

**FORMATO
EUROPEO PER IL
CURRICULUM
VITAE**

PERSONAL INFORMATION

First name and surname

PUXEDDU MICHELA

OCCUPATIONAL FIELD

CURRENT WORK POSITION

Pharmaceutical Chemistry CHIM08

Postdoctoral Research Associate at Drug Chemistry and Technologies Department,
“Sapienza” University of Rome.

EDUCATION AND TRAINING

March 2024

Honorary fellow in medicinal chemistry at Sapienza University of Rome

March 2022

Sapienza University of Rome

Obtained PhD in medicinal chemistry (XXXIV cycle) cum laude

Thesis: New approaches to anticancer therapy through different targets.

November 2017

Sapienza University of Rome

Qualification to exercise the Pharmacist profession.

October 2017

Sapienza University of Rome

Master's Degree in Drug Chemistry and Technologies

Thesis: Microwave assisted synthesis of new 3-aroyl-1-heteroarylpyrroles.

**PROFESSIONAL AND
RESEARCH ACTIVITIES**

From March 2023 to June 2023

Visiting scientist at department of pharmacy and biochemistry, institute of pharmaceutical sciences, University of Tübingen, Germany

Drug Chemistry and Technologies Department, Sapienza University of Rome.

Attained a temporary position (category B – Type I) to carry out research activity for the SSD CHIM/08. The project title was “Targenting di beta-canenina e proteina di Dishevelled quale strategia sinergica nel tumore colorettale”

Academic year 2023-2024

Lecturer for the course of “Natural Compound Extraction Laboratory” at Sapienza University of Rome for Applied Pharmaceutical Sciences (SFA) bachelor's degree

Lecturer for the course of “Analysis of the active principles of medicinal products and aromatic plants” at Sapienza University of Rome for Applied Pharmaceutical Sciences (SFA) bachelor's degree

Academic year 2022-2023

Lecturer for the course of “Natural Compound Extraction Laboratory” at Sapienza University of Rome for Applied Pharmaceutical Sciences (SFA) bachelor's degree

From November 2018 to March 2022

Drug Chemistry and Technologies Department, Sapienza University of Rome.
PhD student, winner with scholarship.

From March 2016 to March 2017

Drug Chemistry and Technologies Department, Sapienza University of Rome.
Experimental thesis in pharmaceutical chemistry: design, synthesis and purification of compounds with antitumor activity.

MOTHER TONGUE	Italian
OTHER LANGUAGES	English Good Good Good

MAIN SCIENTIFIC INTERESTS AND SKILLS	Design, synthesis and development of heterocycles endowed with potential biological activity. Development of new indole and pyrrole derivatives with potent tubulin polymerization inhibiting activity as anticancer agents. Good knowledge about standard techniques of organic compound synthesis and their purification (eg, gravitational and flash column chromatography, thin layer chromatography, crystallization, distillation). Good experience in microwave-assisted organic synthesis. Experience in the acquisition and interpretation of NMR (^1H , ^{13}C) and IR. Good knowledge of software tools: Microsoft Office (Word, Excel, Power Point), ChemBioDraw. MestreNova
