

WORK EXPERIENCE

14/06/2021 – 29/07/2021 Napoli, Italy

INTERSHIP INTERNATIONAL NAPOLI NETWORK SOC. COOP

Planning support for the start-up phase of a digital food delivery service. Market studies, demand analysis (data science and mining), support in operational planning and management of demand flows. The objective of the Internship was to acquire the quantitative knowledge of the digital food delivery market in the municipality of Naples, with the aim for the company to understand the relation between supply and demand through intermediation platforms.

PRO-BASKETBALL PLAYER EXPERIENCE:

After a 3-year long-experience as a player in the young national teams of the ViviBasket and Cuore Napoli Basket in Naples, I pursued my career as a semi-pro basketball player at the highest levels in A2 and B leagues (Cuore Napoli Basket, Giulianova and Sant'Antimo) during the years 2017-2020. After the Covid-19 pandemic crisis and having chosen to attend in person the Master University Program, I decided to downgrade my basketball competitive level moving to Rome and being recruited at first by the Team SMIT Roma Centro and after by Vigna Pia Basketball team in C Italian National Championship.

PERSONAL SKILLS/ OTHER SKILLS

PERSONAL SKILLS/ OTHER SKILLS

My principal qualities are reliability, scientific curiosity, and team-working ability. My long experience as a professional basketball player and competitor, has reinforced my tenacity and skills to manage time and commitments. I am a fast learner, rigorous and respectful of deadlines. Furthermore, I grew in a bi-national family (French and Italian) which allowed me to open my mind to intercultural context and international perspectives.
