---

Dear Professor Hanke,

On behalf of the organising committee, I am pleased to invite you to give a talk in our weekly online seminar "Seminario di Algebra e Geometria", at the Mathematics Department "Guido Castelnuovo", SAPIENZA Università di Roma. Our seminar lasts one hour and is held every Wednesday, from October to June, at 2:00 pm (but we might exceptionally modify the starting time, especially for speakers living in a time zone different from the Central European time). The online platform used is Google Meet, and the assigned URL is <http://meet.google.com/ijt-toji-skw>.

Our policy is to pay the speakers an appearance gross fee of EUR 155,00, which corresponds to about EUR 100,00 after tax. We would be pleased if you could accept this symbolic acknowledgement of your contribution to our seminar.

Please let us know at your earliest convenience whether you are in the position to accept our invitation, and - if so - which dates you would find convenient.

You shall find the list of available slots at the following URL <https://sites.google.com/mat.uniroma1.it/sag/home-page>

which will be constantly updated. Please keep in mind that it would be preferable for us to fill first the free slots chronologically availables.

In case you can accept our invitation, we inform you that, according to the Italian rules, we will have to publish on the Sapienza domain, section "Amministrazione trasparente", your honorarium and some information from your CV that are anyway already available on the web. We also inform you that, according to Italian legislative decree 196/2003-I-III, your collected data will be treated only for the purpose of the present procedure.

Looking forward to you answer, best regards,

--
