Dear Prof. Vogtmann,

I write to you on behalf of the organizing committee of the Algebra and Geometry seminar in Rome "La Sapienza".

We would like to invite you to give a talk in our seminar, which now takes place online. We understand that this cannot substitute a visit in person, but we are trying to keep our scientific program active despite the pandemic. Your research would certainly interest our colleagues here in Rome, for example your recent work on the Euler characteristic of $\text{Out}(F_n)$. For this reason we would be very grateful if you would accept.

The seminar takes place on Google Meet every Wednesday at 2 p.m. (Rome time). As a substitute for the reimbursement of the expenses of a visit in person, our Department pays around 150 euros (before tax) for the talk. We have available slots in June, on June 17 and June 24.

Thank you very much for your attention,

best wishes,
Guido Pezzini
