, pp. 393-394.

BOOK CHAPTER

- In progress* – D’Anastasio, R., **Micarelli, I.**, “Capitolo 3.6 La Bioarcheologia: Paleopatologia”, in *Trattato di Antropologia*, DeAgostini, Milano.

SELECTED CONFERENCE COMMUNICATIONS

Chair in session

- 07/11/2019 – **Micarelli I.**, Tilley L., Tafuri M.A. #Session 268 – Disability and Care in Medieval Times: a bioarchaeological perspective into health-related practices. EAA2019 European Association for archaeologists Beyond Paradigms Berna (CH). 4-7 September 2019

Podium presentations

- 20/02/2020 – **Micarelli, I.**, Francisci, G., Trosini, M. S., Di Giannantonio, S., Di Matteo, M., Panella, S., Giostra, C., Castorina, F., Iacumin, P., Manzi, G., Tafuri M. A. In search of a complex past: Longobards in Italy: a population on the move in Late Antiquity. Science ABC, Sapienza, University of Rome (IT). 19-21 February 2020
- 29/01/2020 – **Micarelli, I.**, Francisci, G., Iacumin, P., Di Vincenzo, F., Castorina, F., Giostra, C., Manzi, G., Tafuri, M. A. Evidence of the Longobards mobility in Italy through strontium and oxygen isotope ratios at Povegliano Veronese (6th-8th century AD). SAP Société d'Anthropologie de Paris Aix en Provence (FR). 29-31 January 2020
- 07/11/2019 – **Micarelli I.**, Tilley L., Tafuri M.A. Introduction to the #Session 268 – Disability and Care in Medieval Times: a bioarchaeological perspective into health-related practices. EAA2019 European Association for archaeologists Beyond Paradigms Berna (CH). 4-7 September 2019
- 26/06/2019 – Panella, S., **Micarelli, I.**, Paine, R. R., Tafuri, M. A. La paleopatologia come strumento di indagine per la mortalità infantile: il caso studio della necropoli altomedievale della Selvicciola (VT). Workshop “Il corpo, il rito, la memoria: riflessioni sulla morte del bambino in Italia fra Tardo Antico e Basso Medioevo” Sapienza, University of Rome (IT). 26 June 2019
- 18/05/2019 – **Micarelli I.**, Paine, R. R., Tafuri, M.A., Manzi G. Di volta in volta: trauma multiplo nella sepoltura altomedievale di un uomo senile da Selvicciola (Italia). GIPaleo2019 Gruppo Italiano di Paleopatologia, Forlì (IT). 18 May 2019

- 06/11/2018 – **Micarelli, I.**, Francisci, G., Trosini, M. S., Di Giannantonio, S., Di Matteo, M., Giostra, C., Castorina, F., Iacumin, P., Manzi, G., Tafuri M. A. In search of a complex past – Longobards in Italy: a population on the move in late antiquity. EAA2018 European Association for archaeologists Reflecting Futures, Barcelona (SP) 5-8 September 2018
- 24/10/2017 – Francisci, G., **Micarelli, I.**, Giostra, C., Castorina, F., Manzi, G., Tafuri M. A. Strontium Isotopes as indicators of Longobards mobility: preliminary investigation at Povegliano Veronese. METROARCHEO, Castello Carlo V, Lecce (IT) 23-25 October 2017
- 01/11/2017 – **Micarelli, I.**, Francisci, G., Giostra, C., Castorina, F., Manzi, G., Tafuri M. A. Povegliano Veronese - a Postclassical necropolis from the Northern Italy (VI-VIII centuries AD). EAA2017 European Association for archaeologists, Building Bridges, Maastricht (NL) 30 August – 3 September 2017
- 20/12/2016 – **Micarelli, I.**, Profico, A., Di Vincenzo, F., Tafuri M.A., Giostra, C., Manzi, G. 3D imaging techniques Applied to paleopathology: a rare forearm amputation from an Early-Middle-Age case study – Talk. TAG2016 Theoretical Archaeology Group, University of Southampton (UK). 19-21 December 2016

Posters

- 20/02/2020 – Zeppilli, C., Buzi, C., **Micarelli, I.**, Paine, R.R., Tafuri M.A., Manzi G. – The application of new methods of 3d analysis in paleopathology: the unique case of *concha bullosa* among Longobards. SCIENCE ABC (Science Applications Becoming Culture), Rome, 19-21 February 2020
- 06/09/2019 – Trosini, M., Panella, S., Manzollino, R., Bernardini, S., Zeppilli, C., **Micarelli, I.**, Paine, R.R., Tafuri, M. A., Manzi, G. 4-7 September 2019. Possible cancer in Early medieval Italy: differential diagnosis in paleopathology to detect metastatic bone disease – Poster. AAI2019 Italian Association of Anthropology, Anthropology: what are the next questions? Padova (IT). 04-06 September 2019
- Panella, S., **Micarelli, I.**, Tafuri, M. A., Paine, R. R., Profico, A., Giostra, C., Manzi, G. 4-7 September 2019. Metabolic disorders and health status of two necropolises from Longobard Italy (VII-VIII centuries AD) – Poster. AAI2019 Italian Association of Anthropology, Anthropology: what are the next questions? Padova (IT). 04-06 September 2019
- 20/06/2019 – Francisci, G., **Micarelli, I.**, Castorina, F., Giostra, C., Manzi, G., Tafuri, M. A. Povegliano Veronese Strontium Isotopes as indicators of Lombards mobility: preliminary investigation at Povegliano Veronese (VR) – Poster. ArcheOrganics, 1st Italian Workshop on the Analysis of Archaeological Organic Remains, Sapienza, University of Rome (IT). 20 June 2019
- 29/08/2018 – **Micarelli, I.**, Paine, R., Giostra, C., Tafuri M.A., Profico, A., Boggioni, M., Di Vincenzo, F., Massani, D., Papini, A., Manzi, G. Survival of a one-arm warrior in pre-antibiotic era: a case study from an Italian Longobard necropolis (6th-8th centuries AD). PPA2018 Paleopathology Association, 22nd European Meeting, Zagreb (HR). 28 August – 1 September 2018
- 20/09/2018 – **Micarelli, I.**, Buzi, C., Profico, A., Di Vincenzo, F., Bellucci L., Strani, F., Tafuri M.A., Manzi, G. – Virtual anthropology in the study of human evolution and history. XV FISV Congress (*Federazione Italiana Scienze della Vita*), Rome, 18-21/09/2018
- 06/09/2017 – Buzi, C., **Micarelli, I.**, Profico, A., Conti, J., Grassetti, R., Cristiano, W., Di Vincenzo, F., Tafuri, M. A., Manzi, G. – New challenges for research and dissemination in virtual anthropology: applications to the case study of fossils and artifacts from Saccopastore (Rome, Italy). XXII AAI Conference (*Associazione Antropologica Italiana*), Monteporzio Catone (Rome), 06-08 September 2017
- Micarelli, I.**, Paine, R., Tafuri, M.A., Manzi, G. 6-7 September 2017. Systemic osteolytic lesions from the Necropolis of La Selvicciola the case study of an adult male – Poster. XXII Congresso AAI, Italian Association of Anthropology, Villa Mondragone, Monteporzio Catone (IT). 06-08 September 2017
- Micarelli, I.**, Rotunno, R., Mazzoni, L., Pantano, F., Tafuri, M. A., Giostra, C., Manzi, G. 6-7 September 2017. The post-cranial morphometry of the Lombard long-bones from Povegliano Veronese (Verona,

VI-VIII sec.C.) – Poster. XXII Congresso AAI, Italian Association of Anthropology, Villa Mondragone, Monteporzio Catone (IT). 06-08 September 2017

Francisci, G., **Micarelli, I.**, Giostra, C., Castorina, F., Manzi, G., Tafuri M. A. 6-7 September 2017. Strontium Isotopes as indicators of Lombards mobility: preliminary investigation in Povegliano Veronese – Poster. XXII Congresso AAI, Italian Association of Anthropology, Villa Mondragone, Monteporzio Catone (IT). 06-08 September 2017

INVITED TALKS/LECTURES

- 26/09/2020 – *Lucus Feroniae: i resti umani, storie di ossa, di denti e di varia umanità*. Antiquarium at Lucus Feroniae (IT).
- 14/02/2020 – *L'indagine osteobiografica attraverso la ricerca multidisciplinare: il caso studio della necropoli presso Selvicciola a Ischia di Castro (VT, fine IV – inizi VIII)*. Sapienza, University of Rome (IT)
- 13/12/2019 – *The Paleopathological approach to past communities the Disability and Care in Medieval Times: a bioarchaeological perspective on health-related practices*. University of Bergen (NO).
- 29/05/2019 – *Antropologia dei Longobardi in Italia: storie di vita. Sulle tracce dei Longobardi Longobardi in vetrina*, Workshop at MuCiv, Museo delle Civiltà of Rome (IT).
- 19/12/2018 – *Traumatologia bellica e sopravvivenza alle lesioni: alcuni casi studio*. Seminars on *Tusculum*, Morte e guerra: il contributo della archeobiologia. Sapienza, University of Rome (IT)
- 14/12/2018 – *Migrazioni non invasioni: i Longobardi in Italia*. Annual Meeting 2018. Migrazioni umane: dal passato remoto al presente prossimo Migrazioni nel tempo profondo, Istituto Italiano di Antropologia, Rome (IT).
- 30/04/2018 – *Lombards in Italy: the arrival of a migrant population at Povegliano Veronese and Selvicciola*. Medieval Archaeology, Group Seminar Series, Mc Donald Institute, University of Cambridge (UK).

ACADEMIC LECTURES/SEMINARS

- 13/02/2020 – *La Bioarcheologia applicata: due casi studio dal periodo post-classico*, lesson for the Specialisation programme in archaeological heritage, Department of Classics, Sapienza, University of Rome, prof. G. Manzi
- 15/01/2020 – *The food in the post-classical & Medieval times*, lesson for The Bioarchaeology of food, Course of Science and Technology of Conservation of Cultural Heritage LM-11, Department of Environmental Biology, Sapienza, University of Rome, prof. M. A. Tafuri
- 20/02/2019 – *2nd Level, Le ossa dei Neanderthal raccontano: patologie, traumi e assistenza al malato*, lesson for School of Paleoanthropology of Perugia, University of Perugia (IT)
- 03-06/2019 – *Laboratory of Bioarcheology, study of skeletal remains from the funerary context of the Longobard necropolis of Selvicciola*, Bachelor and Master's degree in Archaeology, Department of Classics, Sapienza, University of Rome (IT), prof. F. R. Stasolla
- 19/12/2018 – *Il cibo nel periodo post-classico & medievale*, lesson for History & Geography of human nutrition - Course of Science and Technology of Conservation of Cultural Heritage LM-70, Department of Environmental Biology, Sapienza, University of Rome, prof. M. A. Tafuri
- 18/12/2017 – *Il cibo nel periodo post-classico & medievale*, lesson for History & Geography of human nutrition - Course of Science and Technology of Conservation of Cultural Heritage LM-70, Department of Environmental Biology, Sapienza, University of Rome, prof. M. A. Tafuri
- 03-06/2017 – *Laboratory of Applied Anthropology to Archaeology*, Bachelor and Master's degree in Archaeology, Department of Classics, Sapienza, University of Rome (IT), prof. F. R. Stasolla
- 02-09/2017 – *Laboratory of Anthropology*, Specialisation programme in archaeological heritage, Department of Classics, Sapienza, University of Rome (IT), prof. G. Manzi

ACADEMIC SUPERVISION

Present: PhD: Carlotta Zeppilli. Geometric morphometry and functional biomechanics applied to the study of human skeletal remains from an archaeological context, Sapienza, University of Rome

2020 – ARCHMAT ERASMUS MUNDUS Master Programme in ARCHaeological MATerials science: Luka Drahotusky. The mobility of the group of Longobards burial from Selvicciola (VT – Italy). Sapienza, University of Rome

Seminew Asrat Mogesie. Stable carbon and nitrogen isotope evidence of Longobard diet: the case study of Castel Trosino, Italy. University of Rome

M.Sc.: Giulia Formichella. Bioarchaeology of the skeletal collection of Lucus Feroniae, Sapienza, University of Rome

2019 – ARCHMAT ERASMUS MUNDUS Master Programme in ARCHaeological MATerials science: Erwin Mansyur Ugu Saraka, 2019. Skeletal Biology of Human Populations Between Classical and Post-Classical Times in Italy: The Evidence of Dental Enamel Hypoplasia. Sapienza, University of Rome.

M.Sc.: Sofia Panella. Evidenze scheletriche di stress metabolico nelle popolazioni longobarde de La Selvicciola (Ischia di Castro, VT, VII sec. d.C.) e Povegliano Veronese (Ortaia, VR, VI-VIII sec. d.C.), Sapienza, University of Rome

B. Sc.: Martina Farese. Catalogazione museale di resti scheletrici umani antichi: il caso del campione di Lucus Feroniae (~II sec. d.C.) Sapienza, University of Rome

2017 – B. Sc.: Martina Trocchi. Morfologia scheletrica, ricerca antropologica e musealizzazione: la frazione subadulta dei campioni di epoca longobarda da Povegliano Veronese (VR) e Selvicciola (VT), Sapienza, University of Rome.

Mariasole Trosini. Morfometria e caratteri discreti del cranio: il campione di Povegliano Veronese, Sapienza, University of Rome.

Guendalina Francisci. Isotopi dello stronzio come indicatori di mobilità dei Longobardi. Il caso di Povegliano Veronese (VR, VI-VIII secolo d.C.), Sapienza, University of Rome

RESEARCH GRANTS AND AWARDS

Participation to funded research projects

2020-2021 – **Sapienza University of Rome, Department of Environmental Biology**

Project: Osteobiography of the servants in Roman times (€ 38000).

Role: member. Head of research: G. Manzi

2020-2021 – **Sapienza University of Rome, Department of Classics**

Project: The Archaeological Mission in the Sahara. Environment and societies in prehistoric Tunisia (€ 44000).

Role: member. Head of research: S. Di Lernia

2019-2020 – **Sapienza University of Rome, Department of Environmental Biology 1-year Post Doc.** (€ 19000)

Project: Population biology, diseases and mobility: Romans and Longobards in the post-classical era.

2019 – **Sapienza University of Rome, Research Projects – Large Archaeological Digs** (€ 68000)

Project: *Cencelle: archaeology for social and economic reconstruction of a medieval town.*

Role: member. Head of research: F. R. Stasolla

Ileana MICARELLI

2019 – Sapienza University of Rome, Research Projects – Starting Grants for Research (€ 1100)

Project: *I Longobardi nel periodo delle migrazioni. Misurazione del rapporto isotopico dello Stronzio come strumento integrativo di indagine delle dinamiche di mobilità nell'età post-classica: il caso studio da La Selvicciola (VT).*

Role: Principal Investigator

2018 – Sapienza University of Rome, Research Projects – Large Archaeological Digs (€ 46000)

Leopoli-Cencelle: war and peace in a medieval town. Role: member. Head of research: F. R. Stasolla.

2018 – Sapienza University of Rome, Research Projects – Big Projects (€ 23000)

Population biology, diseases and mobility: Romans and Longobards in the post-classical era.

Role: Principal Investigator, Head of research: G. Manzi

2017 – Sapienza University of Rome, Research Projects – Starting Grants for Research (€ 1100)

I Longobardi nel periodo delle migrazioni. Misurazione del rapporto isotopico dello Stronzio come strumento integrativo di indagine delle dinamiche di mobilità nell'età post-classica: il caso studio da Povegliano Veronese (VR). Role: Principal Investigator

2015 – Sapienza University of Rome, Winning M. Sc. Degree Scholarship (€ 1180)

The Longobards of Povegliano Veronese, Systematization and computerization of archaeological documentation aimed at preliminary bioarchaeological analysis

Awards

03/2019 – Mention of Merit for Scientific Research, Minerva Prize, Sapienza, University of Rome

RELEVANT FIELD EXPERIENCE

- 07/2015 **Porta Marina - Ostia Antica (RM) – University of Bologna, Italy**
Urban fieldwork, Head of project: prof. M. V. David
- 07/2012 **Church of San Pietro, Badia Pozzeveri (LU) – University of Pisa, Italy**
Funerary area fieldwork, Head of project: prof. G. Fornaciari
- 09/2011 **Tempio del Sol Indiges, Torvajonica (RM) – Sapienza University of Rome, Italy**
Rural fieldwork, Head of project: prof. A. Jaia
- 9-10/2010 **Leopoli-Cencelle (VT) – Sapienza University of Rome, Italy**
Funerary area fieldwork, Head of project: prof. F.R. Stasolla
- 06-2009 **Veio (Rome) – Sapienza University of Rome, Italy**
Rural fieldwork, Head of project: prof. G. Bartoloni
- 09-10/2009 **Palatino North-East slopes (Rome) – Sapienza University of Rome, Italy**
- 06-07/2008 Urban fieldwork, Head of project: prof. C. Panella

VISITING ABROAD

08/02-11/05/2018 – **Visiting Research** at McDonald Institute Department of Archaeology University of Cambridge, UK, Supervisor prof. J. Robb

MEMBERSHIPS

BABAO – British Association for Biological Anthropology and Osteoarchaeology

AAI – Associazione Antropologica Italiana (Italian Anthropological Association)

PROFESSIONAL SERVICE & OUTREACH (OFF-CAMPUS)

As manuscript reviewer

American Journal of Physical Anthropology, Journal of Human Evolution, Medicina nei secoli - International Journal of History of Medicine, International Journal of Student Research in Archaeology

As guide in museum

December 2020 – present: collaboration with ArcheoRoad Tour Operator, formative activities for children.

April – May 2019 – Museo delle Civiltà, MuCiv, Coop ADITUM Cultura, Roma (IT)

May 2017 – “Sabato al Museo” (Saturday at the Museum), PoloMuseale Sapienza, Department of Environmental Biology, Sapienza, University of Rome (IT)

As guide to enrol at the university

January 2020 – PCTO activities – Transversal Competence and Orientation Paths, Laboratory of Bioarcheology for the High School at the Department of Environmental Biology, Sapienza, University of Rome (IT)

January 2017 – PCTO activities – Transversal Competence and Orientation Paths, Laboratory of Bioarcheology for the High School at the Department of Classics, Sapienza, University of Rome (IT)

OTHER CERTIFICATES/ATTENDED COURSES

21-30/01/2019 – *Advanced course of Statistics on the use of software R*

Department of Environmental Biology, Sapienza University of Rome (IT)

07-08/2012 – *Intensive course in Funerary Archaeology and Anthropology based at École Française de Rome (IT)*, UMR 599 - Pacea, Laboratoire de Anthropologie, Université de Bordeaux 1 and Special Superintendence of Archaeological Heritage of Rome

LANGUAGES

Italian: fluent (mother tongue)

English: fluent

French: basic knowledge
