

ANGELICA DE FABRIZIO

Work Experience

Visiting Research Fellow — *Aug 2025 – Sept 2025*

University of San Francisco

Data analysis and research activities.

Field Study Coordinator — *July 2025 – Aug 2025*

University of San Francisco

Coordinated field studies and supervised research activities.

Research Assistant — *April 2025*

LUISS Guido Carli

Research activity, data programming, and data collection.

Tutor of Political Economy — *2023–2025*

Sapienza University of Rome (Italy)

Provided tutoring and academic support in Political Economy courses; assisted students in understanding micro- and macroeconomic principles and guided them through applied exercises and research tasks.

Field Study Coordinator — *2024 – 2025*

University of Innsbruck

Coordinated field studies, supervised research activities, and managed operational processes.

Field Study Coordinator — *2023 – 2025*

Sapienza University of Rome (Italy)

Coordinated field studies, supervised research activities, and managed operational processes for Notte della Taranta.

Visiting Research Fellow — *May 2022 – July 2022*

CoCoLab (Complexity and Cognition Laboratory) & LEEN (Laboratory of Experimental Economics of Nice), Université Côte d'Azur

Data analysis and software management for economic experiments (zTree, oTree, ORSEE).

Internship in Pharmacology — *Oct 2020 – Mar 2021*

University of Helsinki, Faculty of Pharmacy

Investigated intracellular signaling pathways in human endothelial cells.

Internship in Molecular and Cellular Neuropharmacology — *Dec 2017 – Dec 2019*

Department of Drug Sciences, University of Pavia

Studied the effects of antibiotic treatments on the gut-brain axis in juvenile mice, focusing on BDNF and TrkB expression in the hippocampus and prefrontal cortex.

Internship in Molecular Genetics — *Sep 2015 – Dec 2016*

IGM-CNR, Pavia

RT-PCR analysis of the SRSF1 splicing profile in an in vitro EMT model.

Workshops & Summer Schools Co-Organized

Summer School & Workshop on Experimetrics & Behavioral Economics (3rd Edition)

— *July 19–24, 2025*

Sapienza University of Rome

Co-organizer. Managed logistics and coordination of academic sessions and research presentations.

WEF Field Workshop — *April 2025*

Kenya

Coordinated and co-organized field activities focused on experimental economics and behavioral data collection.

CESARE-CIMEO Workshop — *2023–2024*

Sapienza University of Rome

Co-organizer of interdisciplinary workshops on experimental and behavioral economics.

Summer School & Workshop on Experimetrics & Behavioral Economics (2nd Edition)

— *July 21–27, 2024*

Sapienza University of Rome

Co-organizer. Focused on integrating experimental and econometric tools to analyze economic behavior.

Summer School & Workshop on Experimetrics & Behavioral Economics (1st Edition)

— *July 17–23, 2023*

Sapienza University of Rome

Co-organizer. Managed logistics and coordination of academic sessions and research presentations.

Education & Academic Background

Ph.D. Student in Economics — *2022–Present*

Sapienza University of Rome (Italy)

Research field: Behavioral Economics and Experimental Economics.

Supervisors: Luca Panaccione and Giuseppe Attanasi.

Master's Degree in Molecular Biology and Genetics (English Course) — *2020*

Department of Biology and Biotechnology, University of Pavia (Italy)

Thesis: *Effect of antibiotic treatment on microbiota–gut–brain axis in juvenile mice: focus on BDNF and TrkB in the hippocampus and prefrontal cortex.*

Supervisor: Prof. A. Pascale.

Bachelor's Degree in Biological Sciences — 2017

Department of Biology and Biotechnology, University of Pavia (Italy)

Thesis: *RT-PCR analysis of SRSF1 splicing profile in an in vitro model of EMT.*

Supervisor: Prof. G. Biamonti.

Publications & Works in Progress

Publication

Attanasi, G., Peruzzi, V., Ciccarone, G., *De Fabrizio, A.*, & Llerena, P. (2025). *The economic impact of cultural tourism: Exploring tourist spending and motivation.* *Tourism Economics*, 0(0). <https://doi.org/10.1177/13548166251369077>
