

Rome 16.12.2017

Dear Prof. Federico Camia,

I would like to invite you to give a seminar at my Department on your results concerning random fractal curves in statistical mechanics. The seminar would be important for the development of the research project PRIN 2015 "Large Scale Random Structures" of which I am local coordinator.

According to our seminar schedule, the best day would be Monday 12 March 2018. We can pay you for giving the seminar 155.00 euros (tax included)

With best regards

Prof. Alessandra Faggionato
