● **COMPETENZE ORGANIZZATIVE**

Organisational skills

leadership, several times team leader.

good organizational skills during my experience as a manager of a cultural association, in which I found myself having to maintain relations with various institutions.

I have good experience in working with both short and long term projects.

● **COMPETENZE COMUNICATIVE E INTERPERSONALI.**

Communication and interpersonal skills

Good predisposition to interpersonal relationships acquired during work experience in different sectors, in which the relationship with the user/customer, as well as with colleagues and superiors, is fundamental.

Ability to work in a group matured in many situations in which it was essential to cooperate between different figures and with various time modes (shifts, weekends).
