VOLUNTEERING FARKHA FESTIVAL IN PALESTINE 2022 – FIGHTING AGAINST DISCRIMINATION AND FOR CLIMATE JUSTICE

- The Farkha Festival, which for many years has focused on the joint work in the ecological community garden project "Qamr Al-Balad", has set itself the goal of linking precisely these political struggles for justice in Palestine with other local and international struggles, and with issues of environmental and climate. This includes the promotion of sustainable ecological agriculture, the cultivation of native plants and the passing on of this knowledge to the next generation, as well as the political debate on women's rights, gender relations and decolonial struggles. The work involved activities to create the ecological community garden project "Qamr Al-Balad" and painting work on the two village schools, plus the cleaning, renovation and reconstruction of the old village center. There were also Political debates and activities with the children of the village.
